**LEGION NOTES**

**Les Clark**  
The next regular monthly meeting of the Branch is to be held Thursday, April 28th, in the Legion Hall. Why not surprise everybody by attending? Heavens knows it's a tough enough job even trying to satisfy a proportion of the members without having members staying away in droves. Nothing is more heart-breaking to the head of a group than to conscientiously try to do a good job, and have the members so apathetic that they don't even show up once a month. We personally believe a great deal could be gained by the reinstatement of a lousy draw, which did bring the members out in droves, and regardless of what anyone said was one of the most forward steps the Branch had taken in a long time. Secondly, if we started sending out monthly notices again it would help and certainly for the small amount of money involved, the branch can afford it. Amazing how people will try to save on a small service like this, which at least makes members feel they're being "as well as giving them the branch news monthly. We would suppose that we are one of the very few groups anywhere who does not send a monthly bulletin.

The Hospital Fund is growing by leaps and bounds and we should judge that it will continue.

Alex Taylor reports great success these days with his bingo and tells us he's having a good crowd every night. And we can understand that with \$100 prize up for grabs every night.

Our initiation team are being by way of developing into celebrities. They are again going to Burlington to put on an initiation for over one hundred new members and are going to put on that particular initiation in May, we believe.

They are also going to Oakville the end of April to initiate a group of new members. They have their drill down pat, and deserve a lot of credit.

A good many ex RCAF personnel around the branch would be sorry to see an outstanding airman in the WWI and a fairly high ranking officer in World War II, passed on last week. A number of local men served under him in England in the last war, and very few have we ever heard who didn't like him. We refer of course, to H. Burden, of Toronto, who became an ace in the "1418 war with 21 German aircraft to his credit. He was a brother in law of famed "Billy" Bishop, and father in law.

**Holy Cross Endorses School Salary Schedule**

The salary schedule of the Ontario English Catholic Teachers' Association has been endorsed by Holy Cross Separate School Board. This action will benefit most of the present staff. "It should also affect the type of teachers applying," said chairman Tony O'Byrne, and as a result, the influence will be felt by our children.

This is the first year for interviewing prospective teachers and most of the members of the school board are visiting the Teacher's College from Hamilton to Toronto, this week. "In the case of hiring teachers with previous experience," explained the chairman, "the Dept. recommends obtaining their qualifications through Mr. O'Byrne. The Inspector of Separate Schools."

It plans to go through as hoped Holy Cross school will have a larger playground. "With some filling and grading we can fix the pits creek bed, and have a perfect playground," was the grounds committee chairman, Hammond's opinion.

**HOW'S YOUR I.Q.?**

**TODAY'S INSURANCE PROBLEMS ANSWERED**

Question: What can the claimant under a property policy (fire, auto collision or auto theft) do if he is not satisfied with the amount of the settlement offered by the adjuster? Must he bring suit or hire a lawyer?

Answer: The standard policy has provision whereby in event of disagreement as to amount of loss, it is settled by appraisal. The insured and the company each name an appraiser, the two appraisers name an umpire, and the decision of any two will constitute a finding award.
