Upholstery Damaged By Fire in Automobile

Fire, which may have been caused by a cigarette butt, did extensive damage to a car owned by Gerry Fendley, 6 St. Michael St. early Saturday morning.

Mr. Fendley had left his car, a 1949 Ford, in the driveway when he entered the house about 10:30 p.m. and about four hours later smoke was noticed coming from the vehicle by Gail Brasby who was driving past in her father's taxi.

Firemen were called and quickly extinguished the fire which by that time had damaged upholstery in the front and back.
