Raiders, Napanee Again Contest Ontario Title

Raiders One Game Up With Monday Win

The Georgetown Raiders Napanee Comets OHA Intermediate 'A' final should provide the most scintillating hockey of the 1959-60 campaign. And for good reason, other than the fact that these are the two best intermediate 'A' hockey clubs in the province.

DAVE VOYLE

The incentive? More than the Ontario title. It's revenge!

Ever since the Pete Bracklin incident two years ago that cost the Raiders a two goal lead in the final game and the title, local pucksters have anticipated the rematch.

BLAKE INGLIS

Now it's back: the Raiders are not giving past their opposition any more — they are looking them square in the eye.

The Comets are a power-packed club loaded with veterans that know their way around any rink in Ontario with the lights off. The Raiders have been gaining momentum since the middle of the regular schedule and are at their peak.

Each team usually costs them a hat full of rubber, nothing is certain. Except maybe that the size of the crowds would give a sardine claustrophobia.

Napanee fans came away from Monday night's opener muttering something about the beef game they'd absorbed in years.

Georgetown won that encounter 6-2. They played the second game here last night, too late for press deadline.

The first goal of the series and the game came at 4:21 of the first period Monday when Dave Voyle deflected a shot by Blake Inglis into an open corner from the edge of the goal crease. Doug Richardson

monished a group of youths in front of the church for their disrespectful conduct. They feel they may have information that would assist them in their investigation.

Series Of Break-Ins Plague Local Homes
Police have issued a warrant for the arrest of a local man in connection with a break and entry some time late Saturday night or early Sunday morning at the home of Mrs. W. G. Edwards, 35 Edith St.

Police Chief Roy Haley said the break-in may tie in with three similar jobs perpetrated at other local homes the night before.

The residences of Oliver Hunter, 17 Valleyview; Jack Malcolm, 22 Maple Ave. W.; and William Bassett, 21 Edith St. were all entered and ransacked but nothing was taken.

The home of Les Henderson, 17 Hewson Cres., was entered via a window Monday night but police believe this one was the work of children.

In each of the other cases entry was gained by kicking in the door. The only missing items were taken from Mrs. Edward's home and were recovered a short time later. Police believe who ever entered the houses was looking strictly for cash.

All residents were out at the time of the break-ins.

Throw Adding Machine In \$35 Store Hold-Up
Two men, their faces hidden in white gauze, robbed Van Hoorn's general store at Silverbrook, at 125 Monday night. Hearing the store door open, Mrs. Van Hoorn, who was in the kitchen, entered to wait on a customer, to be confronted by the intruder, hand in pocket as if he had a gun, who warned her not to make any noise or she'd get hurt. His companion was meanwhile heading behind the counter.

Mr. Van Hoorn entered from the kitchen just then and one of the men picked up an adding machine, luckily missing him in the throw.

They rifled the till of bills, but spilled coins on the floor in their rush to get away. The Van Hoorns said they did not see where the pair disappeared after the robbery, but they did not hear a car and suspect they might have been on foot.

The robbery occurred about 9:45 p.m. and when a car was stolen from its parking place beside Provincial Paper in town later that night, there was conjecture that the two incidents might be linked.

WHAY COUNCIL DID Favour Night Parking Except Winter Months

Objeeting to action of the police department in enforcing a section of the traffic by-law which prohibits night parking on streets for more than three hours between midnight and 7:00 a.m., council on Monday ordered the police committee to review the by-law. It is probable that the disputed clause will be amended. Mayor Hyde, who said he had had many complaints since an advertisement appeared in the Herald drawing attention to the restriction, claimed it was never council's intention to restrict street parking other than in the winter. When the by-law had been redrafted last year, the clause restricting overnight parking from Dec. 1st to March 15th had been changed, he said, and had not been moved when the by-law received its readings in council.

Only purpose for restricting night parking is for snow removal, the mayor said. Deputy Reeve Gray said he had also been called by several other people who had been fined for parking longer than three hours. It is a hard-ship some times when people have late visitors or overnight guests. Cr. Kelly said when people have land in process of development there is no drive way in which to park. Cr. Cass said he favors retaining the restriction which would not impose, but would not impose a change which a council majority seemed to favour.

At Cr. Gunn's suggestion, the winter parking period may be extended beyond March 31st to the new by-law which the police committee will consider. Reeves Sargent also opposed the "no left wheel to curb" clause which he said is sensible in busy areas but is unnecessary in residential zones. "On my street there is no curb so people can't break the law by parking that way," contributed Cr. Kelly.

The mayor said he is sympathetic to this problem, but that the Highway Traffic Act precludes such parking and even if council did not include it in the by-law, it would still be a legal offence.

