**How You May Save Up to \$300 On Your Next Car**  
 Finance and Insure It Through State Farm  
 The State Farm Bank Plan is the modern way to buy a car . . . without signing up for expensive finance and insurance package deals that can keep you "car payment poor." The Bank Plan has helped thousands of car buyers save \$100—\$200—\$300 and even more, enjoy lower payments, shorter loans.  
 We help you get low-cost financing at a leading local bank. It's simple, it's private. Payments are arranged to suit you. No extra fees, no hidden charges.  
 And unlike most financing plans, you don't pay a higher interest rate when you finance a used car through the Bank Plan.  
 In addition, you save through low-cost "careful driver" insurance. State Farm keeps rates low by aiming to insure only the average driver of careful driving habits.  
 As your State Farm agent, I handle details. I give you a cheque for the amount you need, even include credit life insurance to cover the unpaid balance at no extra cost. Call me today and find out how much you may save.
