**Must A Parsonage

All but one of these ads appeared in a newspaper.

Plumber \$120.00 (expert small repairs)
Novelty salesman 100.00
Junior clerks \$60 - 85.00
Janitor, apart. bldg. 75.00
Minister 70.00 (7 years of college)

The last ad is of course the one you'd never see, but that is what many ministers are being paid—Some of course get the princely sum of \$85 to \$100 per week — a week which consists of being on the go about 60 to 70 hours — and on call 24 hours a day for all sorts and conditions of problems, speeches, etc., etc. If we expect the best from our ministers, let us give them the best. They heeded the call of God to serve through the Church. Let us not limit their means by which they can serve.

THE FOUR-WAY TEST

1. Is it the Truth?
2. Is it Fair to all concerned?
3. Will it build Goodwill and Better Friendship?
4. Will it be Beneficial to all concerned?

The Four-Way Test of the things we think, say or do, can be applied profitably in relations with others in home, community, business, national and international life, particularly to proposed plans, policies, statements and advertising in business and the professions; to proposed legislation in government; to relations between teachers and students in the schools.
