Suggest Radio Control For County Fire Calls

Fire-fighting equipment of all Halton fire departments will be controlled by radio if the necessary approval can be obtained. Halton Mutual Aid Fire Services at its annual meeting in Burlington last week, decided to request Halton County Council, through the Emergency Measures Organization, to undertake the project. Part of the cost would be paid by the provincial and federal governments.

Rotarians Glimpse Things to Come

'Expectations for the coming year' was the subject of an address by Mayor E. Hyde, as guest speaker at the Rotary Club last week. The mayor hopes to cut town borrowing by a system of monthly tax payments. As a rule, municipalities borrow money on short term loans until the taxes are collected. This, of course, adds interest charges. The elimination of some of the present traffic problems is another hoped for achievement, according to Mr. Hyde. The dangerous intersection at John, Water, and Guelph Streets is slated for improvement. At the moment, the plan calls for John Street as a one-way street, and the creation of an island on the Canadian Tire side, so that the turning traffic would have a separate lane. Traffic lights have been approved for this corner, but past experience has shown the Department of Highways that sometimes they bring a new set of problems, the mayor said. Long range planning will be undertaken this year, said the mayor, possibly with consultation with the Province of Ontario. He fears a line of buildings clinging to the highway from Brampton to Acton, and hopes to stop this strip-development with green belts between the towns. A question period followed, with numerous queries on town affairs being asked. President Ralph Ussel noted that the Minstrel Show's tentative dates are May 5th and 6th, and May 12th and 13th. The show will also appear two nights at the Frigidarium auditorium on Scarborough's Golden Mile.

Pauline Johnson Stamp Is Tribute To Indians

The tremendous strides made by Canada's Indian population and the significant contribution they have made to the development of Canada in many fields, will be honoured by the Canada Post Office with the issue of a special commemorative stamp on March 10, 1961. It was announced today by the Postmaster General the Hon. William Hamilton. 100 Years Occasion for the special stamp will be the centennial of the birth of E. Pauline Johnson, the famed Mohawk poetess, who was born at Chiefswood, near Branford, Ontario, on March 10, 1861. The stamp is designed to show Miss Johnson's two personalities of Victorian lady and Indian princess. It shows the poetess in the foreground, wearing a high ruffed collar. In the background, she is depicted in tribal dress. Printed in brown and dark green, the stamp measures one and one-half inches by one inch. It was designed by B. J. Reddie of Ottawa. It is of the five-cent denomination and 32,000,000 copies will be printed.

