

GRASS FIRE

The firemen were summoned to 75 River Dr., Tuesday morning when fire of unknown origin swept through a field of grass near a group of houses. The brigade brought the blaze under control within minutes after their arrival and turned off the rest of the grass before returning to the fire hall.

Spring is the Time of the MOTH

Time to ask questions about your Furs

What Special Care Will My Furs Receive At Barragers?

On arrival your coat or jacket or small fur piece will have a "Medical" — An expert and thorough inspection for MOTHS and foreign matter. They then undergo a compressed air treatment to remove dust and grit. Now they are ready to hibernate in the cool revitalizing atmosphere of Barrager's Refrigerated Cold Storage Vault. Where every garment has ample hanging space. The charge, 2% of a fair valuation of your fur.

Do My Furs Need Cleaning Every Year?

To assure your precious furs of maximum life and lasting beauty (particularly the light haired variety) they should be cleaned at least once a year. Give them the advantage of Barragers' "NATURE GLOW" custom fur cleaning; Sanitized process freshens furs and linings, helps to make them self deodorizing and self antiseptic — and the custom cleaning they receive at BARRAGER'S will leave them fresher and more lustrous!

Call Barrager's now at TR. 7-2279 for our uniformed driver to call for your valuable furs.
