Unusual Midnight Intruder Seventh Line House Wrecked by Car Crash

A spectacular crash of a car into a house got front page attention in the *Georph Mercury* last week, and is of local interest because the house owners, Mr. and Mrs. Ken Weston, are former residents of town and Glen Williams.

Here is how the *Mercury* reporter tells the story:

A car crashed through the kitchen wall, hurled a stove through a bedroom door and up against the bed, and came to rest with the front fender two and a half feet from the bed where Mr. and Mrs. Kenneth Weston were sleeping.

The Weston family had just retired about one o'clock when a like model convertible driven by Dr. H. W. Smale, of Ferguson, and crashed through the wall of the white frame house. Two children, Kenneth Jr., 20, and Sharon, 14, were sleeping in parts of the house, on the seventh line of Erin Township.

According to Ken, Jr., "We had just nicely gone to bed, but we didn't have any trouble waking up. I looked out the bedroom door," he continued, "and at first I didn't know for sure what had come in."

With the impact the car radiator broke and steam clouded the room. However, there was no fire. The Weston family and Dr. Smale, all escaped injury. Everything in the kitchen, furniture, dishes, utensils, and provisions was broken and scattered about the room and adjoining rooms. Mr. Weston said that they would have everything in the back part of the house.

He said that the family would likely have to move to a rented home in Georgetown where he is employed by Provincial Paper Ltd. Mrs. Weston, who had just come home from hospital, was taken to stay with her mother in Glen Williams.

Ken, Jr., a member of a staff of the house, is employed by Waterloo, while Sharon attends a nearby public school.

Initial estimates of the damages were \$100 to the car and \$2,000 to the house. Constable Robert MacKenzie of the *Georph O.P.* investigated the mishap.

New Clinic in London To Study Retardation

Members of Milton and District Association for Retarded Children are pleased with the news that a Psychiatric Research Institute for Children has been established in London by a group of devoted and dedicated men and women, doctors, nurses and social workers under the auspices of the Mental Health Division of the Ontario Dept. of Health.

It is the first of its kind in this part of the country and offers a real hope for parents and doctors alike, who are sometimes at a loss as to the best procedure to follow in treating children with special problems. There is no charge to the parents for diagnosis and treatment at the Institute.

There is a great need for diagnostic and research centres. This Institute's function is primarily to meet the needs of the mentally retarded living in the community, and to study mental retardation from both clinical and research aspects.

At the recent conference of the Ontario Association for Retarded Children in Hamilton, Dr. D. E. Zarfas, Superintendent of the Institute, and Dr. S. J. Koegler, Pediatrician and Clinical Director, spoke to a large group of delegates on the aims and purpose of the Institute.

Grant money comes from the Junior Red Cross in Ontario. Operating costs are assumed by the Province of Ontario. Dr. Zarfas said the aim of the Institute is that no child be admitted to hospital or to a residential home or to the care of a research clinic. It is the hope of Dr. Zarfas and the staff that many more such institutes will be established so that all of Ontario, and indeed all of Canada, may be served by such clinics. The Institute in London is set up to handle only those children in Western Ontario.

It is of the greatest importance to further research on the mentally retarded, that thorough clinical records be kept on each and every child. If the doctors in each community will refer the children in their care to the Institute for observation and diagnosis, positive records can begin to formulate, so that accurate statistics will be available for every doctor in Canada. Trained research investigators are being used at the Institute. All types of research will be attempted for a complete history and physical examination booklet, to be made available to physicians.

The aim with each child is as follows:

1. Physiological diagnosis
2. Pathological diagnosis
3. Classification of child for research purposes and future classification.
4. Assessment
 - (a) Psychiatric and social aspect
 - (b) Early development in personality stages
 - (c) Home environment that might interfere with normal development in intellect.

Would Promote Hockey Week Here for Bantams

Jack Guddeen, who has been one of those active in Kid Hockey activities as a coach and manager, has an idea for next year which could mean valuable publicity for the town, and add a feature which would boost Georgetown sports-wise.

Jack Guddeen has plans to direct one of the Chamber of Commerce at a recent luncheon Mr. Guddeen is trying to promote a bantam hockey tournament for 1961. The tournament, which would run under the auspices of the Chamber of Commerce, would be held in Georgetown for other groups which have been highly successful in such activities as to French and Brampton. Bantam age group is 12 and 13.