Norval Student Takes Part in Open House

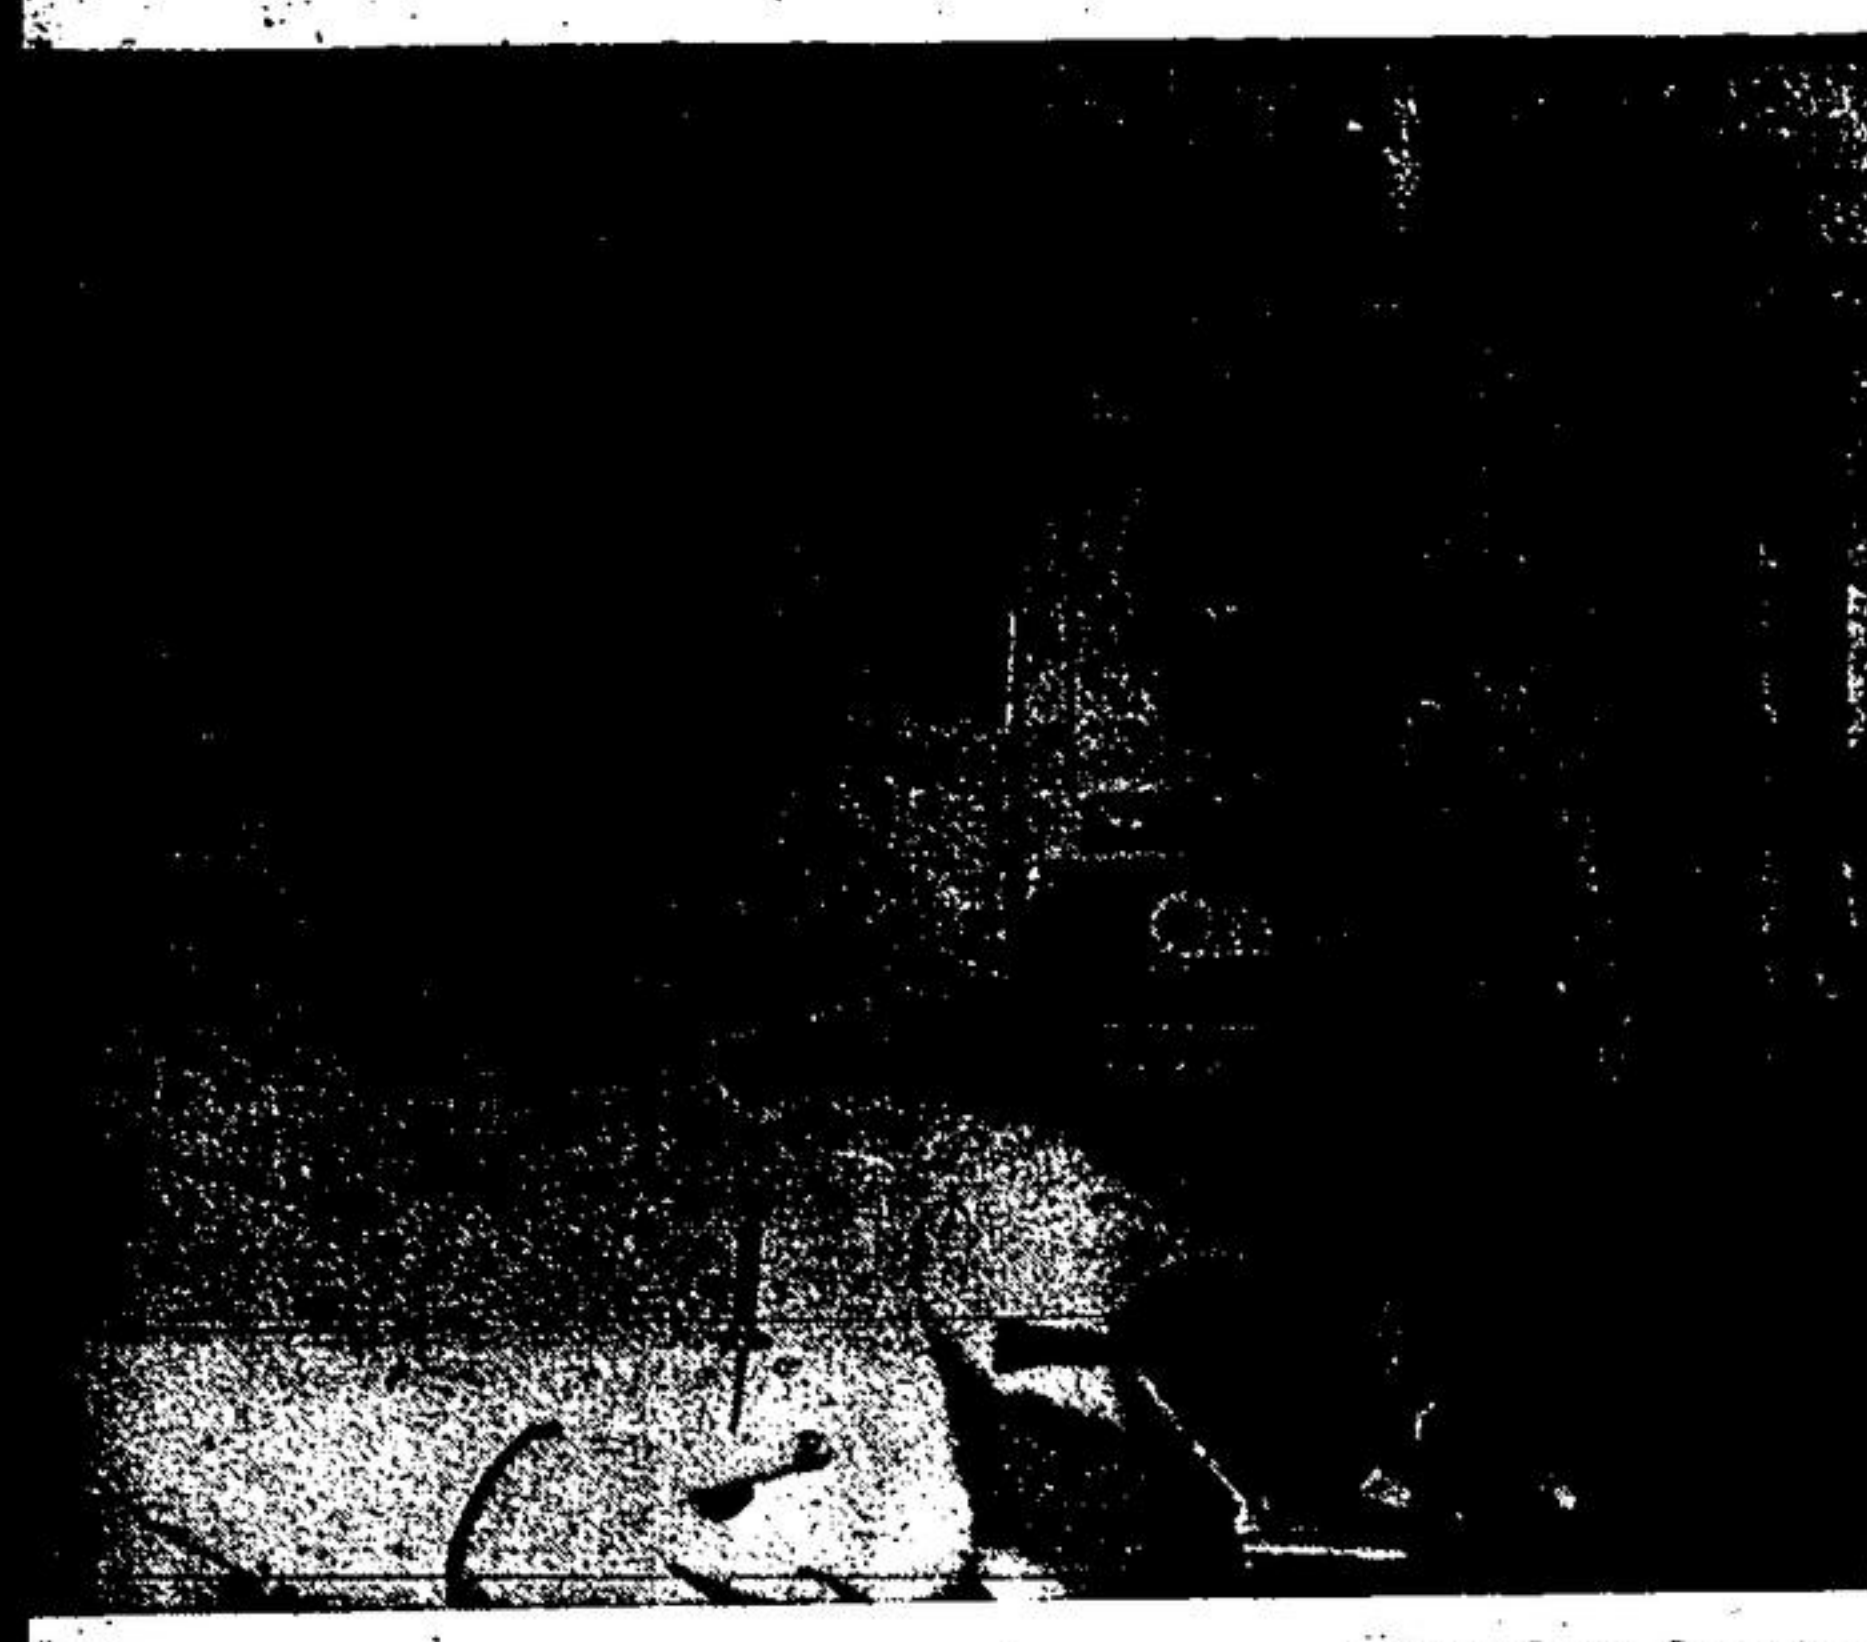

Ronald W. McLean of Norval who is studying Civil Technology at Ryerson Institute of Technology, Toronto, is participating in Ryerson's first open house. Students in all courses will demonstrate their work to the province's high school students and prospective employers Saturday, January 28, between 1 and 6 p.m. Now 21 years old, Ryerson is in the middle of a multi-million dollar building program. Most of the displays will be in the black-long new building, while workers are demolishing buildings on the west side of the campus. Careers in the following courses will be demonstrated: Aeronautical Technology, Architectural Technology, Chemical Technology, Civil Technology, Electrical Technology, Electronic Technology, Furniture and Interior Design, Gas Technology, Instrument Technology, Mechanical Technology, Medical Laboratory Technology, Metallurgical Technology, Business Administration, Home Economics, Food Administration, Pre-School Education, Hotel, Resort and Restaurant Administration, Journalism, Merchandising, Administrative, Photographic Arts, Printing Management, Radio and Television Arts, Secretarial Science.

FARM NEWS Panel on Breeding at Holstein Annual Meet

By J. A. F. Wm. Tovell, of Palermo, past president of the Halton Holstein Breeders' Club, was moderator of a panel on Breeding Holsteins, at the annual meeting of the Halton Holstein Club. The subject of the panel was "Artificial Breeding versus the farm herd sire". Members of the panel included: