

WORDS TO THE WISE
Nonchalance is the ability to look like an owl when you have acted like a jackass.

He has just paid for another load of fuel for his old-fashioned, wasteful furnace and he is feeding back. What to do? With a new, scientifically designed, economical SMARTY'S Furnace he could save money by saving fuel, pay for his new furnace and enjoy himself. Be wise; see your SMARTY'S dealer now and get full particulars.

Warn Farmers Watch for Grass Tetany This Year

Haltom farmers should be aware of the reported outbreaks of Grass Tetany. The disease, sometimes called grass staggers, has been reported mainly from dairy herds with a high number of newly freshened cows. Although no outbreaks have been reported in this area, there have been reported outbreaks of grass tetany in herds in Ontario.

A shortage of magnesium in the blood causes grass tetany. Apparently the shortage can be influenced by three types of pasture. A high grass mixture grain in oat pasture, hay or silage, and pastures that have been heavily fertilized with nitrogen especially pasture treated with ammonia fertilizers.

Pastures with a high proportion of grasses have been the main cause of outbreaks this year. Grasses contain a different kind of protein and legumes. It releases high rates of ammonia when acted upon by the rumen bacteria. In some way the ammonia inhibits magnesium uptake into the blood. Pastures that have been heavily fertilized with nitrogen can cause a blood magnesium deficiency in the same way. Green

Offer OAC Short Course to Top Soil Judger

A proper appreciation of the soil is a basic and most important key to successful farming. With this in mind Thursday, July 14th marks the third Halton County Land Judging Competition. This Competition is under the direction of the Extension Branch, Ontario Department of Agriculture for Halton County, in co-operation with the Credit Valley, Twelve Mile Creek, and Sixteen Mile Creek Conservation Authorities. Technical assistance with the programme is provided by the Soil Department of the Ontario Agricultural College.

The farm of Tom Alderson, Trafalgar Township, was selected as the site of this year's Competition. The programme is designed to give rural young people a training and appreciation of different soil types. The morning program involves a tour of various types of soil in the Trafalgar Township area. Instruction for this part of the programme is under the direction of Prof. T. H. Lane and H. Wright of the Soil Department, O.A.C. and Agricultural Representative J. A. Francis, Assistant Agricultural Representative Douglas Jackson of the Extension Branch, Ontario Department of Agriculture.

The Competition is divided into three sections, Juniors, 15 years and under; Intermediates, 16 and under 18; and Seniors, 18 years and over. Prize money in each section and a Trophy is provided by the Conservation Authorities.

The high Senior in the Competition receives one week's Soil Course at the Ontario Agricultural College at the time of the Winter Short Course.

The Competition involves four soil areas. These are classified and judged for their ability to grow certain crops. Each contestant gives reasons for rating the soils. The programme is sponsored by the Conservation Authorities, for all contestants who complete the day.

In connection with this programme, a Senior soils tour makes up the afternoon programme. During this season Halton farmers have an opportunity to see what lies beneath the top six inches of the soil. The programme includes rotations for various types of soils and land use practices.

Access, Road Conditions are Detailed in OWRC Letter

Last week, the town council asked the Ontario Water Resources Commission to send a representative to a meeting to discuss an access road to the new sewage disposal plant.

When a letter from the OWRC chairman Dr. Berry, read at Monday's meeting, said it would not be possible for anyone to attend that meeting, but that arrangements could be made for council to discuss it with the commission in Toronto, remarks about the OWRC proposal were pointed.

"Someone must have told him we have a reporter at our meetings," said Cr. Harrison. "When they wanted us to build the plant they sent two men to a meeting."

Cr. Ian Casa wondered why full-time public servants should expect local councillors to go to the city for discussions.

"This is almost refusing to publicly discuss the situation," said Mayor Hyde.

At the mayor's suggestion, a letter will be sent to OWRC asking specific questions about how an easement was secured over property leading to the disposal plant, and seeking an answer either by letter or by an OWRC man in person.

Offer of the Dept. of Highways to purchase town-owned land on both sides of the highway at Silvercreek for highway widening was accepted. The town will receive \$100 for the property.