FIREMEN CALLED TO GRASS FIRE IN GLEN
The assistance of Georgetown firemen was needed at the Glen Tuesday afternoon when wind-whipped flames from burning rubbish into dry grass in a neighbouring field.

Mrs. John Schreiber was burning the rubbish in her yard when the flames spread out of control. There was no damage. The alarm was turned in at about 3:30 p.m.

Finlay Team is Best Of Bowling Golfers

The team that finished the regular season at the bottom of the Golf Ladies Bowling League walked off with the title on Monday night. Mrs. Stan Finlay's team, cellular dwellers for most of the regular schedule, rocketed to the front of the playoff standings when they got underway five weeks ago and since that time have managed to keep daylight between themselves and their closest challenger. The difference that earned them the title Monday was 274 pins.

Mrs. Finlay's team finished with a pin total of 12,024. Mrs. Ken Nash's team was second with 11,750. Eleanor Spitzer's third with 11,400, edging Mrs. Darlington's team for that spot by just 8 pins. The Darlington team finished the regular schedule as league leaders.

Mrs. Ross Duncan rolled the top single of the playoffs, a 280. Mrs. Jack Gunning had 263 and Mrs. Stu Young a 257. The best triples of the five weeks' set were carried by Mrs. Young, 679. Eleanor Spitzer, 614, and Mrs. Cyril Brand, 602.

Assault Night Watchman In Meadowglen Break-In

A trio of would-be burglars wearing crude masks fashioned from towels made an unsuccessful attempt on the Meadowglen Mushroom Plant early last Thursday morning after a vicious assault on the night watchman.

According to police: John Cornish, age 71 of Glen Williams, his face bleeding from wounds inflicted when one of the men pushed him to the ground, made his way to the neighbouring South and Stone plant after the culprits fled and there related his ordeal to the police.

Gott to Semi-Final Pee-wees Ousted
The 1960 edition of the Georgetown Pee-wees advanced as far as the semi-finals before facing elimination Tuesday night at the Young Canada Week Hockey Tournament at Goderich.

Georgetown were on the trail until they met up with Walkerton Tuesday and were bounced from further competition 4 to 1. Georgetown's only goal was scored by Stan Kynnersley.

In their first test Monday morning they walloped Listowel 11 to 1 and Monday night outlasted a tough St. Mary's team 3 to 1.

Ronnie Lane scored 4 goals in leading his team's 11-1 conquest of Listowel and then scored the winning tally in the St. Mary's tie. Dave Sheppard scored both the other Georgetown goals.

In the 11-1 rout of Listowel Stan Kynnersley scored 2 goals and Simon Leavellyan scored twice. That line accounted for 11 of the total 15 goals scored by the locals in their three games. Dave Sheppard got three and Billy Dwyer one.

Walkerton had previously claimed two victories in the B series, trouncing Delhi 8-1 and crushing Strathroy 11-0.

Coach Red Axwell said all the local boys played all star calibre hockey and Walkerton had to be at their best to preserve the win.

Novices In Running In Brampton Tourney
Georgetown's Novice hockeyists boasted an undefeated record after three days of the largest Novice hockey tournament in Brampton this week.

Gave \$71,000 Services, Cash Delrex Fights Ratio Payment
Claiming that the town has received \$32,000 in services not contained in a 1954 agreement with Delrex Developments, plus a \$39,000 cash payment in 1955 in excess of the actual tax levy on Delrex property, a Toronto law firm representing the developer says that until some basis of settlement is reached, his client cannot be expected to pay two accounts it has received.

In dispute is \$26,857, representing industrial taxes which would have been paid on the eastern part of Delrex released for house building two years ago, when the agreement was amended to allow the firm to go ahead on this project. The firm also owes a \$23,000 unpaid tax bill.

A letter read at Monday's council meeting from Allen Hunter, Campbell & Beagan referred to a list of works projects installed by Delrex Developments which were not the company's responsibility. Items included \$3004 for watermains on Guilph St.; \$5765, watermains on Mountainview Rd.; \$3080, Guilph St. sewers; \$5724, force main to the pump station, and \$13,829 expended on the pump station.

Explaining that the letter came in answer to one sent to the firm requesting payment, Mayor Hyde said the work referred to had never been ordered by the town. As for the \$39,000, it supposedly was a gift that year to keep the tax rate level, he said.

"Unofficially, I fear that Delrex says they are no longer responsible for roads in Delrex East," he continued. "I believe we must take some definite steps tonight."

He explained that, if council were agreeable, he had arranged that Mr. Campbell and general manager Harold Bairrow should come down for a discussion, and this found favour with council.

"In order to have a straightforward discussion, I would like to adjourn into committee 'of the whole' the mayor said, and this too was okayed by the council.

