

HOLY CROSS WEDDING

MR. AND MRS. STUFKO, now living at 5 Albert St., were principals in a recent wedding at Holy Cross Roman Catholic Church where they were married by Rev. Edgar Devent, O.F.M., Cap. Pastor. The bride is the former Noreen Annie Leece, daughter of the late Mr. and Mrs. Amos Leece, of Georgetown, and the bridegroom is the son of Mr. and Mrs. John Stufko of Renfrew.

Future Appears Bright For Mentally Retarded

Several members of the North Halton Association for Retarded Children attended a special meeting in Hamilton last week. Three associations, Hamilton, Burlington, and North Halton, gathered together to hear Dr. A. Finlayson, superintendent of the new Hospital School at Cedar Springs, which serves this area, speak about the school and various aspects of mental retardation.

His first topic dealt with research into the fairly recent discovery of phenylketonuria, commonly known in professional circles as PKU. PKU is a type of mental retardation which occurs possibly once in forty-thousand children and is a disorder of metabolism. This can definitely be diagnosed and the process largely arrested by carefully designed diets.

At the present time, he advised, obstetricians are studying prematurity, which associates itself with mental retardation. Expert brain surgery to improve the severely retarded, too is a conjecture of the future.

As an example of the progress possible with coordination of science and public understanding, Dr. Finlayson compared tuberculosis 50 to 60 years ago to present-day difficulties being experienced with mental retardation. TB was a public health scourge and stigma was attached to those affected. Science has now brought about prevention and cure and it is hoped that in the future problems of mental retardation will meet the same degree of solvency and public understanding. It is the right of every child to be helped regardless of age, race, creed or sex.

There are now 7,000 adult and mentally retarded children being cared for in six hospital schools. The Ontario Dept. of Health are planning a coordinated program for the provision of hospital facilities at the community level. A hospital school must not be the end of the road, humanity owes more to these children, and Ontario will not let this happen, Dr. Finlayson said. It is estimated that 3% of the population are mentally retarded. Of this amount 75% are mildly retarded and with adequate care and training can remain within the community. Many in this group attend our hospital schools and return to the community. The other 25% are severely subnormal and are best cared for in hospital schools.

Dr. Finlayson spoke of the tremendous growth of parent groups and associations not only in Canada but also in the U.S. and England. There are now 70 OARC schools, catering to the mildly retarded.

The advisable hospital school admittance age depends largely on the circumstances. The World Health Organization states that the child should remain at home with the mother until the age of three years. One fact mentioned by Dr. Finlayson is that through the use of present day drugs the life-span of the mentally retarded has been prolonged forcing the provision of more and better facilities.

Dr. Finlayson then gave visitors insight to the problems being experienced at the school, the workings of various departments, future projects and objectives, and concluded his talk by showing many slides of the school.

The evening was interesting, informative and one more members were made aware of the tremendous work others are doing in caring for those less fortunate than themselves.

FARM NEWS

Margaret Atkins is Homemaker Delegate
by Miss Frances Lampman Home Economist

A Halton County 4-H Homemaker Club member has been selected to attend the National 4-H Club Week in Toronto and Ottawa this year. Margaret Atkins, the daughter of Mr. and Mrs. George S. Atkins of Oakville, R.R. 2, and a member of the Palomona South 4-H Homemaker Club, will be one of the fifteen Ontario delegates to National Club Week.

Margaret has been selected for her outstanding work in 4-H Homemaker Clubs. She has completed 12 club units, all with a high standard of work and has made a good contribution to her club. She is an accomplished sewer and is active in her community, in her church and also participates in sports, especially swimming and skating. Margaret is presently in Grade XIII and on completion she plans to attend Macdonald Institute and from there go into post-graduate work in Home Economics. She hopes eventually to work with the United Nations.

The 37th National 4-H Club Week will be held this year from November 11 to 16. Fifteen delegates from each Province will meet in Toronto and Ottawa as guests of the Canadian Council on 4-H Clubs. They will be given opportunities to discuss subjects affecting Canadians as citizens and Canada's role in world affairs. In addition they will be honoured to banquet, attend the Royal Agricultural Winter Fair and visit Ottawa and Niagara Falls.

Other honours in 4-H work this year are: National 4-H Week is the highest award.

Congratulations to Mr. and Mrs. H. Koyl on the birth of another little daughter last week.

Mrs. Kay Stone of Toronto visited with Mr. P. West on Sunday.

The stipend of the community is extended to Bob and Charlie Hancock in the death of their mother in Georgetown hospital recently.

A number of Glen Eden patronized the Home Help bazaar at Union Church on Saturday. They report an excellent display of everything one could wish for at a bazaar.

