Hayes, O'Flaherty Join Separate School Board

An unique experiment has been introduced in Holy Cross School — a bilingual class, taught by Mrs. Jacqueline Primeau. There are 34 pupils in the class, Chairman Tony O'Byrne explained, consisting of French speaking and partly French speaking pupils. The curriculum is organized by the French section of the Department of Education.

Mr. O'Byrne felt the expense involved was more than justified, since the increase in enrolment thus attained, raised the grants considerably.

• • •

With this year's attendance at a record high of 328, the Board felt portable accommodation should be found. "While neither the Dept of Education nor the Insurance Co objects to the class in our lobby," stated the chairman, "I think it might be wise to obtain a portable." Mr. O'Byrne pointed out that both the Dept and the Insurance Co felt the large size of the lobby, and three direct exits to the outside, made it completely safe.

• • •

The great number of broken windows sustained by the school in the past year, was decried by the Chairman. He also felt more police protection might be asked. "No Trespassing" signs will be erected in an effort to reduce the damage.
