

Specify Covered Garbage Truck In New Municipal Contract

Divided Opinion on Calling for Tenders

A new contract for garbage pick-up will include tarpaulin covering of the open truck, and will require the garbage contractor to pay for his own newspaper advertisements. And from now on, the contract will be limited to a one-year period in place of the previous three.

Council voted for preparation of a by-law Monday with Cr. Bob Burke in opposition. Cr. Burke found some support in his idea that the new contract should be put up for tender.

Cr. Burke said it is possible others might be interested in the contract. Public works chairman Don Braeger said this had been discussed by his committee, and the feeling is that the present contractor is the only one with personnel and equipment for the job.

"We thought it wise to keep on with our present system," he said. "A new company, if it did not work out, could put us in a difficult position."

Not Sound
Asked by Cr. Cass if consideration had been given to the town handling garbage with its own staff, Cr. Braeger said this would not be financially sound.

Mayor Hyde backed him up pointing to the years when the town operated its own landfill machine.

"We have an efficient, economical system. This has been publicized for some time and no one has contacted council for the job," he said.

Only One Able
Cr. Emmerson pointed out that when last tendered, three quotes had been received, only to find that the contract holder was the only one able to handle it.

"He tendered a little higher and it cost the town money, and this could happen again," he warned.

Deputy Reeve Elliott wondered if a penalty clause could be added if contract terms were not lived up to.

"If you add that type of clause then you can expect to pay more money for the job," was Cr. Emmerson's opinion.

One Year Term
Reeve Sargent said he has no complaint with present

service, but that he would like to see competition for the tender. Cr. Cass agreed with this but both said they would vote for the motion as it did not specify hiring but only laid down contract stipulations.

The change to a one year term was made, it was explained, because of doubt that council could award a contract of longer duration.

Blake Inghis grounded out, but the club's leading hitter, Ron Ritchie, hit safely to score McLachlan with the second run of the inning. Jim James' hit moved Ritchie into scoring position and Jim Timleck, the first man to face reliever Tison, singled to load the bases.

Mayor Hyde backed him up pointing to the years when the town operated its own landfill machine.

George town had their biggest inning in the 2nd when they scored 6 runs. A homerun by Jim Timleck added one in the 3rd to tie the ball game. Milton went ahead on 2 runs in the 4th.

McLaren, who went all the way to pick up his 5th win, struck 5 Red Sox and allowed 3 bases on balls. Gerrard and Tison combined to strike out 2 and allow just one walk.

Don McLachlan led in the bases department with a pair of doubles, and Georgetown left 5 men on base to Milton's 2.

Georgetown wound up in the 8th spot in the 7 team loop and will host the league play-offs but will carry the league banner in the Ontario Baseball Association class "B" playoffs.

No opposition has yet been named but Dunaway has been mentioned as the lead off competitor when the roof fell in.