Roy Snyder, Manager of the Waterloo Cattle Breeding Association; Dr. C. Reeds, Manager of the Central Ontario Cattle Breeding Association; Bob Roe, and D. S. Duntun, noted Holstein breeders. Those addressing the meeting were: John Powell, Head of Extension, Holstein - Friesian Association; and Geo. Drennan, Holstein Fieldman for this area. Considerable interest was shown in the "Futurity Class" for 1964. This Futurity will start with nominations in 1961. The show will take place as a three year old class, at the County Black & White Show in 1964. Breeders may nominate calves born between July 1, 1960 and July 1, 1961. Details of this programme can be obtained from the Secretary of the Halton Holstein Club, John W. Pickett, Hornby R.R. No. 1. The Directors elected for 1961 were as follows: Esqueving Township - Chas. Austin, Georgetown; Ward Brownbridge, Georgetown; J. W. Carney, Georgetown; T. H. McGee, Norval; Ford Wickson, Georgetown. Nassagaweya Township - John Kitching, Moffat. Burlington - Fred Bell, Burlington; Brock Harris, Milton; J. H. Taylor, Burlington; Don Peer, Milton. Trafalgar Township - Hugh Bealy, Milton; Ralph Ford, Milton; J. C. Marshall, Milton; Johnston Newlands, Hornby; Howard Gowland, Milton.

Fine Leaders Historically, Mr Hamilton pointed out, Canadian Indians had produced outstanding leaders in many fields. He mentioned, among other greats, Joseph Brant, Crowfoot and Teasdale, all outstanding military leaders. Among modern Indians, the Postmaster General cited the Hon. James Gladstone whose appointment in January 