### GARDENING INFORMATION -- for FALL PLANTING

You will benefit by planting evergreens, roses, shrubs and many more. Fall planting is recognized as a most desirable time, due to the vigorous root growth which develops before freeze-up. The plants are then well-established for next spring.

## Brampton Band Champions CNE Music Competitions

Brampton Citizens' Band, of which three Georgetown men are members, has again won the Canadian Championship in competition at the CNE on Music Day. Joe Wilcox, Jack Bunham, and Henry Thompson are members of the Brampton aggregation which under the direction of Capt. W. T. Atkins, ARCM, played the "Mirella Overture" by Gounod in the competition. The class for bands from towns and small cities had the largest number of entrants in many years.

Brampton Band scored a high mark of 170 points. Newmarket Band was second with 164 points and the other competitors trailed far below these two. In the competition open to all bands, the Brampton Band was the only 35 member organization to compete against the larger bands of 65 members. In this Challenge Class, Brampton placed fourth. The test piece in this case was Hidden Fortress, considered a most difficult composition to interpret.
