Baha'is Believe

THAT MANKIND IS ONE RACE
"This earth is one country and Mankind its citizens."
In this age of part answers Baha'is feel they must state their belief that the only real solution to prejudice is racial unity. It is, we believe, a Command of God that mankind live, and work, pray and marry as one human race.

Today, all over the world, some two million people of every race and nation have found in the Teachings of Baha'u'llah the living reality of brotherhood.