1958 marked the appointment of the first Indian Senator. George Clutesi, painter, Mrs. Elsie Brant Monture, author, Dr. Gilbert C. Monture, O.B.E., internationally known mineral geologist and the late Herizier and Judge Oliver M. Monture.

Dual Personality The stamp is designed to

Peter Jones, Georgetown DON'T JUST SAY CHEESE - SAY GERBER'S MARK JONES, infant son of local photographer Peter Jones, 1 Chelvin Drive, shows an inclination to emulate father in the shutter business and by the attentive expression intends to pay strict attention to the positioning of his subject. But with baby operating the camera the question is - who is on the bearskin rug?

Bramalea Population Now Stands at 800

Bramalea, on the eastern outskirts of Brampton, continues its march of progress. The ultra modern housing and development centre's population is rising again. According to Don Kerr, manager of Residential Land and House Sales, there are now 220 families residing in Bramalea, in approximate population of 800. Mr. Kerr expects the complete balance of neighbourhood Number One in the early summer months. This section contains 750 homes. There are 400 Bramalea homes under construction and sold at the present time. The Bank of Montreal has opened a branch office in Bramalea's project building Bramalea Consolidated Development Ltd. and Canadian Mitchell Associates Ltd. have also opened offices in the same building. Mr. Kerr also noted 230 acres in Bramalea, which are registered for immediate building, fully serviced, with paved roads, sewers and water.

