ARCHIE RIDES THE ODDS TO 100 LAP WIN

FAVOURITED TO TAKE all the marbles in the North Halton Kart Club feature 100 lap championship event at the Limehouse Track Sunday, Archie Chase (on cart) did just that though Ed Millman (front left) gave him a run for the money through most of the grueling test to finish a close second. The other men in the picture are Archie's pit crew.

GENERAL LEE BEFORE THE BATTLE

RAIDERS HELD THEIR first practice Sunday morning and Coach Elmer Lee wasted little time in putting his charges to the whip in an effort to have his club in skating form for the exhibition till here Friday night against the Brampton Junior A's. Here Elmer talks strategy with (l to r) Bob Demerse, Dave Irons and Wayne Thomson.

New Kart Proverb — 'He Who Chases Chases Champ'

Archie Chase of Port Credit is 'king of the Karts' for 1961. Driving his star spangled No. 7, Archie pushed the accelerator to the floor as he crossed starting line in the pole position and left it there for most of the 100 lap North Halton Kart Club feature race Sunday when he outdistanced everybody to earn the crown. The feature race included a field of all the fastest karts — the best of the Modified A class.

Only man to give Arch a real pursuit was Ed Millman who stuck close enough to grab second. For a number of laps the pair circled the track like they were tied together. Sneaking into the third spot was Bill McCormack who pulled quite a stunt in finishing with the leaders since his mighty-mite power plant was the smallest on the track.

The grueling torture test was for race time. He went any- too much for a number of the year in Jim Wilson's Standard machines which left the con- A class kart and finished 5th test before its completion. Al behind Cy Wilson. Brampton's Revamped Junior A's Cut Their Teeth on Raiders Friday

Georgetown hockey fans get a chance to size up Brampton's glossy new Junior A club Friday when the Raiders take them on in the first of an impressive pre-season exhibition schedule here Friday night.

The revamped Brampton's have been trimmed, strengthened the Smythe people for the higher atmosphere of the flashy Junior A circuit, and the brass won't be smiling if Georgetown's 1961-62 Raiders pin their ears back like they did the Hamilton Junior A Red Wings last year.

Though most of the old Brampton 7-Ups were given their walking papers by the new bosses who injected a lot of Toronto blood into the line-up. Some regulars were, however, kept around including localites Brian Lewis, Ralph Falkingham and Bob Bingham. Cameron has so far been retained in the nets, and Pettibone, Croll and Seager have apparently earned a stay with their old club. Bob Savage has been rehired to run the team from the bench.

a reliable source, Ken McMillan who says Bradford will definitely be playing in this loop and will only play a few interlocking schedule games with their northern cousins. The Hamilton Red Wings are on the list of preferred competition of the exhibition hungry Raiders and Junior A Wings have apparently snapped up the offer for "a second chance at the club that upset their cart in front of a packed house last term. If Milton sniper Jackie Price hadn't been given the coaching job he wouldn't be playing hockey for the county town this year. Reason? Jackie likes the long green stuff that goes with the position. Club execs like Jackie's goal production so had to go along with the squeeze play.

John Siersema Completes RIA Course

Mr. John Siersema, 67 Prince Charles Drive, has recently been advised of the acceptance of his application for Registered membership in the Society of Industrial and Cost Accountants of Ontario and granting of the RIA designation. Mr. Siersema is cost accountant for Varian Associates of Canada Ltd. His thesis entitled "The Learning Curve," was published earlier in the Society's monthly journal "Cost and Management."

This announcement marks the successful completion of a four year course of study conducted by University of Toronto and McMaster University. Over 3200 student members were enrolled during the past term in the Ontario Society, one of the ten affiliated provincial societies which conduct the R.I.A. courses in co-operation with twenty-two Canadian Universities.