Beginning next Sunday Rev. L. Freil will be taking charge of the United Church service at 10 a.m. each Sunday.

Merle Roof attended the Progressive Conservative leadership convention in Victoria, B.C. for three days last week.

Choir Members Take Part at St. John's

Some members of the United Church choir here took part in the musical efforts of the preaching in song service on Thursday evening at St. John's United in Georgetown. They report the musical speaker inspiring.

Reading Material can Combat East Communism

Journalist Tells Need To Presbyterian WMS

The Presbyterian W.M.S. Alexander Auxiliary Fall meeting was held in the church on Tuesday afternoon, October 24th. The president, Mrs. Clure Archdekin, was in the chair. Mrs. Jack McClure thanked all those taking part in the meeting.

The meeting was closed by singing hymn 692 followed by prayer, after which a lovely lunch was served in the basement and a social time enjoyed.

Miss Norma Murray held a miscellaneous shower for her cousin Miss Marilyn Murray of Stewarttown on Monday evening, October 23. Guests consisted of the bride and her relatives and friends of Miss Murray. The evening was spent in games and entertainment. Miss Jackie Barclay, cousin of the bride, assisted her in opening the lovely shower gifts after which lunch was served by Mrs. Joe Murray and Norma.

Mrs. J. W. Stewart of Carleton Place, aunt of Mrs. Ed McLean, visited with the McLean family for a week and while there renewed old acquaintances.

On Thursday afternoon Mrs. G. Thompson and Mrs. Kirby of Toronto visited with the McLeans and Mrs. Stewart and Mrs. Kirby had an enjoyable visit remembering old times as it was 50 years since they had last met.

On Tuesday, October 24, visit many adults and children who were just learning to read in the village. The Communists are found her daughter from St. Boniface the street stands in Thomas and her sister Mrs. dia with very cheap reading Donna Gollop of Regina. It material to influence the read has been about 15 years since no Christian literature in the Mrs. McPherson and Mrs. Goid stands. The need for interest were more of the late ing but cheap Christian litera Mrs. J. McPherson.

dehydrated?

YES!

Water condensate and impurities accumulate in all stored oil. Pumped into your tank in this condition without treatment, the water and impurities in the oil will cause tank corrosion and system fouling.

To eliminate the risk of messy and costly tank leakage, and to aid in the dependable performance of your heating system, every one of our trucks is equipped with the exclusive HY-TEN 30 DIHYDRATOR & FILTER. Every delivery of HY-TEN 30 passes through this dehydrator and filter on its way to your tank, assuring you of the purest, most water-free oil ever delivered. A special ingredient in HY-TEN 30's premium additive emulsifies any subsequent condensation in your tank causing it to burn harmlessly through your burner and become evaporated. Result: Smooth, trouble-free performance and infinitely longer tank life. Lots of peace of mind for you.

Brampton's Population Hits Record 18,550

Add Ten Thousand Ten Year Growth

Brampton's population soared to a record 18,550 last month, ranking the town in the same class as many Ontario cities. With a sharp increase of 1,603 in the past year, Brampton has now passed cities like Owen Sound which were twice its size a decade ago.

The phenomenal growth of Brampton in the past 10 years has made it one of the fastest growing towns in central Ontario. In proportion to its population in 1951, Brampton, with an increase of 123 percent, has outstripped such expanding places as Guelph which increased 43 percent; Barrie, 64 percent increase, and Orillia, 22 percent increase.

In 10 years Brampton has added approximately 20 miles of road, 40 miles of sewers and water mains and about 40 new industries. The population has grown from 8,301 in 1951 to the present 18,550.

62 Industries

The great influx of industries is a major factor behind Brampton's rapid growth. The diversity of these industries represents a cross section of modern manufacturing and technology.

This diversity gives a healthy balance which should act as a safeguard against economic setbacks such as affected the area when A. V. Roe Ltd., AMI, made a drastic reduction in staff a few years ago.

Totalling 62, the industries to date are:

American Motors (Canada) Ltd., Rambler cars; American Sterilizer Co. of Canada, pharmaceuticals.

Bendal Machine Co., stamping and tools; Brampton Brick Ltd., bricks; Brampton Lumber Co. Ltd., building supplies; Brampton Optical Co. Ltd., ground lenses; Brampton Paint Co., paint; Brampton Trim Co., upholstery; Brampton Poultry Co. Ltd., dressed poultry; Brampton Pre-Cast Concrete, patios, sidewalks; Bray, Fred W. Ltd., baby chicks; Benson and Hedges (Canada) Ltd., tobacco products.

