

## United Gas Office Staff Shares Lions' Draw Prize

What do you do with a quarter of a car? That's the pleasant dilemma confronting four United Gas Office staff members who combined to purchase a 1958 Buick Wildcat. The car was turned out to be the winner when the draw was made at the Jamboree Saturday night in the arena.

Mrs. Dorothy Howard, Mrs. Shirley Day, Bob Anderson, and manager Alex Blackwell are the lucky foursome who had their ticket pulled by Mrs. Alex Taylor, an ardent worker for the hospital fund. In the climactic moment of the two-night affair, Mr. Blackwell, who is a Lions club member, was working one of the eight booths and so was on hand to receive the congratulations of draw chairman Don Baggager.

Mr. Blackwell, speaking for the gas company staff, said later the group would probably sell the Buick Chevy and split the cash four ways.

Other Jamboree attendees took home valuable prizes in the Friday night draw and their prizes were: Karen Lee, a rug; Bob Hall, a lamp; and Gus Kent, a blanket and Saturday night. G. Murphy, a floor lamp; Gus Kent, a blanket and a rug; and all the day prize winners are local residents.

Both Jamboree nights Saturday especially, were well attended as evidenced by the Lions gross take in the neighbourhood of \$1500. What ever net amount the club will glean from that will be added to the estimated \$1500 cleared on the car draw and will make up part of the \$25,000 parcel pledged by the Lions to the Georgetown and District Memorial Hospital.

The Jamboree and draw were both effective money-makers despite the one hundred odd tickets which went unsold. The odds against a ticket purchaser were technically only around 340 to 1, giving the buyers a good chance to become new car owners through a lucky draw as they will ever find anywhere.

The car was officially presented to the winning quartet Tuesday afternoon in front of the United Gas office on Main Street.

The Jamboree offered any number of ways for those who felt lucky to "beat the House". Bingo, Over and Under, Fish Pond, Family Booth, Two Crowned Anchor game, Hoopla, Baseball Pitch, Hans N. Clark, Game, Doh Game and Ring Toss were on the whole well patronized but for those not wanting to refreshment booth was a nice thing and account for a big slice of the clubs take.

### Baha'is Believe

A New Age Has Begun

"A new life is, in this age, stirring within the souls of all mankind."

We today are living at the dawn of a new age. Every day in whatever direction we look the signs are becoming ever more evident that we are watching the end of an old world and the slow, painful birth of a new one.

Baha'is believe there is a purpose behind the turmoil of our age. In predicting the changes that have already taken place and the even greater ones to come, the Founder of the Baha' Faith called this a "spiritual-springtime" whose purpose was to unite mankind in one common race and one universal faith.
