

Plaque, Cash Prizes for Best Conservation Photos

An award, in the form of a plaque or trophy, will be given by the Credit Valley Conservation Authority for the best photograph on conservation in the Credit Valley watershed during 1961, by an amateur photographer, the Authority has announced. The picture may be in black and white or color and must have been taken during the calendar year 1961. All photographs entered may become the property of the Authority, unless the entrant specifically requests otherwise. There is no entry fee. Entries should be sent to the Authority at its offices at Terra Cotta.

In addition, the Authority has announced a \$25.00 cash prize for the best picture on conservation in the watershed published by a weekly newspaper in the area, and a similar award of \$25.00 for the best picture published by a daily paper. Final date for publication is Dec. 31, 1961.

Awards also will be given for public service in conservation by newspapers in the watershed, and by radio stations in the area.

These awards are being given by the Authority in order to stimulate interest in conservation.

Authority chairman A. M. Greenaway of Port Credit pointed out in announcing the awards, that "The Credit Valley is the most rapidly expanding area in terms of population in all of Canada, and conservation under these terms can be neither leisurely nor passive, it takes on a degree of urgency."

The Authority, established in 1954, has become one of the most active and progressive in the province and encompasses an area of more than 214,000 acres, running from above Orangeville in the north to the mouth of the Credit River on Lake Ontario. The Authority has acquired 1,280 acres of land in the valley. Of this total, 190 acres are in Authority forest, 521 acres in Orangeville Reservoir site, and 569 acres in the various conservation areas.

Recent developments on these areas include the establishment of picnicking and camping areas, construction of dams and spillways for ponds, the building of a change house and rest-room booth at the Terra Cotta Conservation area, the clearing of new roads, and the construction of a scenic trail on the south shore of the pond. The Orangeville Reservoir to protect existing historic sites is being cleared and improvements are being carried out in the Wilcox Conservation area, to improve camping facilities.

Sam Penrice Vice-President Manx Society

A Manxman by adoption, Sam Penrice, 36 Princess Anne Drive, is now second vice-president of the North American Manx Association. Mr. and Mrs. Penrice and son Douglas attended the convention in Montreal at the Mount Royal Hotel which took place from August 13th to 17th. Mrs. Penrice is a native of Ramsey on the island, and while Mr. Penrice is a mainland by birth he lived there following his marriage and is every bit as enthusiastic a booster as the natives. One hundred and twelve people registered the first day and were joined by Montrealers later for the festivities. The association was organized over thirty years ago in Cleveland, where many Manx residents had emigrated. It is held every two years and the Penrices are planning to attend the 1963 convention in Chicago. Greetings were read at the convention from several other societies including the West Riding, Yorkshire, where Mr. Penrice's younger brother Harry Penrice is president.

THESE AND GROOM TOO

MRS. EDDIE HAWES, nee Elizabeth Lemon, doesn't let the big ones get away! Shortly after her marriage to Ed, a nephew of Mr. and Mrs. R. Hawes of King Street, Betty hooked these two whoppers while fishing in the French River district. The couple have returned from their honeymoon to live in Acton.

To Halt Vandalism

Parents May Also Be Charged - Chief

Georgetown's malicious damage perpetrators are apparently modernizing their attack on public property — from rocks to air rifles.

Police chief Roy Haley told the Herald that a new wave of vandalism was evident locally and this time it's being inflicted by air powered rifles. He said a little girl had been hit by a pellet from one of the guns.

Illegal in Town

"It's illegal for air rifles to be discharged in the town limits," he said "and any juvenile in possession of the weapon will be severely dealt with."

"Parents having knowledge of their juvenile using an air rifle in the town limits may also be charged with permitting," he said.

Promise More Midway Rides For Fall Fair

Just another month until the music of the circus organ and the bark of the midway showman will be heard over Georgetown Park. This year promises to be even better than last, as the Bernard shows have promised still more rides and attractions for the young and those who feel young.

So mark this date down on your calendar, Sept. 22 and 23 and let nothing hinder your attendance at the fall fair.

For those who like to see the best in livestock, a trip to the far corner of the fairgrounds will indeed be a treat. This is where the "young farmers and farmerettes" stage their dairy and beef cattle judging competitions. Beautiful wrist watches and cash prizes are offered in these classes, and draw contestants from all over the county. The Canadian Imperial Bank of Commerce supplies one of the watches, and this year Boughn's Jewellers are supplying the other.

