### Organize Senior YPU At St. John's United

The recently organized Senior Young People's Union of St. John's United Church met last week for an enjoyable time, with Ron Sproule and Ken Schenk in charge of the program. The group is designed for men and women 18 years and over.

Following games, Ron Sproule led in thoughtful consideration of the Christian and his responsibility to certain social problems, this being part of the Christian citizenship program of the group. Ken Schenk led the devotional, and a games period and lunch followed.

The next meeting, two weeks from Monday will be a games night in charge of Misses Hilda Boyce and Barbara Padfield.

### Ashgrove Tamworths Winners at Royal

An Ashgrove exhibitor, J. Brownridge and Son, was a big winner in the Tamworth pig class at the Royal Winter Fair this year.

The Brownridge entry of 7 pigs collected ten prizes including Senior and Grand Champion Boar. Mr. Brownridge received a silver tray for exhibiting the best Tamworth in the show which was one of the largest on record with 140 entries.

### Anderson, Brown to High School Board

Four men were named Esqueping council appointments to the three new high school boards to be set up in January, Monday night.

On the Action board M. M. Coles, 1959 board chairman, will represent the township. Reford Gardhouse will act on the council's behalf in the Milton school board; while Clarence Anderson and George Brown will take seats on the Georgetown board.

**SINGLE SHOT  
BAGS TWO DEER**

An Owen Sound hunter bagged two deer with one shot in the Bruce peninsula.
George Ricketts, of Claybank Hunt Club fired as he saw a deer pass an opening in the forest. When he went to get his kill he found a second animal lying dead six feet away.
The bullet had passed through the middle of the first deer and caught the second in the neck.

## Engine in the rear? Why, of course!

American and European automobile manufacturers have now adopted the sound principle of the rear-mounted engine. Something once considered unorthodox is now recognized as plain engineering common sense.

You see, Volkswagen's rear engine gives direct drive to the wheels, saving weight and power. It is the most efficient and economical design. And the rear engine gives your rear wheels better traction. In mud, sand, ice, snow, where other cars skid, you go.

What is more, the Volkswagen engine is air-cooled, a decided advantage when you think about it. No water to boil over in summer, or to freeze in winter. No anti-freeze needed. No radiator problems.

The engine is ingeniously cast of aluminum and magnesium alloys and is very light and powerful; undoubtedly the toughest 198 lbs. going.

It is beautifully machined for minimum friction; you will probably never need oil between changes. And so efficient that top and cruising speeds are the same. Your Volkswagen will run at 70 m.p.h. all day without strain. You get an honest 39 miles to the gallon (regular gas—regular driving).