Cameron Windows (Aluminum) Ltd., aluminum windows; Calvert, Walter E., Florists, Canadian Baker Perkins Ltd., bake ovens; Canadian Memorial Co. Ltd., overhead material, hand equipment; Cementation Co. (Canada) Ltd., contractors; Central Sales Ltd., veterinarian supplies; Charters Publishing Co. Ltd., printers; Copeland - Chatterton Ltd., loose leaf accounting; C and P Accessories, plumbing products.

Dale Estate Ltd., florists; D. H. I. and Capria Products Ltd., aluminum and wood windows and doors; Designed Precision Castings Ltd., castings; Dixie Cup (Canada) Ltd., paper cups, etc.

English Plastics Ltd., plastic

articles; Electric Power and Accessories, electrical equipment.

Flexonics Corp. of Canada Ltd., flexible metal hoses.

General Latex and Chemicals (Can.) Ltd., latex compounds; Gerry Lewis Ltd., leather tanning; Green-El Industries Ltd., boats; Gummed Papers Ltd., gummed tapes, papers, etc.

Hewetson of Canada, shoes.

IKO Asphalt Roofing Products, asphalt roofing; Ivers Lee (Canada) Ltd., drug packaging.

Komline - Sanderson Ltd., boats and vacuum filters.

Light Concrete Ltd., concrete blocks.

Mastex Industries, polythene film; Moore Dry Kiln, wood dry kilns; Midland Pumps Ltd., contractors' pumps; Mosler - Taylor Safes, safes.

Samuel Osborne (Canada) Ltd., small tools.

Page Bros. Products Ltd., soaps and chemicals; Pesse Foundry Co. Ltd., furnaces and iron works; Pre-Con Ltd., concrete products; Precision, Castek Co. Ltd., woodwork, and baskets.

Regal Die Castings, castings, Rieke Metal Products, closures for drums and pails; Rimac Metal Finishing Ltd., metal finishing; Roseville Farms Ltd., eggs.

Sonco Steel Products Ltd., steel products; Spun Concrete Structures (Can.) Ltd., concrete poles; G. D. Seaple Co. Ltd., pharmaceuticals; Strippit Tool and Machine Co. Ltd., tools.

Thermo Electric (Can.) Ltd., temperature controls.

Union Metal Mfg. Co. of Canada, Ltd., parking meters; Union Screen Plate Co. of Canada, chromium plating; Universal Grinding Wheel Co. of Canada, Smith Manufacturing Co., Usher plastics Division, plastic hoses etc.

Williams Shoe Ltd., shoes.

NORVAL

Terra Cotta Entertains Norval Guide Company

The Norval Girl Guides were entertained by the Terra Cotta Girl Guides at a Halloween party on Friday evening, October 27. They enjoyed singing, skits and Halloween games after which lunch was served by the Terra Cotta Guides.

The Evening Auxiliary of Norval United Church are busy preparing for their bazaar to be held in the Parish Hall, Saturday November 11 from 2:30 p.m. They held their first bazaar last year in the basement of the church and had such a successful event that they were overcrowded, so this year they will hold it in the Parish Hall and hope their friends will turn out again this year.

Mary Clark, daughter of Mr. and Mrs. Arthur Clark, had an unfortunate accident at school last week when she fell and broke her arm near the elbow. She has her arm in a cast now and we hope she will soon be able to return to school.

How to own two cars and still make ends meet.

Buy two Volkswagens. You go your way. She goes her way. And your budget won't know the difference.

Here's why: two Volkswagens will cost you less than one conventional car.

Think we're kidding? Let's get serious: The VW gets 38 miles to a gallon of gas. (More on the highway, a little less in traffic.) You'll never add oil between changes, and when it is time for a change, four and a half pints will do it.

You'll never need anti-freeze because the VW has no radiator. The engine is cooled with air. (Don't worry if you have two Volkswagens and one garage. The VW can't freeze.)

A Volkswagen can be repaired faster for less money. For example, we don't replace half the car to correct a crumpled fender. We can bolt on a new one in minutes.

You may be surprised how little it costs to buy a Volkswagen. We've been able to keep the price low because we never change the basic VW design. We just keep making it better.

Any dealer who sells two cars for the price of one deserves recognition. And a visit.

*Toronto Port of Entry Price of \$1695 includes front bucket seats, spare wheel and tire, heater/desfroster, hood kit and jack, windshield washer, two padded sun visors, directional signals and bumper over-riders.

VOLKSWAGEN CANADA LTD.

This is your nearest Volkswagen Dealer. He is part of a network of 366 official VW service centers right across Canada.

GILMORE MOTORS (GEORGETOWN) LTD

124 Guelph Street TRiangle 6-6782

Trade between nations is a two-way street. West Germany is one of Canada's best customers. And every Volkswagen sold in this country helps Canada to sell Germany more Canadian goods.
