WARM NEWS

**Reid, Harrop Appointed
County Holstein Directors**

By J. A. P.

H. Craig Reid, and Edwin Harrop were appointed Holstein directors at the Halton county meeting of the Central Ontario Cattle Breeders' Association, held at Milton, on March 7th. Chairman Edwin Harrop reported that 9070 cattle in Halton County were bred artificially through the unit. He outlined the growth of the unit, and the increasing types of service provided by the Association. Problems in Herd Improvement was the subject of the pa-

successful bake sale at Smith's Store on Saturday afternoon. The sum of \$20.00 was realized and the members of the group would like to thank all the ladies who donated baking and also a special "thank you" to Mr. and Mrs. Smith who again gave their facilities and space in their store to hold this annual event.

On Wednesday evening of last week, the members of the W.A. entertained their husbands and families at a pot luck dinner. Following the bounteous meal, Mrs. Black showed pictures that she had taken of the group on special occasions and also pictures borrowed from a friend of trips through Western Canada and United States and of Eastern Canada and Florida. A short business meeting was conducted by the president, Mrs. T. Given. Congratulations were extended to Mr. and Mrs. Larkman at the dinner, on the occasion of their 54th wedding anniversary. The ladies answered the roll call by showing their wedding picture and the gentlemen told of something they admired about the girls of today.

LEGION NOTES

By Leo Clark

We are happy to see the \$0-50 draw is going ahead great guns. We noticed Fred Maveel was a large winner recently. If someone would be good enough to give us the winners each week, we'd be happy to publish them.

We understand that the lady on the ill fated sleigh riding party of a year ago, had a party on the anniversary to celebrate the occasion. What do you suppose they were celebrating, the actual fact that they didn't kill anyone, or the fact that they did run over Merle?

The Imperials are having a party soon, and it is expected that it will be a bigger and better one than the last, which by all accounts was tops. We believe it's being held tomorrow night.

Interesting to run into an old friend and old time member of the Branch, Bill Nowell, last Sunday. Bill, who was active here for many years as head of Harley-Kays, and also in the local Chamber of Commerce, or its predecessor, the businessmen's association, and was active in the Lions Club, now lives near Tillsonburg, where he is engaged in the Christmas Tree business on a large scale. Bill was amazed at the change in the town and sends his regards to all those he knew.

The next regular meeting is next Thursday night, March 24 in the Legion Hall — try and be on hand to give your officers a helping hand. They do their very best for the branch, and deserve your attendance at meetings.

The dates for the Dominion convention are May 20 to June 3rd. The place, Windsor. We should imagine it will be QUITE an affair. In fact we understand that reservations are already being made at the Elmwood.

Bingo man Alex Taylor tells us that there's \$100 on the line at bingo every Saturday night. No wonder he's getting such wonderful crowds.

Compensation Report Reflects Increasing Industrial Tempo

The annual report of the Workers' Compensation Board was tabled this week in the Ontario legislature by the Hon. Mackinnon Phillips, Provincial Secretary, and again reflected the increasing industrial tempo in the province. As a result of the general business expansion within the province, 272,460 incidents were reported to the Board as work injuries during 1959, an increase of more than 10,000.

More than 2,600 new employees reported to the Board last year for a record high total of 92,297. Assessable payroll reported by these employers amounted to \$4,758,037,000. Financial benefits awarded to injured workmen last year amounted to \$52,756,648.83. In 1958 total benefits were \$48,877,133.34. During its 45 years of service \$635,175,718.70 has been awarded as benefits. Administration costs were again reduced from 83c of each dollar of assessment in 1958 to 77c for 1959.

As a result of increasing medical skills and excellent cooperation of the treatment professions, labour and industry, the ratio of permanent disability cases to all compensation cases is continuing at a very low level. Therapeutic work carried on

He said that No. 7 Highway between Brampton and Guelph was the third most travelled piece of highway in Ontario and that Ottawa had figures obtained from mechanical counters to support this claim.
