**DAMAGE \$600 WHEN
CAR, TRUCK COLLIDE**

Damage was estimated at \$600 when a 1956 Plymouth driven by Ken Hedley, 4494 Girouard Street, Montreal, was in collision with a 1961 Mercury pickup driven by Frederick Lamb of 16 Hooper St., Guelph.

The accident occurred late Saturday night, July 18th on No. 7 Highway at Lincoln Motors. However, neither driver was injured in the crash. Hedley was driving west and Lamb was eastbound at the time.

Cst. Harley Lowe who investigated placed the damage at \$200 to the Lamb vehicle and \$400 to the Hedley car.

UNION CHURCH GARDEN PARTY

The Terra Cotta Union Church has been holding its annual garden party for quite a number of years now and for the second time it was held on the farm of Herb Dolson this year.

Rev. G. L. Royal opened the evening by welcoming the people to the garden party, then handed the proceedings over to the M.C. Jack McLean, who proved to be not only a very capable master of ceremonies, but also very clever impersonator.

He introduced a dancing quartet of pretty young ladies, a magician from London, called The Great Mires, and our old friend Vince Mountford disguised as a "braw wee Scot."

The program committee comprising of Art McKane, Bob Leslie, Frank Dolson, Lloyd Crichton and their partners had worked hard to give the public a varied and entertaining evening, and the ladies of the church did an equally good job with the sale of refreshments at their booths. All in all, it proved to be a very good show.

Shakespearian Touch Silvercreek Car Fire

An unidentified Shakespearian actress played the damsel in distress Friday when the car she was driving from Toronto to a rehearsal at Stratford caught fire just outside the "Hamlet" of Silvercreek. The incident, however, proved to be "Much Ado About Nothing" since only the spark plug wires and battery cable were damaged.

The affair was almost a "Comedy of Errors" since the actress' husband called the wrong fire department. A nearby resident, Mrs. J. Carriere, however, corrected the mistake and summoned the local firemen but by the time they arrived the fire was out and it was "Love's Labour Lost."

Local Witnesses at Convention in Ottawa

"When God Speaks Peace to All Nations" was the subject which drew a record audience of 11,000 to the grandstand at Lansdowne Park, Ottawa, on Sunday when Percy Chapman addressed one of the largest religious conventions ever held in that city. The widely advertised public lecture of the Witnesses' Superintendent of Witnesses was the highlight of a 4-day convention beginning Thursday and ending Sunday. Members of the local congregation were there in force and have just returned home.

More than 350 congregations were represented from Ontario and Quebec.

"Lovers of peace, with justice and happiness long to hear a voice strong enough to command peace upon all nations," said Mr. Chapman. "Today is man's most critical hour. There is no voice on earth with power enough to command peace world-wide."

"When is it that God speaks peace to all nations?" asked Chapman at another point. Then he answered his own question by saying, "The fulfillment of Bible prophecy shows that time has already begun, but political governments of nations of the world do not hear God speak peace. They suffer continual disturbance, fear and perplexity—they refuse God's peace talk."

The speaker went on, referring to the world's present international armament program of missiles and atom bombs as evidence of earthly, animal, demonic wisdom. "The nations fail to realize that God has determined peace must come to this earth even if all those who would ruin the earth must be annihilated."

Mr. Chapman spoke of peaceable people already living on the earth who had no international jealousies and who refused to kill one another. These he stated were a people being called out of the present evil world to live through the final phase of earth's destruction to form the nucleus of a new world or paradise. In this new social order even the dead who are to hear Jehovah's call will be raised to life and will have peace forever more.

"Jehovah has spoken peace to the nations, and in 1914 appointed Jesus Christ to take his original position as earth's great Prince to enforce that peace. It is the duty of earthly children to listen to the great God and Father of mankind and to keep silence before him. Far from so doing the rulers of the world are noisy, belligerent and militant. They are disobedient children and Jehovah will quiet them in the battle of Armageddon now at hand."

Following the lecture a 32-page booklet containing the Bible talk was distributed free to those attending.

On Saturday afternoon a 320-page book containing the complete history of modern Jehovah's Witnesses was released.

Downpour Today Lessens Danger of Grass Fires

The minor drought being experienced in this part of the country resulted in a late season grass fire yesterday afternoon on the old McCullough farm at the corner of the 7th Line and No. 7 Highway now operated by W. F. Earl.

The firemen were called to the farm when a pile of brush, being burned by Mr. Earl ignited a field and raged out of control towards a tinder dry bush at the Pen-son's corners end of the farm. The brigade was on the scene in minutes and checked the blaze before any serious damage was done.

The grass fire broke out at about 2 p.m. yesterday and was described by fire chief Jack Harlow as "Unusually big for this time of year." A downpour at noon today considerably lessened the grass fire threat, but the department is still concerned about the extremely dry field crops which a single spark could turn into disaster for local farmers.

witnesses were baptized by water immersion at Britannia Bay. There were 89 men and 160 women.

TWO ARE BAPTIZED AT FIRST BAPTIST

Preaching the final sermon at First Baptist Church in a series on Baptist Beliefs, Rev. Lloyd Whan told how Jesus presented Himself to John the Baptist for baptism.

Jesus' purpose was different from that of others who were coming in that He was not a sinner, and others came to show their repentance. Jesus' life purpose was to live and die for sinners, and in "coming up out of the water", he foretold His resurrection from death to life.

Those who accept Jesus Christ as the Son of God are known as Christians, and in baptism declare their belief that He died for them. The ceremony is a symbol, and its very form is significant. As Jesus was buried in the tomb and then rose triumphantly to be seen again, so the Baptist is immersed and then rises once more from the water.

In following the command "Go ye therefore, and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Ghost", Baptists proclaim themselves emissaries of the Christian faith.

In the belief that baptism, being a symbol, and not an aid to baptism, and that every believer in Christ should be baptized, Rev. Whan concluded with the conviction that Baptists are "winning more to Christ each year."