A purchase offer for a lot on Princess Anne Dr. for \$1500 from Bud Buckwald was accepted, purchaser to pay any costs connected with the land transfer.

Bride Is Granddaughter Of Ex-Georgetown Realtor

Brother officers from the groom's regiment, the 48th Highlanders, formed a guard of honor at Christ Church Deer Park for the wedding of Miss Wendy Gooderham Willoughby and Mr. K. G. (Tim) McVittie. The bride is the daughter of Mr. and Mrs. W. J. Willoughby, and the groom's parents are Mr. and Mrs. R. D. McVittie. Canon F. Arthur Smith officiated at the ceremony, assisted by Rev. Russ Cameron.

Coming down the aisle on the arm of her father, Miss Willoughby was attired in a gown of opalescent embroidered Alencon lace over petal blue tulle. The fitted bodice featured a portrait neckline and short cape sleeves, while a broad sash of petal blue satin encircled the waist and fell over the bouffant skirt in two panels to the end of the cathedral train. Her full-length veil was held by a small crown of lace re-embroidered with pearls, and she carried an arrangement of white roses, stephanotis and lily-of-the-valley.

Maid of honor was Miss Lee Miles of Philadelphia, and the bridesmaids were Miss Kathy Skitch, Mrs. L. J. Pocius, Mrs. D. A. Lager and Miss Diane Willoughby, cousin of the bride. Miss Parry Lowndes, the groom's niece, acted as flower girl. The attendants were gowned alike in delphinium blue chiffon over taffeta, styled with cap sleeves and boat necklines, with panels of chiffon draped around the waist to fall to the hem in back over the full skirts. Their hats were fashioned of coral flowers to match the graniums of their cascade bouquets, and trimmed with short veils of green to blend with the leaves.

Mr. John D. McVittie attended his brother as best man, and ushering were Mr. Michael and Mr. Anthony Willoughby, two brothers of the bride, Mr. John Newman, Mr. John Lowndes, Mr. David Lager, Mr. Louis Pocius and Mr. John Brown.

Two pipers piped the couple from the church and again from the Granite Club as they left the reception to set off on their wedding trip. Mr. and Mrs. McVittie plan to live in Toronto.

Death Strikes Twice In Burlington Family

Death took two members of one family in Burlington when Mrs. William DeForest, aunt of Mrs. Clare Wilson took a stroke and died early Saturday morning. Her son Talbert, a cousin of Mrs. Wilson, took a heart attack and died early Sunday morning. A double funeral was held on Tuesday.

Johns Lindsay celebrated his sixth birthday and Cathy Lindsay her fourth on July 6th at the home of their parents, Mr. and Mrs. Bruce Lindsay, with twenty children, friends and relatives.

Eva Landauer, daughter of Mr. and Mrs. Hans Landauer, celebrated her twelfth birthday Monday, July 4th at Waterfalls Playground with a barbecue. Her guests were Sheila Campbell, Bonnie and Judy Norton, Jennifer Jones and her sister and brother, Doris and Dick.

Convert Sanatorium To Hospital School

The Muskoka Sanatorium at Gravenhurst soon will begin a new life as a hospital school for cases of the mentally retarded.

Three hundred children from the Ontario Hospital School at Orillia will be moved to the sanatorium to help relieve overcrowding and enable erection of a new wing at the Orillia school.

Dr. Dymond, Minister of Health, announced recently that the Ontario government had bought the Sanatorium and property for \$500,000 from the National Sanatorium Association. On completion of the new wing at Orillia, patients will be moved from another old building on the hospital grounds and construction started on a second new structure.

4,000 LB. COW
In the Jersey herd of B. H. Bull & Son, Brampton, Ont. the cow BRAMPTON B P BEN-EDICTINE - 181080 - classified Very Good, has just been awarded a 4,000 lb. certificate. In 9 lactations she produced 70,838 lbs. of milk and 4,229 lbs. of fat. Benedictine is a daughter of the Superior Sire Brampton Pinacole Basilic - 10835 and a winner of a gold medal.