Spectators and press reporters were then asked to leave the council chamber and a conference took place between the Delrex representatives and council for an hour.

Reconvening the meeting at 10:30 p.m., council did not discuss the disputed payments other than to state that no decision would be taken for a week on the town's payment request.

Definite action did come, however, on roads, with a solicitor's letter ordered sent to Delrex Developments that the town is proceeding with grading in East Delrex but is assuming no responsibility for these roads, and that if the company gives no satisfaction next week, the town will go ahead with gravelling on the same basis.

Prior to this an opinion on the roads will be sought from the Dept. of Highways which must okay the roads before they can be assumed by the town.

The Toronto firm of Willis and Dinning was engaged to write the letter.

John Cornish

He told the police that he was walking through a doorway in a small lock shed adjoining the plant boiler room when he was grabbed by one of the men and then thrown heavily to the ground. While the other two men searched the buildings, the man holding him under surveillance rubbed his face into the enders, he said. Mr. Cornish's face and hands were covered with bruises and abrasions. Mr. Cornish saw only his captor, but police assume the other two also concealed their faces with the home-made masks. The elderly watchman was held on the ground for almost an hour. A V-8 motor and a large car were all that was apparently taken. The plant is owned by R. H. Jones, W. J. Anderson, and G. A. Fawcett. Georgetown police are continuing their investigation.

