Asked what passenger volume there is, when the matter was discussed on Monday at coun eil, meeting, Cr. John Elliott who is CNR station agent, said an average of 8 to 11 passengers travel per day.

"With industrial develop of the town, there could be use for transporting commuters some day, even though t is a white slephant at present" was Mayor Hyde's opinion: . He said the old radial had; closed down when it was not making money, but - that might today have been profit. " able if it had stayed in busi

#### Demonstrated Tumbling, Folk Dancing To Parents

A demonstration of tumbling and folk tiancing was a novel feature at Chapel St. Home and School Association meeting last

Grade 7, under the able direction of Mr. R. Lau, performed their various gymnastic feats to the delight of a large numher of parents. Mr. Lau introduced tumbling to the schools this year, and the children's response has been enthusiastic. Mrs Lau taught the intricate arms akimbo, and foot stamping

routines of folk dancing. Pauline Cass and Valerie Kitchen gave recitations, a form of entertainment too seldom heard nowadays.

- A penny sale to cover the costs of the Grade VIII banquet was a huge success, due largely to the efforts of Mrs. R. Jep-

son and Mrs. I. Cass. At the close of the evening, refreshments were served by Mrs. F. Golden and Mrs. Sheldon Lawr.

The number of electrical manufacturing plants in Canada (486) has more than doubled
