Brampton Area Farmer is World Champion Plowman

Wins Title in Overseas Match

A brother of George Dixon, R. R. 4, Georgetown, William Dixon of Brampton, has won the World Plowing championship at Grignon, France. Mr. Dixon, who operates a dairy farm with his father, is the first Canadian plowing champion since his neighbour, James Eccles, won the first world match in Canada in 1953. He scored 144.11 points out of a possible 200 to place ahead of Hans Alan Magson of New Zealand and Hans O. Sylling of Norway.

Two Days

Mr. Magson totalled 140.15 points and Mr. Sylling 138.65 in the two-day competition, which included one test on stubble ground and a second on grassland.

Mr. Dixon's teammate, Albert Raymond of St. Benoit, Que., placed 13th with 130.29 points. Two Northern Ireland competitors Andrew Barr and James Musgrave, placed last with about 66 points each after refusing to take part in the final competition because it was Sunday.

Mr. Dixon, Ontario plowing champion in 1959 and Canadian champion in 1960, is married and has one son.

Mr. Dixon's victory climaxed a career that started when he went into the fields soon after he was able to walk to watch his father plowing.

In Brampton, Mrs. Dixon said her husband worked very hard practising after the chores were finished before going to France last week-end.

His father recalled that he started teaching Bill when he was a youngster. He added that "Bill later got expert guidance from neighbour Jim Eccles, who won the first world match in 1953."

Gold Plow

After his victory was announced he received the white scarf with gold letters to proclaim his title. Later he posed for texts before, but I won't come back again," he said. Photographers with the gold plow emblematic of the championship. He will receive a small copy of the big gold plow. He told reporters: "I am very

going difficult in Saturday's heavy rains.

Underground Palermo River Being Traced

A summer project currently being carried out by Sixteen Mile Creek Conservation Authority is the tracing of a subterranean river bed in the Palermo district — a co-operative project sponsored by the Ontario Agricultural College and the Authority.

Three students and assistant field officer P. S. Waters of Hamilton are working on the project. The students are Gerry Vessels, a South African post graduate student of O.A.C., Matti Niskanen, a University student from Helsinki, Finland, and Joe Martin of Milton, a Pickering College student. The costs are being shared by the O.A.C., the Authority, and the Provincial Government.

Their job is to trace this underground river through reservoir tests, and they are working toward Milton, hoping to link this water source with one recently discovered near the Kelso Dam, northwest of Milton. This spring the river was test-drilled and the geologists found 25 feet of water bearing gravel, starting 20 feet below the ground.

To date they have searched the first commission north of Highway 5, testing the river's depth and width.

Another student working with the Authorities this summer is Grant Head of Burlington, a third year geography student at McMaster University. He is working mainly with The Twelve Mile Creek Conservation Authority, and is doing development plans on the various conservation schemes.

Recently the Sixteen Mile Creek Authority has adopted the plan of getting any younger two new schemes. Two ponds have been at one of these con. at Campbellville are being checked and plans have been forwarded to the Department of Commerce and Development for approval. At the request of the Township of Trafalgar, the Authority has adopted the acqui-

SOCIAL and PERSONAL

New Service For Simpsons-Sears

On Monday, October 2 Simpson's and Simpsons-Sears introduced a new free direct line telephone shopping service and next day delivery of most merchandise to nearly 250,000 people living outside Metropolitan Toronto.

"This new service," says Mr. T. L. Robinette, Vice-President Operating, "will allow customers as far away as Georgetown to call a local telephone number which will automatically give them a direct line to any one of 190 telephone sales clerks in our downtown Toronto Store."

Mr. Robinette said the ordering department, largest in North America, will be expanded to about 225 clerks within the next month to handle the anticipated increase in business. In addition, the telephone shopping hours have been extended to cover the period 8 a.m. to 9 p.m., Monday to Friday and 8:30 a.m. to 5:30 p.m. on Saturdays.

This new expanded telephone shopping service will allow Simpson customers to order items from the Simpson's-Sears catalogue and most merchandise from their Toronto store for next day delivery.

While not entirely new in Canada, the scope of this

LABATT'S APPOINTMENT

R. B. STITT

Mr. J. W. Murray, Director of Marketing, Ontario Division, John Labatt Limited, announces the appointment of Mr. R. B. Stitt as sales manager, Western Region. Widely known in Hamilton — where his new headquarters will be located — Mr. Stitt's area of responsibility will include Guelph, Kitchener, Waterloo, Preston, St. Catharines, Niagara Falls, Welland, Brantford, and Burlington. Following overseas service during World War II with the RCAF, Mr. Stitt entered the University of Western Ontario, receiving his B.A. (Hon. Business) in 1950. Later that year he joined Labatt's service in marketing and sales supervisory capacities in Hamilton, Toronto and Ottawa. In April, 1958, he was appointed Sales Manager, Eastern Region with offices in Ottawa. In addition to his broad background in the brewing industry, Mr. Stitt brings to his new post a record of activity in community affairs.

direct-line service is much wider than anything else of its kind in department store use in Canada.

Showers Honour Brampton Bride

Two miscellaneous showers were tendered for Miss Judy Harley prior to her marriage on September 23rd. Mrs. E. Young was hostess on behalf of about 30 friends and neighbors of Sunset Blvd., Brampton, and Mrs. John Perrotti entertained the bride on behalf of school friends and relatives.

THE GEORGETOWN HERALD Thursday, October 5th, 1961 PAGE 3

BATTERY OF ELEVATORS

The Empire State Building in New York, which is the world's tallest structure, has 58 main passenger elevators to transport the thousands of people who work in the building or use it. The Book of Knowledge points out that many of these are Mr. John Perrotti entertained the bride on behalf of school friends and relatives.

1962 FORD FALCON

The 'distinctly Falcon' lines of the 1962 Ford Falcon have been retained while adding styling refinements to the exterior and mechanical and engineering improvements that make this 'best-selling' Canadian compact even more economical to maintain than at any time since its introduction in October, 1959.

1962 GALAXIE '500'

The Galaxie '500' hardtop for 1962 retains the crisp taut lines of the traditional Ford styling but have dropped the fins completely. The Galaxie profile for 1962 is 'distinctively improved' and with the mechanical and engineering improvements built into this year's model will be even easier to maintain and much more economical to operate.
