

THAT TIME AGAIN!

THIS WAS THE SCENE at Chapel Street public school just before the doors opened to officially commence the 1960-61 term at Georgetown's oldest institute of learning. Like all local schools, Chapel Street's enrollment soared and at writing time town schools' registration stands at 2,605. Photo by Jays, Georgetown

McMaster "Satellite Campus" To Operate In Georgetown

McMaster University's extension department is headed for its busiest academic year ever. The Dept. expects upwards of 1,000 extension course students to enroll in a wide variety of on-campus courses this fall and winter. In addition, the university's seven "satellite" campuses in neighbouring Ontario communities will be studying everything from the regular degree subjects to business and vocational courses and cultural topics such as ceramics and painting.

McMaster's 100-member faculty will be augmented by some lecturers who will serve as part-time faculty to provide instruction in the wide variety of courses offered.

According to Professor W. J. McCallion, director of extension, there are six new courses being added to the department's heavy curriculum this year.

An elementary non-credit course in Italian is to be offered for the first time as well as a course in Esperanto, the universal language.

There will also be a course

Dates Have Been Set For 1960 Deer Season

The open seasons for hunting deer in Southern Ontario have been announced. Those for the northern and western parts of the province are set out in a three-year schedule which will be in effect until the end of 1964.

Over the next deer range parts of Frontenac, Hastings, Lennox and Addington and Peterborough north of Number 7 highway. Exact details of the southern boundaries, which is the same as in previous years, are available from the Department of Lands and Forests.

The Deer Indian Reserve on the south bank of the French River in northern Parry Sound District will have a longer season extending from November 1 to 25. The Indians have requested this special season to permit them to make non-credit hunters on the reserve for a longer period than the regular four week season in surrounding Parry Sound District. There is a large surplus of deer on the Indian Reserve. Indians may take deer at any time on their reservations, but non-Indians may not enter the reserve except with permission and they must have an Indian guide.

Beaver and Gray Counties will close a deer season from November 7 to 12, but dogs are not permitted.

There will be a bow and arrow only season on Manitoulin Island from October 19 to November 12 and the regular season will be from November 14 to 25. On St. Joseph's Island, deer hunting season will be from November 7 to 12 with a moose season from November 21 to 26. Dogs will not be permitted for deer or moose hunting.

The Crown lands of Matchedash Township in the northern part of Simcoe County will be open from November 7 to 10.

In Leeds, Grenville, Prescott, Russell, and Carleton, east of the Rideau River, shotguns only will be permitted for deer in a season that runs from November 7 to 10.

In Stormont, Dundas, and Glengarry Counties, the season will be from November 7 to 10. Shotguns only are permitted and the use of dogs in these Counties is prohibited.

South of Number 7 Highway and north of Number 2 Highway in the Counties of Peterborough, Hastings, Lennox and

Diary of a Vagabond BY DOROTHY BARKER

Multiply two hundred four by twice that many pieces of luggage stuff them all into seventeen sleeping cars remind them that this will be home to them for six days and six nights and you could quite easily find you've pressed the panic button.

Not until the C.N.R. train, bound for Churchill, Man., gets rolling do holiday-makers realize they have left behind their TV sets, trays of ice cubes, hot showers, and foam rubber mattresses.

Fortunately for them twenty four years ago the railway found how to brew with magic alchemy, a formula for a perfect vacation.

After the first meal aboard, the tour begins to shake down into a pattern of camaraderie. It was obvious that months of preparation had gone into organization, both by the company and the hosts, ensuring a western hospitality was continually in evidence.

Seventy-five percent of those on the second annual tour "down north" were from across the International Border. When we pulled into our first stop at Dauphin, Man., a red coated Mountie, standing beside a fluttering red ensign, was the answer to any shutter bug's prayer. I'd love to have even a penny for every picture snapped during the week's trip. This Churchill Excursion is truly a photographer's paradise.

Dauphin likes to be known as "the heart of Agricultural Manitoba". Summer followed acres of black loam make a checkerboard pattern beside fields of golden wheat. Flowers in abundance and unbelievably huge, grow in most gardens and were displayed at a horticultural show just a few blocks from the station. This was one of two such shows en route, staged at this particular time of the summer for the benefit of tour members.

We all felt like Royalty as we were greeted by the Mayor, the Rev. and the district's representative in Canada's Federal Parliament. Members of the local I.O.O.F. chapter saw that everyone had a coke or one before embarking for

Married In Limehouse 50 Yrs. Ago: Celebrate Golden Anniversary

Mr. and Mrs. R. E. Choate of Rossmore celebrated their golden wedding anniversary on Wednesday.

The Choates met at a first-class hotel in Aston and were married later in Limehouse where Mrs. Choate's parents lived. They moved to Brampton, Mr. Choate's home town, where he began a haberdashery business which he continued until three years ago, a total of 47 years. Mr. Choate still keeps on Fridays and Saturdays when the haberdashery is busy, but his great pastime now is fishing.

The couple has lived at the present Moon Street address for 25 years.

They are members of the Presbyterian Church and Mrs. Choate is active in the W.A. She is also a member of the Orange and Crystal Lodges and has held the chair. Mr. Choate is a member of the Orange and Crystal Lodges and has held the chair. Mr. Choate is a member of the I.O.L., Masonic and Black Knights Lodges.

They welcomed many of their friends to an open house between the hours of 3 and 5 and 8 and 10 p.m. Wednesday.

Chi-Rho Club Plans Corn Roast

St. George's Chi Rho Fellowship for married couples and young adults held their first meeting of the fall season on Thursday last.

The fellowship listened to a stimulating address given by Mrs. M. Jones Ph.D. who is in charge of the Niagara Book Room, in Hamilton. Mrs. Jones outlined the nature of her work, the type of supplies available and revealed the aspects of good reading material available for Christian Education.

A book display was set up in the parish hall and the members enjoyed browsing among the items.

Mrs. K. Ewles, president, conducted the business session and plans were made for a corn roast social for the next meeting.