For the best Jersey herd in the show, the Royal Bank trophy will be at stake.

While the poultry lawn show was forged to reduce some of its classes due to lack of space, it was made up for in the number of special additions.

The Georgetown Police Association will feature a Safety tent on the grounds, as will

the Halton County Survival Unit. There will be at least four eating places, as local groups have already contacted for space.

Mrs. Ken Ella of Hornby is this year president of the ladies section of the fair, and has things well in hand to receive the large entry that is anticipated in this department. This week end the prize lists will be available from the secretary, Trevor Williams, or may be picked up at the Herald office.

Alexander Oats Tops in Halton

Mac Alexander & Sons, R R 1, Norval, won first prize with 88 1/2 points in the annual Field Crop Competition sponsored by the Halton Agricultural Society. This year's crop of oats was judged last week by Elgin Laughlin of Caledon.

Others in the order they placed were: Clare Smoke of R R 1, Burlington, 88; Tom Bousfield R R 4, Milton, 87 1/2; G. E. Readhead, R R 2, Milton, 86 1/2; Fred Nurse, R R 2, Georgetown, 86; H. Craig Reid, R R 6, Milton, 85 David Lawson, R R 5, Milton, 84; Harold Middlebrook, R R 2, Milton, 82 1/2; Brock Harris, R R 6, Milton, 82; R. A. Hurren & Son, R R 2, Campbellville, 81.

Judge Laughlin said that although much of the oats was flattened by a recent storm, the crop was still good and the yield was excellent. Mr. Alexander's fields would yield 80 bushels per acre while the second prize field of Mr. Smoke would yield 85.

THE MAIL BAG

Thanks Firemen for Saving Farmhouse

The Editor,
Dear Sir:

I would like to express my thanks and commend the Georgetown Fire Brigade on a very efficient job in confining the fire which I recently had at my Normal farm.

I am sure that if it were not for their alertness, and their professional way of handling the situation, my farmhouse would have been a complete loss, and the citizens of Georgetown should feel they are in very good hands with such an efficient brigade.

Yours very truly,
H. D. Macpherson

Arts & Crafts Members Appearing on Television

Arts & Craft of Georgetown will be receiving much publicity on television in the next few weeks, with members booked for several appearances.

Kitchener TV will feature Mrs. George Ironside and Mrs. Hoey on a noon-hour program telecast at 12.45 on August 30th, and Mrs. R. R. Corbett and Miss Lucy Molesworth on the same show September 5th.

Free and Easy Mrs. Dorothy Stone will appear on the Channel 9 show "Free and Easy" on Sept. 8th. And on Sept. 5th the Barrie station will have Mrs. Alex Reader and Mrs. Tom Beer on its 3 p.m. Wendy Hicks show.

The shows will be plugging the annual Arts & Crafts show which this year will be moved from its usual Georgetown location to the farm home of Mrs. Elizabeth Wilkes Hoey.

Work With Clay. Arrangements for the exhibition and sale were discussed at a meeting on August 17th at the home of Misses Lucy and V. Molesworth, Charles St. There will be demonstrations in spinning, weaving and metalcraft and a guest, Mr. Jack Herriman, will work with clay.

Mrs. Denney Charles was appointed secretary for the organization for the remainder of the year. Miss Dorothy Stone, Mrs. Longwood and Mrs. John Glynn assisted the hostesses in serving tea. Four ladies were welcomed as new members, Mrs. Olive Breckenridge, Mrs. John Mills, Mrs. Harry Woodcroft and Mrs. Denney of Acton.

Plans Proceeding For School For Retarded

Plans for the construction of a new school for retarded children of North Halton are still proceeding, according to a report this week from Gerry Addison of Milton, chairman of the North Halton Association for Retarded Children's building committee.

He reported the architect is working on detail plans for the schoolhouse, which is to be erected on the Seventh Line north of Hornby. Approval of the plans has been received from the Fire Marshal's office, and authorities are awaiting the okay of the Department of Health. Once this approval is received the organization will be able to call tenders.

However it is not known whether or not the school can be built this year. Milton's campaign, along with the district campaign by the Women's Institutes has realized \$11,000 and this, along with money raised last year, brings the total to around \$15,000. But to date no results of fund raising campaigns in either Georgetown or Acton have been received.

Mr. Addison said it depends on how much these municipalities have raised, whether the school can be built this fall or held over until next year. Total cost of the proposed school is \$40,000.
