Glen Rector to Form New Hamilton Parish

St. Bartholomew's Anglican Church, Hamilton, will be the new charge of Rev. John Rathbone.

The minister at St. Alban's Anglican church in the Glen for the past two years, Mr. Rathbone announced that he would be leaving St. Alban's when he spoke to his congregation during the morning service on June 12th. He will preach his last sermon there in late July and begin his new duties in August.

Mr. Rathbone was the first incumbent following St. Alban's inauguration at a separate parish two years ago. He came here directly from Trinity College and was under his ministry that the St. Alban's rectory was constructed.

Mr. Rathbone's new charge when completed will be the fifth Anglican Church on Hamilton mountain.

Departing the village with owners should eradicate poison ivy or post war-time sites in areas where it is abundant.

(3) Every resident of Hamilton County who finds patches of poison ivy on public or private property should report them to the Weed Inspector.

For identification of the plant Circular 243 will be found useful. It also includes hints on the prevention of infection and treatment for the relief of the itching caused by poison ivy.

Severe cases, should of course, receive medical attention. This circular is available from the County Agricultural Representative, Ontario Dept. of Agriculture, Milton, Ont.

WEEDS IN FENCE ROWS

Early June is the time to kill weeds in your fence rows. Use 1 pound of 2,4-D (amine or the volatile ester) per acre in 40 gallons of water for broad leaf weeds. One and a half pounds of brush kill (2,4-DE) per acre in 40 gallons of water will knock out the hard to kill weeds like milkweed, wild carrot, and even small hawthorns says Glen Anderson, OAC Field Husbandry Dept. About \$4 to \$8 will buy the material needed to spray all the fence rows on an average 100 acre farm.

Lost Weight, Looks 10 Years Younger

COBALT, ONT. "Seven weeks ago I started the Naran Plan and have lost an average of 4 lbs. a week since. I have lost 28 lbs. and it has not left me weak or nervous. I can now work all day and still feel good. My friends say I look ten years younger and I feel that way too. I have taken off 6 inches around the waist.

I have recommended the Naran Plan to my friends and anyone who has had to give up on other reducing plans. With the Naran Plan you take the weight off where you want it to come off." F. A. Desjardins, Cobalt, Ont.

Don't let excessive weight tire you out, make you feel run-down and older than you are. Your entire outlook on life will improve if you lose excess weight. You will look younger, feel younger and regain the enthusiasm that comes with good health. Why let anything as vitally important as your health and appearance be hurt by neglecting the Naran Plan today. It is sold on a money back guarantee. What can you lose? Nothing but weight.

Here are a few precautions to ensure safe and happy vacations, free from distressing irritations of ivy poisoning:

- (1) Every child should learn to recognize poison ivy.
- (2) Every cottage, and resort

REV. JOHN RATHBONE

Mr. Rathbone to live in Hamilton with his wife Joan, and their two children Katherine, 9, and Peter, 5.

CAPTAIN AND CREW

A DELIGHTED DELEGATION of Georgetown Junior Fire Brigade members were on hand to greet Captain J. J. ...

Norval Cemetery Originally Presbyterian Church Graveyard

122 Year History is Reviewed at Anniversary

The 122nd anniversary of the establishment of Presbyterianism in the village of Norval was celebrated at special services on Sunday, June 5, 1960 when The Rev. T. Lawrence Wynne, M.A., Victoria Church, Toronto, was guest minister. The Junior and Senior choirs were under the supervision of Mrs. Harvey Stone, Brampton who presided at the organ in place of Mrs. Eric G. Beard, who was regrettably absent due to illness. At the morning Diet Mr. Wynne preached on "What Jesus Takes" stressing the absolute obedience of the Christian to the call of his Master and the need for each believer's participation in the great Mission to all people of the world over. The Senior choir rendered a special setting of the Twenty-Third Psalm on a theme by Crimmond with descent sung by Mrs. Wilmer Little and Mrs. Harold McClure. A solo, The Ninety First Psalm, was presented by Mrs. Robert Breeman. In the evening Mr. Wynne preached on "A Parable For Preachers" with an emphasis on the preacher's role as a proclaimer of the Truth and a sincere instrument of God's will upon earth. Each follower of Christ was pictured as a preacher "on a smaller scale" with no pulpit, no robes, no degrees, but as a constant source of the Truth, as a Christian, to others. The Junior Choir was in the loft and sang as only children can, two lovely selections, "Praise The Lord, O My Soul" by Mueller, and "Praise All His Glories" by Bengall.