Mr. Guddeen said a move is afoot to have such a bantam tournament and several towns are interested. He thinks it would be well advertising and a fine team feature to have the location here, and is seeking support for the venture.

Gross cost of the Brampton tournament was \$2,000 and gate receipts made it self-sustaining, he said. While financial backing would have to be assured more important would be a large group of interested citizens to handle all the details. Meats and billings for visiting teams arrangements for meeting trains and buses, securing a hockey arena, arena attendants, are some of the main jobs and it would take a closely knit organization to put the week over.

Chamber directors expressed interest in helping the project, but explained that the Chamber has no fund raising activities and tries to exert a broad influence on the community without involving itself in specific projects. It promised aid in trying to enlist other groups, and will discuss the matter further at a future meeting.

Papermakers are Hosts At Thursday Golf Day

Provincial Paper was host for men's day Thursday at North Bolton Golf & Country Club when 50 enjoyed a game and buffet supper which followed.

Prizes were awarded on a Par 3 handicap basis and par was drawn at 35. Five players tied for first: Ken Nash, Herb Matthews, Don Carter, Bill Hewitt and C. Greenstade. Bill Hewitt had low gross and Jim Gordon high gross.

A number of men were only one stroke off handicap. Charles Jenner, Don Schenk, Tooter Burton, Del Wallace, Ross Norton, Jack Malcolm, Hugh Dickie, Sam Mackenzie, Manny Dalen, Bill Breckenridge, Tom Wylie and John Walsh.

Lucky draw prizes were won by Ron Kitchen, Elji Antai and Barney Wilton.

The day was arranged by Ted Arnold and Trevor Williams, assisted by Hugh Dickie and Ted Fenning.

Mixed Tournament For Lawn Bowlers

Georgetown Lawn Bowling Club held a members' mixed tournament last Saturday with twenty-four members playing. Competition was keen with the prize winners being: first for ladies Mrs. Ileg Cepreud and Mrs. Neils Johnson; second Lady's member, Mrs. Graydon Chester.

Mr. Howard Kentner was first for the gentlemen and Mr. Bill McDowell second. To make the affair a complete success the ladies catered to a supper for everyone.

Isley Reunion at Pine Hill Gardens

On Sunday, members of the Isley family held a reunion at Pine Hill Gardens with 61 attending.

The afternoon was spent in games and renewing old acquaintances. A picnic supper followed.

Members of the family attended from Gloucester, London, West Lorne, Preston, Stratford, Breau, Guilph, Moorefield, Toronto and Georgetown.

proval, institutes such as the word hospitality Mrs. Ford debt that needs to be paid off to Jim Carney whose birthday can be established in strategic thoughts from her devotional areas in Ontario, and no child will be denied a chance, and no parents denied hope.

ASHGROVE
Refugees Plight Is Explained to Mission Group

The Associate Helper's meeting of the W.M.S. was held at the home of Mrs. Bob Cunningham on Tuesday afternoon, June 14th with twenty ladies present. The President opened with a hymn and prayer. Secretary Mrs. Crell Wilson read the minutes and called the roll which was answered with the word hospitality.

Mrs. Ford left some very fine thoughts from her devotional on the many great truths in the Bible. Mrs. Harvey Nurse, secretary of the Associate Helpers Dept. had prepared a skit from the *Apoc. Missionary Monthly* which told of a refugee family living in a back in Europe and how they looked forward to the day when a letter would come telling of their release to come to Canada but when it came the father of the family (who was poor) had passed away. Ladies taking part were Mrs. Chas. Austin, Mrs. James Carney, Mrs. Frank Wilson, Mrs. Ward Brownbridge and Mrs. John McNabb. This is Refugee Year and fifteen million people since the second World War have nowhere to go and their plight is a world debt that needs to be paid off to Jim Carney whose birthday Missionary prayer was given is June 20th. All sang the hymn Onward Christian Soldiers and prayer closed on Carney is able to be out of the meeting. During the social hour Mrs. Clayton Wilson thanked the hostess and the Associate Members for entertaining so nicely on such a rainy afternoon. Congratulations and all good wishes go to Mr. and Mrs. Charles Austin who celebrate their twenty-fifth wedding anniversary on Wednesday, June 22nd. Mrs. Morton Leslie who celebrated her ninetieth birthday on Sunday, June 19th and also have many more anniversaries.
