

\$2500 Boost in Grant To Local Public Library

Georgetown Public Library Board got a substantial assist from town council Monday when a 25c per capita increase in grant was voted in the 1961 budget.

Recently the board explained the importance of a renovating program to increase facilities at the old Congregational Church which was given to the town for a library many years ago. It is planned to make more space available for a junior section and to make other improvements to modernize the building.

The new per capita grant of \$1.25 will add some \$2500 to library funds this year.

Proctor & Redfern, who were consulting engineers for the new sewage disposal plant, were engaged as consultants for a lift station which will be constructed to serve the eastern Georgetown industrial area.

Cr. Jim Brown opposed the appointment.

Amendments proposed in the town's agreement with Local 73 of the National Union of Public Service Employees were received and turned over to council's administrative committee for study.

Word was also received from the Police Association that they could not accept council's decision on a brief making certain requests, and that unless further negotiations are attempted, the matter will have to go to arbitration. The letter was turned over to the police and administration committee.

An application to replace a lighted sign at his business premises at Main St. S. from C. Don Barrager was turned over to the town planning committee. A letter was received from Roy Magloughlin and Pat Sykes of Georgetown Citizens Pipe Band asking for \$750 to help purchase uniforms.

The \$211 bid of Hamilton Construction for making a "plan desk" for the engineering office was accepted.

Limits on the town's public liability policy were increased and will now be \$500,000 — \$500,000 and \$50,000 for an extra premium payment of \$177 yearly.

Says Lenten Observance Very Strict in Greece

"Easter is in the very air in Greece," Mrs. D. Metcalfe, Henson Crescent, told members of the Daughters of the Church when they met Monday evening in the Archdeacon Thompson Room at St. George's.

Just as we can feel Christmas here, so in Greece do you feel the Easter Season. It is by far the most outstanding religious festival observed by the Greek Orthodox Church," Mrs. Metcalfe continued.

Lived There
Mrs. Metcalfe is well qualified to talk about customs in Greece, having lived there for many years when she and her husband had a school there. They had to evacuate from Greece at the beginning of the Second World War, leaving all their possessions behind. Mrs. Metcalfe has recently come to live with her nephew in Georgetown.

Grecian Customs
In telling of the many Grecian customs at Easter, Mrs. Metcalfe described how very strictly Lent is observed. For the forty days preceding Easter, adults observe a fasting period during which no eggs, butter, fat or meat is eaten. Children are required to fast for only two days of the week. Good Friday is marked by solemn funeral services, and the climax is reached on Easter Eve, with a Midnight service commemorating the resurrection of Christ. On Easter Day the greeting words "Christ is Risen" are heard on every side wherever you go and the joyful day is marked by feasting. It is customary for every family to roast a whole small lamb on this occasion. If, perhaps, finances won't allow the buying of a lamb, two or three families pool their resources for the traditional feast. Easter eggs are also a symbol of Easter in Greece, but instead of being varnished as we so often have them, the Greeks always colour them bright red.

Tournament Servers
Mrs. Stuart Phillips, president of the Daughters of the Church, described the special appreciation of her organization for the tournament which followed the new grapes for the big Saturday School races were discussed. Material will be purchased and work will begin on them in the near future. Mrs. Ken Exley will be catering for the Silver Tea to be held in mid-May and Mrs. Ted Stagger will convene the base table. Volunteer teams were asked for to serve lunch and drink one day to members of the British Hockey Tournament to be held in town Easter week.

A social hour with a cup of tea, concluded the meeting.

Peel M.P.P. Speaker Terra Cotta Farm Club
The Terra Cotta Farmers Club met at the home of Mrs. Clarence Anderson. At the ladies' meeting the roll call was answered by A. Clewing Hunt. The speaker was Mrs. H. Hess, Home Economics teacher at the High School, whose topic was "Tensions of Home and Job." She pointed out the worries and distresses in the home.

Thirty Nine Tables Play Euchre at Party

The euchre and dance sponsored by the St. Stephen's Guild of Hornby that was held in the Stewarttown Hall on St. Patrick's evening was a tremendous success. There were thirty nine tables of euchre. The ladies high was won by Mrs. D. Hamilton, second by Mrs. William Bradley and low by Mrs. O. Huddell. The men's high was won by a lady, Mrs. Floyd Bridgen, who played as a man, second by Pat Flippance and low by H. Armstrong. A lunch of sandwiches, cake and coffee was served. Doris Halls' orchestra played for the dance with Jim Brooks as caller. Mrs. J. Bloor Sr. of Malton was given a gift for being the oldest lady present. She drew the ticket on the hand crocheted bedspread. The lucky winner was George M. Reed, R.R. 3, Campbellville. There were several gifts given for spot dances and everyone had an enjoyable evening.

Regina Experimental Farm Will Continue

Arrangements for the continuation of the Experimental Farm at Regina, Sask., on a permanent basis were announced today by the Hon. Alvin Hamilton, Minister of Agriculture.

The farm is now operated on 240 acres of land under lease from the province of Saskatchewan, and 579 acres under private lease by the department from W. R. Sinton, Provincially Owned.

The department is releasing the provincially owned land to the province and the province is making available approximately equivalent acreage adjacent to the Sinton property. The Sinton property is to be purchased by the department. The land which is on the southern fringe of the city will give the CDA a permanent experimental farm of some 815 acres and will consolidate its holdings in the Regina area.

Ideally Suited
Agriculture Minister Hamilton said that the Sinton acreage is ideally suited for the purpose inasmuch as it has been farmed extensively by the CDA for several years and has been kept in excellent condition.

The landscape is typical of the Regina Plains area and is mainly level with good drainage. The soil is heavy clay in texture, a type of soil rated excellent for production of hard spring wheat. Water for farming is drawn from nearby Wascana Creek and for human consumption from the city of Regina.

Area Increased
The Canadian Department of Agriculture first moved into the Regina district in 1931 when a small experimental station was opened. In 1940 the Saskatchewan government rented to the department 240 acres on a 99-year lease and operations were expanded. By renting the Sinton farm acreage in 1954 the farm area was still further increased.

STEWARTTOWN
Methew Walker Patterson of 411 Carlaw Ave., Toronto died on March 11th in Toronto General Hospital. He was married to the former Elsie Schabas who lived in Stewarttown a number of years ago.

He is survived by his wife and four daughters: Anne and Joan (Mrs. J. Pittaway) of Kitchener; Elsie (Mrs. E. Locke) and Mae (Mrs. E. Rind) of Toronto; and two grandchildren: David and Richard Pittaway.

Funeral services took place in the home of Mrs. James S. Smith, 1100 St. George Street, on Sunday.

History Professor Has Fine Scholastic Record

This Friday, Dr. Firuz Kazemzadeh will address a Baha'i fireside at the home of Mr. and Mrs. Bob MacMurray, 4 Queen Street.

The visitor was born and educated in Moscow where his father served for many years on the staff of the Persian embassy. From 1940-43 he lived in Iran and then went to live in the United States.

He attended Stanford University in California, graduating with great distinction and being elected to Phi Beta Kappa in 1946. The next year he obtained his Master's degree in history at Stanford and entered Harvard University where he received the degree of Doctor of Philosophy in 1950.

Dr. Kazemzadeh has been at various times a research fellow in Slavic studies at the Hoover Institute at Stanford, consultant to the U.S. Dept. of State, chief of the Soviet officers unit in the information department of Radio Free Europe, research fellow in the Centre for Middle Eastern Studies, and the Russian Research Centre at Harvard, instructor in history and literature at Harvard, and instructor in history at Yale. He is now assistant professor of history at Yale.