Social and Personal

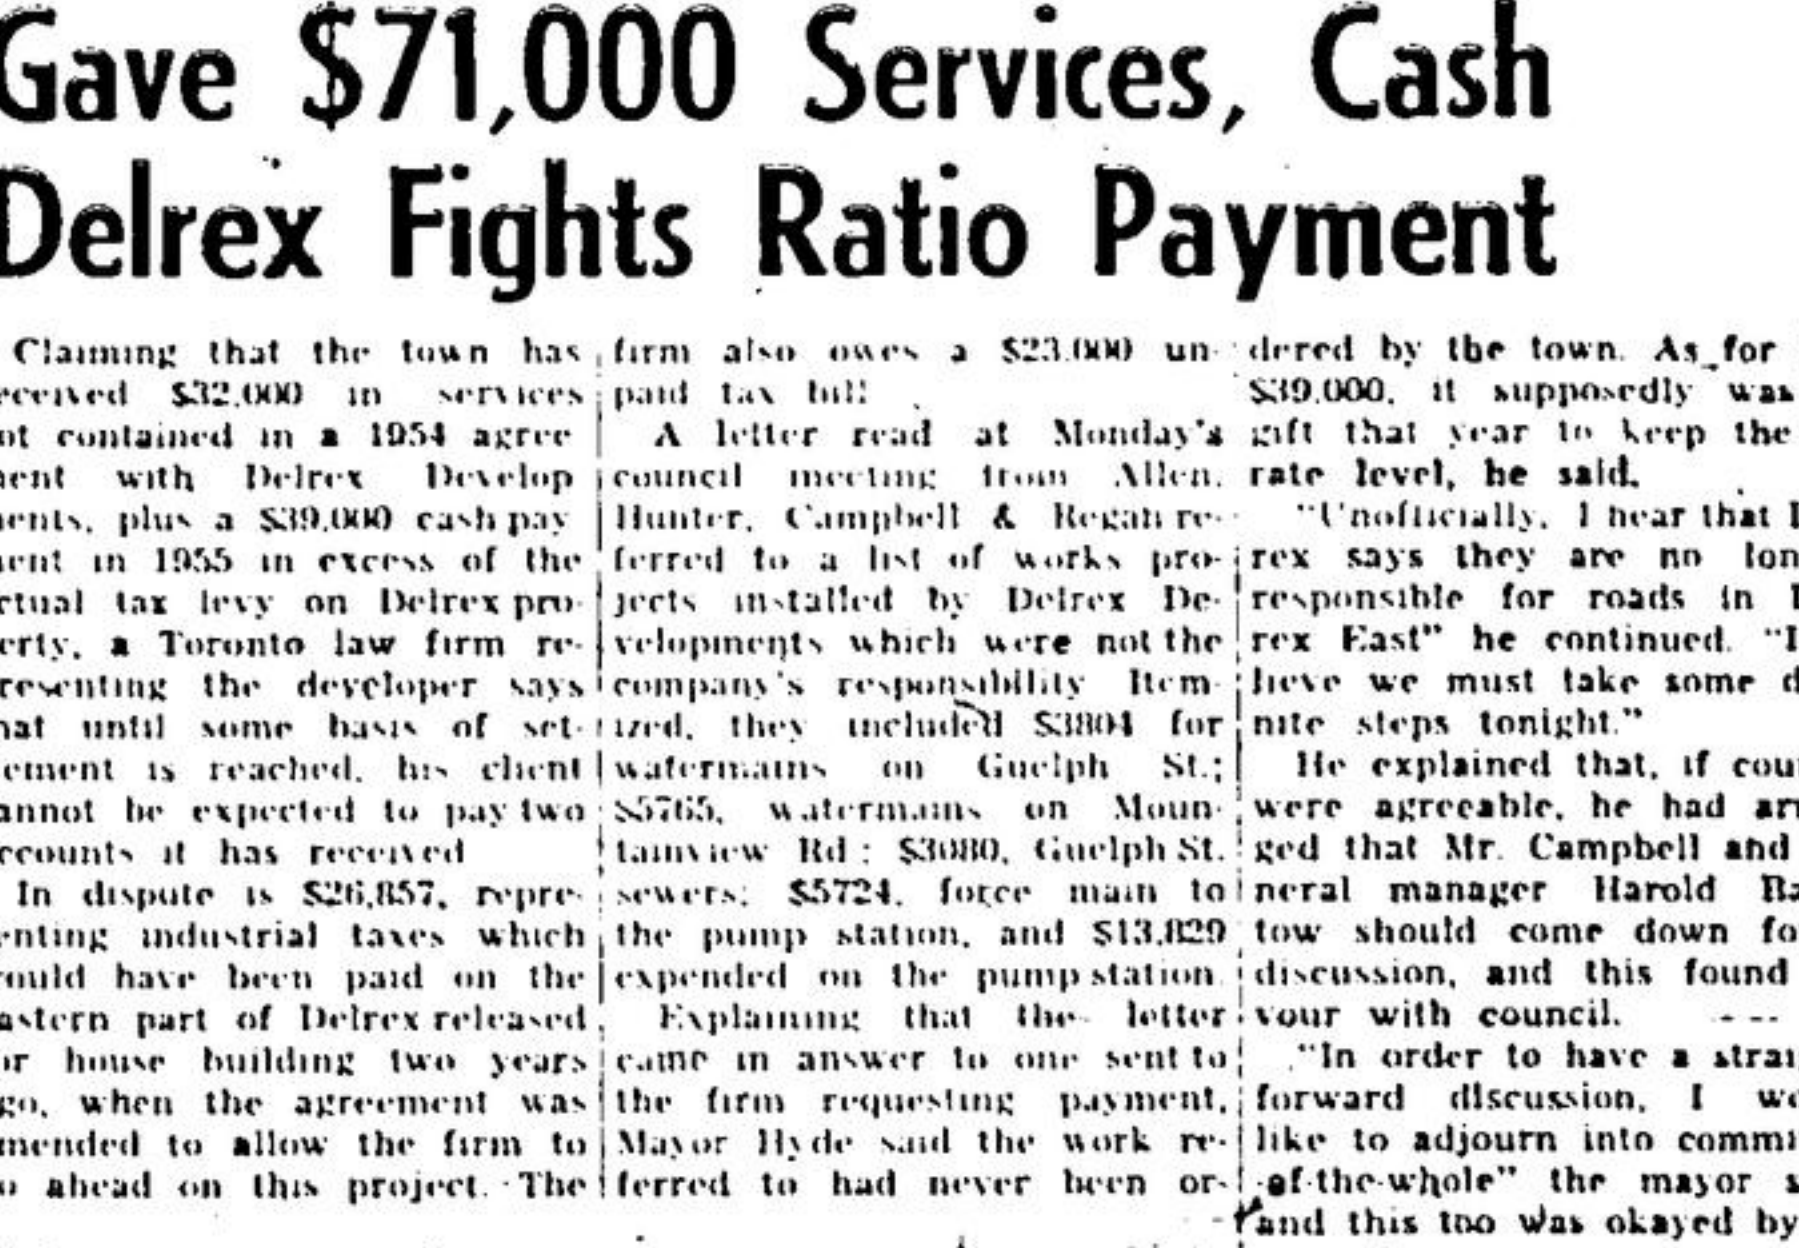

Mr. and Mrs. Don Wingrove, 14 Durham St., had several out-of-town guests with them during the holidays. Their daughter Ann was home from Windsor where she teaches school. Also visiting were Mrs. Wingrove's mother, Mrs. R. M. Warren of Sudbury, Mr. and Mrs. R. G. Nelson and daughter Janice of Sudbury and Mr. and Mrs. Grahame Warren, Nancy and Shirley of Scarborough.

In the first game of their total two game series with Trenton had shut the opposition out 3 to 0.

The first goal was scored by Larry Noston and the second by Hobby Bunde. Ronnie Richardson was a standout in the Georgetown net.

Preston won their first tilt with the locals 2-1 but Georgetown blanked them in the second to win that round 3 goals to 2.

The tourney will wind up Saturday when the finals will clash to decide the champion.
