### Don Mills Couple Wed In St. George's Church

St. George's Anglican church, sheath with lily flowers that decorated with bouquets of red and white carnations, was the scene of the marriage of Mary Whet, daughter of Mr. and Mrs. Ernest Hucks, 57 Elm Street, Georgetown, when she became the bride of Ernest Hucks, son of Mr. and Mrs. Frederick Hucks, 1000 Main Street, Toronto. The bride gave in marriage by her father, wore a long-length gown of white nylon or ganza over silk tulle. The moulded bodice was accented with charming lace appliques at the scalloped neck line which was highlighted with sequins. The lace sleeves were long and lay pointed. The very brilliant skirt featured an abundance of ruffles and a wide hem. Her accessories included a wide-brimmed hat with a veil and a matching necklace. The groom wore a white tuxedo with a white waistcoat and a white bow tie. The ceremony was performed by the Rev. J. J. Hucks, rector of St. George's church. The bride and groom were accompanied by their parents and other relatives. The reception was held at the home of the bride's parents.

### Relatives Are Attendants At Hawes-Lemon Wedding

Baskets of blue depictions were Shirley Hawes, sister of Mr. and Mrs. Hucks, who decorated the gown, and Fern Reid, a friend of the bride, who carried the train. Both bridesmaids were gowned in green nylon dresses and white accessories. Identically, the groom's attendants were gowned in white dresses with green accessories. The bride's mother, Mrs. Hucks, was the principal attendant, and the groom's mother, Mrs. Reid, was the principal attendant. The ceremony was performed by the Rev. J. J. Hucks, rector of St. George's church. The bride and groom were accompanied by their parents and other relatives. The reception was held at the home of the bride's parents.

### ABITIBI PROFITS HOLD WELL

The paper and allied products industry in Abitibi Mills has shown a steady increase in profits over the past few years. This is due to a combination of factors, including higher prices for paper and allied products, and lower costs for raw materials.

The following table shows the profits of the Abitibi Mills paper and allied products industry for the years 1961 and 1960.

	1961	1960
Net Sales	\$21,299,541	\$1,167,192
Net Earnings	\$,912,115	\$,054,493
Per Share	1.36	1.40

Net earnings for the first half of 1961 were \$,912,115 or \$1.36 per common share compared with \$,054,493, or \$1.40 per common share in 1960.

Newspaper sales improved somewhat in the second quarter and full year supplements were less than 5% below 1960. Sales of other products were approximately similar to that of 1960.

For most of the year the Canadian dollar remained at a premium to the U.S. dollar, although the rate was lower than in the same period of 1960. In late June the Canadian dollar dropped from a premium to a discount in relation to the U.S. dollar.

D. W. Anderson, president, said in his report to the shareholders: "As matters now stand we expect production in Abitibi Mills for the balance of the year to be at or near the levels that existed in 1960. Any pronounced upturn in general business conditions should, of course, reflect in the production of paper and allied products."

WORDS OF THE WISE  
Conduct is more convincing than language. — Judge Woolman.
