

## Russ Morrison, Sandra Tindale Are New Residents of Arthur

Sandra Tindale, daughter of Mr. and Mrs. E. Tindale, R R 3, Georgetown, became the bride of Russell C. Morrison, son of Mr. and Mrs. J. J. Morrison, R R 1, Arthur, in a double ring ceremony in Ashgrove United Church on Saturday, September 5th at 1 o'clock. Rev. John C. Hill officiated in the church decorated with gladioli.

The bride wore a ballerina length gown of corded white satin with nylon lace. Her fingertip veil fell from a jewelled tiara and she carried a white bible with pink carnations. Her attendant was

Trudy Gathof in a blue sheath gown with white accessories and she carried pink carnations.

Fred Bell, brother in law of the groom acted as groomsman. The wedding reception was held at the home of the bride's parents and her mother received for her in a green sheath with matching jacket. Her corsage was of yellow carnations. She was assisted by the groom's mother in a blue printed silk ensemble with a corsage of pink carnations.

For travelling on their honeymoon to Gananoque the bride wore a beige wool sheath with black accessories and a corsage of pink carnations. An honoured guest at the wedding was the bride's grandmother who is 82 years of age, Mrs. W. W. Dredge of R R 2, Rockwood.

Mr. and Mrs. Morrison will reside in Arthur. He is employed at Realty Bros., Ferris, and was formerly with Better Meats in town. Guests attended from Arthur, Attwood, Toronto, Guelph, Burlington, Milton, Rockwood, Streetsville, Whitby and Georgetown.

### FARM NEWS

## Bob Stark, Don Taylor Will Go to International

J. A. F.

Don Taylor, of Burlington, and Bob Stark of Milton were selected as the Halton Plowing Team for the International Plowing Match to be held at Dundas.

The selection was made at the Halton Junior Plowing Match held at the farm of Mac Alexander, Norval. The match is sponsored by the Halton Junior Farmer Association in cooperation with the Halton Plowmen's Association and the Ontario Dept. of Agriculture. Although the match is set up as a competition, it is designed as an instruction day for Halton's junior plowmen. Mr. Winfred Timbers, well known plowman from Souffville, spent considerable time in instruction as well as judging the lands.

In the class for those under 21, Don Taylor, Burlington, was first; Bob Stark, Milton, was second; Keith Leslie, Georgetown, third and John Wilson, Georgetown, was 4th. This was a close competition with only two points separating the 1st and 4th competitors.

The class for competitors sixteen years and under, had Kenneth Howden, Hornby, as the winner; Dwight May, Hornby, was second; and Bob Merry, Milton, 3rd. Sandy Hepburn, Milton, won the class for mounted plows; with John Hepburn, second.

This year's competitors in the Junior Plowing Match will visit the International Plowing Match, as guests of the Halton Plowmen's Association.

## HALTON COUNTY WEED CONTROL NEWS

by V. E. McArthur  
County Weed Inspector

### WEEDS ON PUBLIC PROPERTY

There are mainly three types of public property within the county, namely Right-of-Ways, Roads and Streets and Public Parks. I would not hazard a guess as to the acreage occupied but since we have several hundred miles of railroad and hydro lines, streets and roads with an average width of perhaps 60 to 100 feet and in addition numerous parks; it is reasonable to assume that several thousand acres of land are involved.

Roads and right-of-ways simply pass through the county at various angles and parklands are present in all municipalities but are becoming particularly numerous in the southern portion. To control the weeds in these places requires a constant effort by those responsible. Because of their natural location being always adjacent to either urban or rural privately-owned holdings they can be responsible for spreading noxi-

ous weeds when neglected. The general public just naturally expects such public areas to be looked after well and kept in a trim condition so far as weeds are concerned. I would like to say this is true in Halton, but unfortunately any such statement about public property in general would be far from the truth! Very few properties are completely weed free, however, a large percentage are maintained in a satisfactory condition. Those on which weeds are allowed to thrive, go to seed and spread all over the county are the serious offenders.

Under the Weed Control Act the owners or occupants are responsible. In the case of right-of-ways passing through Halton, ownership lies with the Ontario Hydro (their high tension lines) and the C.P.R. and C.N.R. com-

panies. Last season we negotiated with the Hydro company and are receiving their co-operation in weed control in Halton. This year we are working with the railway companies, this is proving to be a more difficult task as more contacts are necessary. There is room for much improvement on our railroad right-of-ways. However, I do feel the companies are trying to co-operate and while perfection may not be reached at once, improvement will be gradual but sure.

Roads and streets of course are maintained by the municipalities. The elected representatives of the various councils are really the ones in charge of roadsides, etc. and the appearance of public property within a municipality is largely dependent on their management. For instance the workers in the

road departments of any municipality must be supplied with the necessary time and proper tools if weeds are to be controlled satisfactorily on streets and roadsides.

Public parks within the county are something of which we can be proud. Many new areas have been set aside for recreational purposes and will be further developed over the years. Weed control involves power mowing and hand cutting in parkland and I feel sure our parks boards will find an ever increasing place in their program for chemical control measures.

Weed control methods on properties such as those mentioned differ from those on agricultural lands in that cultivation is not usually practical. Cutting and chemical spraying are the chief

## Young People's Society Formed at St. Andrews

The new St. Andrew's Church is taking another step forward with the organizing of a Young People's Society.

The first meeting will be held on the fourth of October in the church hall at Mountainview and St. Clair in the Delrex subdivision at eight o'clock. It is the desire of the Young People to have everyone interested at this meeting when the executive will be chosen.

means. Wherever practical spraying can be very effective if the proper material is applied at the right time. Efficient weed spraying on railways, hydro properties, roadsides and public parks is the most economical and effective way to control noxious weeds.

# CO-OP FALL SALE

SEPTEMBER 24 - 25 - 26

### Viscount Automatic Washers

Beauty, economy and satisfactory performance are yours in these specially priced clothes washers. Just look at these advanced features:

- Turbo-tilt filter
- Water level selection
- New plastic latex coated clothes guard
- Smooth, quiet, efficient spin cycle
- Convenient flush-to-wall mounting
- 3 year guaranteed transmission
- 9-10 lb. capacity solid porcelain wash tub

Imperial (A98) Sale, each ..... 337.00  
Custom (A9E) Sale, each ..... 276.00  
Deluxe (A9F) Sale, each ..... 249.00  
Budget Plan Terms Available if Desired.

### Now is the time to Buy! Viscount Clothes Dryers

Why harness yourself to the little ways of Mother Nature. Rain, snow or shine, dry your clothes fresh, fluffy and wrinkle-free with a sale-priced Viscount Dryer.

- Rotating solid drum handles 18-20 lbs. wet load
- Time proven, efficient vacuum drying systems
- Thermostatically controlled heating system
- Newly developed jumbo nylon lint container
- Convenient flush-to-wall mounting

Imperial (E98) Sale, each ..... 223.00  
Custom (E9E) Sale, each ..... 199.95  
Deluxe (E9F) Sale, each ..... 169.00  
Budget Plan Terms Available if Desired.

### Top Quality — Low Priced Viscount Chest-Type Freezers

It's like having a store in your own home, a supermarket at your fingertips. You'll enjoy greater convenience, more mealtime variety and increased savings. And if you buy now you will be taking advantage of the low Co-op Sale Price. Come in and see the superior construction and the many modern features.

Custom "21" (H219A) Sale, each ..... 319.00  
(21 cubic ft. 728 lbs. capacity)
