Angelus Peals Three Times a Day From St. Joseph's Tower

From time immemorial the ringing of bells has called Christians to prayer, not only to offer sacrifice to God, and worship Him by devotion and religious service in churches and great cathedrals but also in their homes or wherever they may be.

Three times daily from the tower of St. Joseph's Church, Acton, seven in the morning, 12 noon and six o'clock in the evening, the bell peals forth the signal of a living prayer which commemorates the Incarnation of the Son of God.

This prayer is popularly known as the "Angelus". The name is taken from the first words of the prayer "Angelus Domini untiavit Mariam" which means, "The Angel of the Lord declared unto Mary" and followed by more words of scripture, She conceived of the

Holy Ghost.

The second part of the prayer is the response that Mary made to the Angel's salutation, "Behold the land maid of the Lord, be it done unto me according to Thy word". The third part of the prayer is the confirmation of the Incarnation, "And the Word was made flesh and dwelt among us".

Each salutation and response is followed by the recitation of an "Ave Maria"—a Hail Mary—and the Oration or prayer, "Pray for us, O holy Mother of God, that we may be made worthy of the promises of Christ. Pour forth, we beseech thee O Lord, Thy grace into our hearts; that we, to whom the Incarnation of Christ Thy Son was made known by the message of an angel, may by His passion and cross, be brought to the glory of

His resurrection; through the same Christ our Lord. Amen.

Prayer Reminder
The whole prayer puts Catholics in mind of the coming of Christ into the world and the work of redemption accomplished by His life and passion on earth.

According to historians Pope Urban II in 1095 began the custom of ringing of a bell at sunset, in honor of the Incarnation for peace and the success of the Crusade.

Pope John XXII who occupied the Chair of St. Peter from 1316 to 1339, alarmed at the approach of the Musselmen, directed that a bell be rung and a Hail Mary recited at evening for the success of Christians and for unity, peace and prosperity among all Christian nations.

In 1475 the Angelus prayer was instituted as is now practiced, in honor of the Incarnation.

Famous Painting
A famous painting by J. F. Millet called "The Angelus" is well known. It shows a farmer and his wife out in the field pausing to pray with heads bowed. In the distance one sees the spire of a church. It is so true to life in every detail that one can almost hear the Angelus ringing. And that is exactly what the artist wanted.

This famous painting was sold in the latter part of the 19th century for over \$100,000.00.

Catholics are encouraged to recite this Angelus prayer early in the morning, at noon and around the time of the evening meal to remind them of all they owe to God's Son, made man for our salvation.

Electronically Controlled
Besides the ringing of the Angelus bell in St. Joseph's tower being electronically controlled, a mechanical device is so arranged that by pressing a small handle or lever in the vestry the tower bell may be rung to call the parishioners to church for Mass and Devotions; likewise a tolling device at the time of funerals, and the pressing of a button by the Mass server in the Sanctuary of the church rings the tower bell to indicate the most solemn part of the Mass is taking place, the Consecration.

This automatic electronic and mechanical system was installed by Valeriate Electronics Limited, Guelph, Ontario.

ENTHUSIASTS FORM SPORTS CAR ASSOC. IN GEORGETOWN

The fast-growing sports car population in town prompted a meeting of sport car drivers at the 7th Line-No. 7 Highway triangle near Silvercreek last Tuesday night where Eric Wilson, 28 Henry St. was elected president of a club for sport and light car drivers. Vice-president is Maurice Viant, 12 Queen St and the secretary is Terry Norton, 36 Market St.

The discussion of course was "sports cars" and after the members became acquainted and chose their executive, Mr. Viant's Mercedes Benz 190 SL and its power plant engine became the topic of interest for the group.

Also attending the inaugural get-together were Paul Barber, Phil Wade, George McClure, Bill MacCormack, Eric Wilson, John Glynn, Walt Wilson and Tom Reed.

Avro Wages Static, Tied To Contract

Wages at Avro will stay at the present level for the next two years. It was decided recently.

Officials of Avro Aircraft and Orenda engines came to an agreement with the International Association of Machinists that the present contract should be extended.

In making the agreement, Avro withdrew its request that employees take a wage cut to place the company in a more favourable position to compete for a Federal Government contract to build 214 Lockheed F-104C Starfighters.

Under terms of the new agreement the company will have the right to renegotiate the contract if Avro does not get the Lockheed contract.

The agreement was ratified by the 500 Orenda employees in a three to one vote, and the 1,000 Avro workers voted on the terms last week.

The only minor change provides for a one cent an hour cost-of-living allowance for each .6 point rise in the cost of living index, compared to the .7 point rise in the old contract.

Although the old contract does not expire until October, the new one was drawn up now so the company will be able to determine its wage costs before bidding for the Lockheed contract.

Canadaair and deHavilland are also competing for the contract, which the Government is expected to award Aug. 14.