It was in 1838 that the need for a Presbyterian Church was recognized at Norval Village due to the influx of Scottish and Irish settlers. Formerly some of these people had travelled some miles to the older congregations at Boston and Union. It was the latter church Union Presbyterian, which took an active interest in the community four miles to the south, and organized services in homes to accommodate the Presbyterian worshiper. Union Church itself was being served by Knox College students at the time, and each Sunday the student supply made a trip to the Norval community to conduct a service of Divine Worship. In 1846, early in the year, the Rev. Patrick Gray was inducted at Union Church as minister, also of the fledgling congregation at Norval. Thus began a tradition and association of two congregations, Norval and Union as they are today known, with the same pastor ministering to both. Mr. Gray departed from the area in 1848 after three years of ministrations and growth in both communities. It was two years before the sister congregation could call another minister but the two years were well spent for the next minister, the Rev. Joseph Alexander of Ireland, was destined to remain 35 years (1851-1887) and to see the erection of the present Gothic edifice in 1878 which is still recognized as one of the finest church buildings in Hamilton County. Prior to Mr. Alexander's arrival a small sanctuary had been built in what is now Hillcrest Cemetery, Norval and around this church there was a graveyard, the present cemetery. The front door of the old church was at the approximate point of the present pump and well. In the early 1870s a decision had been made to erect a new church, the time in the expanding village, and the dream was realized when the first service was held in 1878 under the auspices and direction of the Presbytery of Toronto.

After Mr. Alexander's retirement in 1887 and the death of Mrs. Alexander in 1895 the minister heavy with honours and respected of all men returned to his native Ulster where he died in 1904. He was succeeded by a young man the Rev. James Argo, who became the first occupant with his family of the present mortgage at Norval. Mr. Alexander had owned his own property which is the present Louist lodge of Miss Whitney. Mr. Argo did not outdo his predecessor in length of service for after eight years he moved into London area where he continued his ministry. The Rev. William McKay was called and inducted in 1896 and remained as minister of Norval and Union Churches until 1904 when he was called to Milton, in 1904, where he was called to a position which was accepted. During Mr. McKay's ministry a pipe organ was installed, the present pipe organ purchased and the present carpet laid. All of this was done in 1903 and, in addition, the sanctuary was re-decorated for the first time to celebrate the 25th anniversary of the erection of the building. Mr. McKay was succeeded by the Rev. William D. Turner who occupied the pulpit until 1912. Mr. Turner is remembered as a very fiery preacher, outspoken, keen of intellect and an earnest student of the Holy Bible. The Rev. J. A. Ferguson came to live in Norval in 1913 when the dark shadows of Europe and it was to be his lot to see his congregation through the tragedy and holocaust of 1914-1918. Mr. Ferguson is remembered kindly as a quiet, comforting man who was ever ready to lend a hand to anybody. It was only right, and as it is with all congregations, that a quiet and gentle minister should be followed by a dynamic personality. As Mr. Ferguson had followed a fiery preacher so, in turn, was succeeded by a fiery preacher, the Rev. Walter Patterson. Mr. Patterson was another Ulsterman and had been the minister of a large Belfast congregation prior to migrating to Canada in 1919. He was inducted as minister in 1920 and it was his lot in life to enter upon the "Church Union" controversy immediately on arrival. He was a staunch proponent for the preservation of the Presbyterian Church in Canada and gave of his indomitable spirit for this cause. As a result both the congregation at Norval and the congregation of Union remained within the framework of the Presbyterian system. He was known among his parishioners as a man "who called a spade a spade". Late in 1925 Mr. Patterson was called to Stayner and now lives in Middlebrook, Ontario, retired after a long and fruitful ministry of nearly ninety years of life. In 1929 the Rev. Ewan McDonald entered upon a ministry which was to continue until 1935. Mr. McDonald's talents

Weed Control News

By V. E. McArthur,
County Weed Inspector

POISON IVY

For pure meanness, poison ivy has few equals. It is not the killer that water hemlock is and it may not affect as many people as ragweed, but it does mostly strike when people are on vacation. It has been responsible for closing vacation camps in all seasons. It has spoiled the holidays of thousands of children and adults and has cost many thousands of dollars in lost time, control measures, ointments, medical and even hospital fees. Some people become so susceptible to poison ivy that mere contact with the volatile fumes from broken or burning plants may cause irritation. Others seem to be practically immune.

Poison ivy thrives equally well in southern Ontario and in the rocky highlands of the northern vacation areas. It is not difficult to recognize. Think of Virginia creeper with its whorls of five leaves—poison ivy has somewhat similar leaves in threes. It is sometimes mistaken for poison oak. Fortunately, there is no poison oak in Ontario.

Here are a few precautions to ensure safe and happy vacations, free from distressing irritations of ivy poisoning:

- (1) Every child should learn to recognize poison ivy.
- (2) Every cottage, and resort

WHICH TWINE

is matched to your needs?

If you put up heaviest bales, get McCormick twine in THE RED WRAPPER. Safely holds bales up to 100 pounds.

If you put up average size bales, for economy's sake get McCormick twine in THE BLUE WRAPPER. Safely holds bales up to 60 pounds.

One bale* of McCormick 9,000 feet* twine ties 500 heavy bales. One bale* of McCormick 10,000 feet* twine ties 555 bales. In either case, you'll have more hay for less money, in the secure way you want it tied—and get smooth, trouble-free performance from your baler.

Look beyond the price tag when buying twine. Compare length, strength, and uniformity. Even- spun, knotless McCormick twine is made in Canada from true Sisaluna fibre—flows freely through any knotter. *2 bales equal 1 bale.

MCCORMICK BALER TWINE

In bags or in exclusive Quality Guard Carton

Popular Priced CUSOM BALER TWINE For economical baling—less than a penny a tie!