Manor Residents See Pictures of Florida

New Year's greeting to the residents were extended from Mr. McGown and himself by Rev. E. K. McGown, minister of Knox Presbyterian Church in Milton, when he conducted the church service in the chapel on Sunday, January 8. Two Passages Mr. McGown read two passages of Scripture, the first from chapter 53 of Isaiah and the second from the First Epistle of John, verses 5-9. Mr. McGown read his very fine sermon on the question that is often asked in the world today: "What is his Christian religion about anyway?" He answered this question by saying that Christianity is concerned with two things, Sin and Salvation. When speaking of sin he said that men, like sheep, are easily led astray and hard to lead back to the fold. But Salvation has been provided for us by Christ's death on the Cross. Christianity is the only religion in which God gives Himself for the salvation of sinners. Mrs. Lockie played the accompaniment for the hymns. Six Week Vacation Through the kindness of Mr. and Mrs. L. Shepherd of R.R. No. 6, Milton, the residents enjoyed a six-week vacation in Florida within the space of an hour on Tuesday evening, January 10. Mr. and Mrs. Shepherd had spent a vacation of this length in Florida some time ago and had brought home a great number of very pretty coloured slides. They shared these slides with the residents, by coming to the Manor to show them in the auditorium. Mr. Shepherd ran the projector and Mrs. Shepherd gave an interesting and informative commentary. Many famous and beautiful places in Florida were visited, among them Miami, Key West, the Cypress Gardens, Silver Springs and Marineland. At Marineland, Mr. and Mrs. Shepherd took a number of pictures of the Educated Porpoises, which proved to be especially interesting. Twelve Games A very informal and "homey" little party was held on Saturday night, January 14, when twenty-five residents assembled in the auditorium to play twelve games of bingo. Mrs. S. Allen called the numbers. Two realists, Mrs. E. Fisker and Mr. W. Hughes, were very lucky in winning three prizes each. Winners of one prize each were Mrs. O. Howard, Mrs. L. Player, Mrs. Wilson, Mrs. R. Tinline, Mrs. Sutton and Lillian Bell. At the close of the games Mrs. and Mrs. Allen served tasty refreshments, consisting of tea, coffee, sandwiches and cookies. Church Service Rev. D. A. Powell, rector of the Anglican Church in Milton, conducted the church service on Sunday afternoon, January 15. He read Psalm 43 and the portion of Chapter 13 of Matthew's Gospel, followed by an interesting

PONTIAC ...so much a part of '61 Franklin Prouse Motors Ltd. YOUR GEORGETOWN AND ACTON PONTIAC - BUICK, VAUXHALL AND GMC TRUCK DEALER Hwy 7 East at Delrex Blvd. Georgetown TRIangle 7-9321

STYLING Meet the car that's so much a part of '61. Pontiac—with its slim, trim, sleek exterior that moves you miles ahead of the rest in elegance and sensible taste... a balanced combination of dignity, prestige and youthful good taste that tells you that Pontiac is undoubtedly the finest car in its field.

ENGINEERING Here's a car that's soundly engineered from the tires up! You're cradled in comfort and security because Pontiac's rugged frame foundation means a lower centre of gravity for safer driving—smoother handling and cornering. And Pontiac's superb suspension gives you a jolt-free ride on any terrain?

LUXURY Step into a new Pontiac... doors are wider, open farther so you can slide into luxurious deep foam-cushioned front seats with greater ease. Seats are higher with all the headroom, legroom, footroom and shoulder room you could wish for. Sparkling upholstery excites the admiration of all. Yet these features barely start to spell out the Pontiac luxury story.

AND VALUE Critical engineering, quality construction, superior new materials and finishes combine to make Pontiac a car that will give you better performance longer... with less maintenance and greater gasoline economy. You'll never realize how much value a car can give you until you own a '61 Pontiac. Whitewall tires are optional at extra cost.
