WHAY COUNCIL DID
Begin Action Towards Downtown Parking Area

Preliminary action for a planned municipal parking area was taken by council on May 2nd when a by-law was ordered prepared authorizing such a move. Costs would be levied on the yearly tax bills of property in a designated area.

The report was made some months ago by Georgetown Businessmen's Association and has been under investigation by a council-investigation committee.

A map of the proposed parking area was presented to council at the meeting by Mr. W. W. W. who is the chairman of the committee. The map shows a large area in the downtown area which would be used for parking. The area is bounded by the waterfront and the city center.

The council is expected to make a final decision on the matter in the near future. The project is being funded by the city and the help of the community is greatly appreciated.

Stayner Farmer Was Once District Resident

A former district resident, **Stayner**, was once a resident of the district. He was a well-known figure in the community and was highly respected. He was a successful farmer and was known for his hard work and dedication. He was a member of the local church and was active in the community. He was a great role model for many people and his legacy lives on in the district.
