## ARE SEMI-DETACHED HOUSES FOR THE BIRDS? READ THIS!

MANY PEOPLE think the reason that semi-detached houses are not the things to buy but having just inspected one of our newest listings in this line, I'm not so sure. The home itself is a pleasant, grey brick which would blend readily with any and all trim combinations so that regardless of the trim colors you and your neighbour do care upon the result will be pleasant to look at. As you enter there is a well planned vestibule and a whopping big 13x17 foot living room, really bright and sunny and attractively decorated. The kitchen is the newest, freshest and most fetching colors and finishes gleaming with arborite and sparkling tile floor is a huge 10' x 11' and to this 3 bedrooms — one more than big enough for twin beds plus a completely finished downstairs recreation room, a water softener, aluminum storms and screens and a price tag of only \$12,200 — it's bigger than most bungalows, brighter than a lot we've been in, clean as a whistle. Frankly we think it's a lot of house for the money — why not come along and see for yourself! Just phone TR. 7-3245

## Are 5 B'rooms, 2 Baths, a Garage, Stone Fireplace, and a view a buy

at \$13,900?

ORIGINALLY the owner paid \$14,000 for this home but a chance to move to the USA has prompted him to offer it at this price for a quick sale. The upstairs with two bedrooms and a wash-room could make a self-contained apartment still leaving the downstairs with 3 bedrooms, a big living room with stone fireplace and a bright modern kitchen. If you want a real deal — almost a steal — see this tonight. Phone TR. 7-3245.
