Jackie Robertson returned home from Milton District Hospital on Friday and is improving rapidly.

Mr. Kenneth Ketchen, of Milton, lay reader, took the service at St. Stephen's Anglican Church on Sunday morning in the absence of Rev. J. E. Maxwell.

A miscellaneous shower was given in honor of Miss Mildred Johnson, daughter of Mr. and Mrs. Arthur Johnson, formerly of the Hornby district. The shower was held at the home of Mr. and Mrs. Clifford Hunter with sixteen ladies attending. Requiem mass was held in St. Patrick's Church, Markham, on Monday, August 21st, at ten o'clock. Interment was in Holy Cross Cemetery.

Town Engineer Breaks Arm in Car Accident

Geoffrey R. Bligh, George town's town engineer, suffered the car rounded a sharp curve, a broken left arm when he fender struck the right banked after a car accident sharply to the left and into a tree early last Thursday morning. Mr. and Mrs. Bligh had a picnic at the farm home of Mr. and Mrs. Wm. F. Hunter near Terra Cotta. Starting for home in their Land Rover, he took a wrong turn, proceeded along a road, then turned back towards the road leading to treatment for a broken arm and dislocated elbow.

Munn's Church Ceremony Lorne Bentley, June Fish

In a wedding ceremony on Saturday, August 18, at Munn's United Church, Trafalgar, Miss Kayville, became the bride of Lorne Willoughby Bentley. The bride is the daughter of Mr. and Mrs. Lorne W. Fish and teaches in Hamilton. The groom is the son of Mr. and Mrs. George K. Bentley, and is a retail store clerk in Streetsville. Standards of white and pink gladioli with white and turquoise mums adorned the church for the 3:20 p.m. ceremony. Dr. Douglas Jay of Port Credit officiated. Miss Muriel Smith of Hamilton accompanied Miss Lorne Bentley as the bride. The Wedding Prayer and Benediction were read by the Rev. Mr. Jay. About 135 attended the dinner reception that evening at Trafalgar Memorial Hall. The bride's mother received in a dress of beige lace with moult bodice, accessories of spinner green and a corsage of roses. The mother of the groom wore a dress of aqua lace and long tapered sleeves. French chintilly re-embroidered lace ornamented the neckline and her finger-tip silk illusion veil was held by a crown of pearls and rhinestones. She carried a cascade of better time roses, white stephanotis and ivy. She also wore a single strand of pearls and matching ear rings, a gift of the groom. Her matron of honor was Mrs. Sam Harrop of Milton, the bride's sister. She wore aqua silk organza sheath over tulle with cap sleeves, with bouffant overskirt with matching length gloves. Bridesmaids were Mrs. Bill Bradley of Oakville and Miss Brenda Turner of Hornby, the bride's cousin. White carnations and yellow baby chrysanthemums decorated Knox Presbyterian Church, Brampton, for the wedding on Saturday of Dini Johanna Cornelia Helena Weegink to Jan Cornelis DeBoer, Rev. Dr. Crawford Smith officiated for the ceremony, which was attended by a number of Georgetown guests. The bride is a daughter of Mrs. G. Weegink and the late Mr. Weegink of Hengelo, the Netherlands. The groom is a son of Mr. and Mrs. A. DeBoer of Amsterdam, the Netherlands. Given in marriage by the groom's uncle, Mr. R. Spikman, the bride was lovely in a princess style gown of white silk brocade with full length skirt, rounded neckline and long lily point sleeves. A crown embroidered with white pearls held her veil of heavy Brussels lace and she carried a bouquet of pink roses, white stephanotis and trailing ivy. Mrs. Rose Vanderweil, Guelph, cousin of the groom, attended the bride as matron of honour. She wore a street length gown of deep purple peau de soie. Her headpiece was a bow of deep purple taffeta and she carried a bouquet of white carnations and purple Chinese asters with ivy. Bridesmaids were Mrs. Alice Farnworth, Burlington and Miss Sonja Beuzen, St. Catharines. Margaret Vanderweil of Guelph was flower girl. They wore gowns of lilac nylon over lilac taffeta with matching bow headpiece carried bouquets of white carnations and trailing ivy. J. R. Farnworth, Burlington, attended the groom as best man. Ushers were I. Vanderweil, Guelph, and D. Spikman, also of Guelph. A lawn reception was held at the Parkway Motel, following the ceremony. For a honeymoon trip to northern Ontario, the bride donated a summer suit of mauve and yellow cotton tweed with mauve and white accessories. The newlyweds will reside in Guelph. Out of town guests were present from Georgetown, Burlington, Hamilton, Acton, Arthur, St. Catharines and Goderich.

Weed Control News

KILL EARLY SPRING WEED IN THE FALL

Yellow Rocket is one of the fastest spreading weeds in this part of Ontario. In May of this year we were quite alarmed to see so many fields yellow with this early Spring weed. It usually appears for the first time on a farm in a field which has been newly seeded. There seems to be plenty of this kind of circumstantial evidence to assume that "Rocket Seed" is sometimes present in clover seed. The Government was aware of the seriousness of Yellow Rocket when back in 1907 it passed it as a primary noxious weed under the Canada Seeds Act. Since that time, farmers who have used No. 1 Grade clover seed have had the protection of this Act. No. 1 clover seed cannot contain even one "Yellow Rocket" seed. So the best way to prevent acquiring "Rocket" is to make sure that you are seeding down with quality clover seed and grass.

Can Be Controlled
However "Yellow Rocket" can be controlled and according to the Ontario Department of Agriculture, the fall of the year is the proper time to do this job. In the early spring many fields are too wet for spraying equipment and very often clovers are present and in this case the necessary chemical to kill Yellow Rocket will seriously damage alfalfa and red clover. Extensive tests of control measure have been conducted by the Ontario Dept. of Agriculture which have resulted in the following recommendations for 1961.

MCP applied at the rate of 6 oz. acid as amine per acre at a cost of 60¢ per acre for material has given fairly good results. 2,4-DB applied at 20 oz. acid as ester in 20 gallons of water per acre with the cost of material per acre \$4.00. This application in late September or early October when the legumes have been killed by the fall frosts has resulted in excellent control of Yellow Rocket with no damage to clovers.