Crop Improvement Group Holds Twilight Meeting

"Producing for Profit on Halton Farms", was the subject of a panel discussion at the Annual Twilight meeting sponsored by the Halton Soil and Crop Improvement Association. The meeting was held on Monday evening, July 27th, at the farm of Johnson Neelands, Hornby.

Panel members for the programme included Wm. Campbell, Soils Department, Ontario Agricultural College; Howard Henry, Field Crops Branch, Ontario Department of Agriculture; K. K. Bragg, of Cyanamid of Canada; and J. A. Francis, Agricultural Representative.

The panel centered around management and production problems in forage crops and grains. A tour of the Crop Improvement projects carried out on the Neelands farm opened the programme. In the row oat and barley test the group were able to observe various varieties of oats and barley being tested.

Another project included the use of seven inch rows and fourteen inch rows in seeding down forage crops. The use of 2.4 D.B. in weed control on seeded areas was also demonstrated.

K. K. Bragg outlined tests of Nitrogen on grass pastures and hay.

Brock Harris, president of the Halton Soil & Crop Improvement Association acted as general chairman.

The club, which was formed for the sole purpose of drivers and owners to gain the enjoyment and thrilling experience of driving a precision-built car, will meet regularly on Tuesdays at the triangle.

Thompson Plans Bid Enter Toronto Television

by Alan Dixon
in the Toronto Telegram

Canadian publisher Roy Thompson—now one of the U.K.'s Big Four of Fleet St.—returned to his native Toronto last night and talked of

HIS PLANS for bidding for an independent television station here.

HIS PLANS for expanding his Canadian newspaper chain further.

HIS PLANS for building his recently acquired mighty Kemsley newspaper chain into an even greater empire.

Fellow members of Fleet St.'s Big Four: Lord Beaverbrook, Lord Rothermere, Lord Camrose.

Mr. Thompson, who on Aug. 14 officially takes over the Kemsley chain acquired in a \$31,500,000 deal, perched on the side of a seat in Malton airport lounge and casually talked of spending further millions.

HOLIDAY, BUT
Homburg on the back of his head he said:

"I am primarily here on holiday—but while I am here I will investigate the independent television situation in Toronto.

"We are interested in making a bid, though we would probably go into it with someone else and not bid alone."

Mr. Thompson, whose independent television station in Edinburgh, Scotland, last year made a \$4,000,000 profit before taxes, added his past television experience could possibly benefit Toronto.

"Canadian television programming is based purely on that of the U.S. What I would like to see is our programming based on that of Britain also.

TOM HUNTER SCORES HIGH IN LIVESTOCK JUDGING

The setting for this year's Halton Livestock Judging Competition was the Ontario Agricultural College at Guelph.

The programme was held in cooperation with Peel and Wentworth counties. In addition to the regular judging programme, demonstrations by the Animal Husbandry department were presented in judging of Swine Carcasses and Beef Cattle.

The contestants judged a class each of Holsteins, Jerseys, Ayrshires, Shorthorns, Aberdeen Angus; Yorkshire gilts, Hampshire Sheep, and Swine Carcasses. The programme was under the general direction of Agricultural Representative J. A. Francis, and Assistant Agricultural Representative D. E. Jackson, assisted by members of the Halton 4-H Club Leaders' Council.

The Livestock Judging Competition is sponsored annually by the Halton Junior Farmers' Association.

The contestants scores resulted in the following placing:

JUNIORS—1st. Carolyn Gardhouse, 2nd. Barbara Pickard, 3rd. Janet Hayward, 4th. John Hepburn, 5th. Delmar Ford, 6th. Bob Merry, 7th. Bill Sinclair, 8th. Tie Norman Wells & Adrienne Nurse, 10th. Tie Jeffrey Agnew & Ed. Van Hoehelen, 12th. Marion Hunter, 13th. Doris Pickett, 14th. Tie Sandra Carney, Russel Pickard, & Linda Swackhamer.

INTERMEDIATES—1st. John Van Dijk, 2nd. Michael Jenkinson, 3rd. Sandy Hepburn, 4th. Ernest Alexander, 5th. Harold Patterson, 6th. Bruce Pewtress, 7th. Tom Hays, 8th. Bill Kerr, 9th. Lorna Woodley, 10th. Courtney Agnew, 11th. Mary Lou Taylor, 12th. Ronald McEachern, 13th. Allan Brownridge, 14th. Margaret Lawson, 15th. Raymond Roberts.

SENIORS—1st. Tom Hunter, 2nd. Don Taylor, 3rd. George Greenlees.

Trophies were awarded as follows:

The Duncan Campbell Trophy — High in Beef Cattle — Awarded to Tom Hunter.
The Baronston Trophy — High Score in Dairy Cattle — Awarded to John Van Dijk.
The Mason Knitting Co. Trophy — High Score in Sheep — Awarded to Carolyn Gardhouse.
