PROSPECTIVE CURLERS CAN WATCH THEN PLAY

AS SOON as the North Halton Curling Club install their four sheets of curling ice the aspirants and the curious have the run of the house during Open Curling Days of November. Those who don't want to get their feet wet right away may observe from the lounge before casting the first stone.

When the ladies served turkey dinners to some three hundred of the new Limehouse Presbyterian Church basement on Tuesday evening last week, the crowd exceeded expectations, but all report a good meal.

Mrs. K. Githof and Rosy have just returned from a trip to their homeland, Germany.

Limehouse Presbyterian Church services have returned to the afternoon at 2:30, with Sunday School before at 1:30. Services are withdrawn on October 15 for Georgetown Knox anniversary.

Investing Money is Topic for Speaker

The Altona Junior Farmers and Junior Institute met on Friday evening at the home of Joan and Bill Hunter for their October meeting with the theme for the girls section of the meeting.

Deana Dolson read a paper emphasizing the point to remember when choosing materials. The roll call was answered by "How I Would Like to Invest my money." The investments ranged from trips to owning night clubs.

At the joint meeting, Mr. Doug Latimer of Georgetown explained several ways of investing money and the risks involved with each.

Robert Macdonald discussed with the Junior Farmers the topic "Ways to Better Milk". Plans were made for the group's trip to CFTO TV on Oct. 12. They also discussed the debates and public speaking competition to be held later in the month.

NORVAL

Korean Boy to Get W.I. Christmas Parcel

The regular monthly meeting of the Norval Women's Institute was held on Thursday evening, October 5th at the home of Mrs. H. Gollup with the president Mrs. H. Collins in the chair.

The meeting was opened by the Institute Ode and the Mary Stewart Collect.

The roll call was answered by explaining "A trend or policy of agriculture or a modern farm implement and its use."

A report on the Area Convention was given by Mrs. G. Chester which was held at the O.A.C. Guelph on September 28 and 29th and Mrs. Chester and Mrs. D. Murray were the Norval representatives.

The Christmas parcel to the adopted Korean boy is to be ready by the middle of October. Some of the members brought their gifts to the meeting.

Mrs. K. Webb and Mrs. Chester attended the District Directors meeting held in Milton on October 2nd and Mrs. Webb gave the report of the meeting.

Several conveners two minute reports were given after which the meeting was turned over to Mrs. I. May and Mrs. K. Webb, Agriculture conveners.

Mrs. May gave the topic "Peace of the world depends on food," which was enjoyed and Mrs. Webb gave a very interesting paper on "Sewing Series" after which she had a jumbled flowering shrub and perennial contest which was won by Mrs. Wm. Graham.

The meeting was closed by "God Save the Queen" and lunch was served by the hostess, assisted by Mrs. R. Crawford and Miss Prairie Maguire.

John Wilson, son of Mr. and Mrs. Spencer Wilson brought honour to Halton County when he placed 2nd for boys 18 and under at the Ontario Ploughing Match held at Belleville recently. Congratulations John.

Mrs. Cecil Adams has begun repairs on his home which was gutted by fire early in August. His "never say die" determination has helped him over rough going before and he is sure it will see him through again. "A guy has to have a place to live," he states. Not afraid of hard work, Mr. Adams, although over 80, plans to be living in his home before winter.

We are pleased to learn that the raw sewage from Georgetown will soon be stopped from contaminating the Credit River. Residents living beside the Credit complained that during the hot humid spell in the summer it was almost impossible to sleep for the smell.

Health authorities won't promise that the river will be entirely free from pollution following this improvement but there could be nothing worse than the raw sewage that has been pouring into the Credit.

We trust the Ontario Water Resources Commission and the Health Dept. will continue to work towards clearing all sources of contamination.
