## Twelve Busy Years

General regret is felt by townspeople In the departure this week of Rev. Alex Calder, his wife and family for their new home in Peterborough. Tinged also, or course, with good wishes in his new post es minister of St. Paul's Presbyterian Church thece.

Mr. Calder is the dean of docal ministers, having been in town longer than any of his confreres in the other churches. And like most ministers, he has contributed much more to town than his duties would call for to his own church people.

He was particularly active in the fund campaign for Georgetown Hospital, heading the important residential canvass. He s a past president of the figure skating club, was vice president of the Chamber of Commerce, and has been padre of the Lorne Scots Regiment. At county level, ne served on the executive of the Children's -Aid Society, and has been associated with the school for retarded children.

In church affairs, he is a past president of Georgetown Ministerial Association, has served as imoderator of West Toronto Presbytery and is a member of the board of Knox College.

Despite his busy life as minister at Knox and Limehouse, and these many private activities, he has been outstanding in rsocial service work. Things which," of necessity, must be done privately and receive no publicity, exemplify his true religious spirit and there are dozens of residents by his interest in them.

Hockey teams of all age groups will mass an avid supporter too in Mr. Calder, and those who have heard him sing will miss this time voice which has graced many public gatherings. . ...

His contributions to Georgetown have been many, and our Peterborough neighbours can consider themselves fortunate that his activities will now be centred in that will an ....

## An Old Friend

The Herald is saddened this week to report the death of an old friend, Mrs. Mary Baily, whose news contributions from Stewarttown have been missing for the past few years from the paper.

Mrs. Baily was one of several community minded, citizens\_of our neighbouring communities who took the trouble earn week to report me little happenings which contribute to a municipality's history.

Sne\_reported personals, church nicet-

logs and bits of focal form Weddings. deaths and bittle Accidents illnesses and school awards Whatever happened in Stewarttown aid not escape her eye, and she used the good Judgment of a weekly dentified flying objects, and vising. reporter in suppressing news which might iters from outer space. I think hurt someone, in selecting deas items with care and definiting them with tact.

We have missed her country of news was nothing "ridiculous about love, and every 20 or 30 years and this alth regret that we know she will not be able again to share becithery. He spread the word, and next ness, but you hold your grain personally though the merika's pages.

## Man's Inhumanity

In these days when mans whimaning ty to man is constantly reflected in world news, Kingsblood Royal, the last novel of Sinclair tewis should be recommended reading for everyone.

We picked up a copy last week end for one of the infrequent reading binges -which eyes, fired by constant dairy use, cannot induige in too often.

 A Lewis fan for many years, we were expecting a book like Main Street or Cass Linesta a. Aug to he sure he dissected I think it bears retelling, if only

the impression of open mind apid left a lasting tribute to his literary. powers, as were as one of the most powerto documents against typocrasy which paper, conclusive evidence that found me in front of the fire-

we strong a recommend it.

## Trucking Industry Plans Student Bursary Help

Nine representatives of Un Ortawa and York University tario's trucking industry, nurs Direct and to students am ing a \$42,000 budget, have laid ounted to \$15,950 throughout the province
