Ern Hyde

The Citizens of Georgetown:

First, my warmest thanks to my sponsors who considered me as their representative on Council for 1960. After much consideration, I feel that it would NOT be fair to you, who had placed so much trust in my ability to serve you, if. DUE TO HEALTH REASONS. I could not fulfil my

obligation to you As a taxpayer and one enjoying the priceless heritage of FREE SPEECH, I felt compelled to raise my voice in protest against the reckless spending which resulted in excessive taxes

Not being alone in this protest, I feel that it will result in a more stable Government in the future. I have never at any time had any Political ambitions, only a deep conviction that I must use the ability that is mine for the GOOD not only for myself, but for ALL OF US.
