

Six-year-old Billy Beaton of Scarborough, Ont., represents almost every young boy's dream at Christmas—to be president, conductor and engineer of his own railway. Despite space vehicles and satellites, toy trains continue to occupy a top spot on Santa's delivery list.

GLEN WILLIAMS

# Home by Jet For Holidays

Miss Catherine Dillon, whose parents had worked all week to make sure it would be ready and they were certainly well paid for their special effort. Everyone remarked how great an improvement they had made.

Mr. W. McGowan was chairman in the absence of Rev. L. Mrs. Harold Wheeler, skipped her team (curling, that is) to attend the Christmas turkeys. On the other hand, Mrs. Alice Mitchell, lead; Mrs. Joy Noble, second; Mrs. Dorothy Young, vice; and Mrs. Harold Wheeler, skip.

Mr. and Mrs. W. Fendley recently attended the Buckle-up! Christmas party at the Hamilton, Ont. The reception was held at the Bar-Dor Restaurant at Stoney Creek. Wes was master of ceremonies at his nephew's reception.

On Saturday evening parents and children gathered in a cheerily newly-decorated Church school room to have their Christmas party. The United and a Happy New Year.

LIMEHOUSE

# Returns From Visit In the Netherlands

Mr. Albert Leferink has recently returned from a two week trip to Holland where he visited relatives and attended the golden wedding celebration of his parents.

We regret that Mrs. Paul Spitzer is hospitalized in Georgetown & District Hospital where she had a shunt operation last Friday. Her injury was the result of a fall a couple of weeks ago.

# Institute Supports Retarded School

The December meeting of the Terra Cotta Women's Institute was held at the home of Mrs. Art McKane. After the ode and the Collect, President Mrs. Harvey Puckering opened with a poem entitled "Christmas is our Brotherhood." During the business part of the meeting, Mrs. C. Anderson was appointed delegate to Peel Leadership Forum to be held in Brampton, January 23rd. In addition, a donation of \$10 was voted to the Terra Cotta Farmers Community Hall.

White Christmas  
A White Christmas gift for the Retarded Children of North Halton was the answer to the call, together with a recipe for a Christmas dessert. After Diane McKane played Christmas music for the group, Mrs. Howard Dolson gave a reading, "Inside Christmas." The guest speaker, Mrs. S. B. Horwood, of Brampton, after a few remarks on Retarded Children, as she is president of the Brampton Association, gave a splendid address on "What is Christmas?" Mrs. W. Leshe thanked the speaker, and all who took part in the evening's entertainment.

# SNOWY OWL SEEN

Not commonly seen in this area, a snowy owl is reported by a Norval resident. Mrs. Donald Reed, who lives on Colonel Noble's farm near the village, saw the bird one day recently in the orchard. She estimated it would be about three feet long from head to tail.

LIGHT OF HOPE: The scene above will be as appropriate as ever during the coming holiday season. This photograph, taken a few seasons ago, shows Christmas lights gleaming across the iron curtain from a tree erected by West Berliners at the Brandenburg Gate (background), on the Soviet-British border of the divided city. Every year citizens of West Berlin decorate a tree on the border as a symbol of hope to their red-dominated neighbors and a reminder that their hard lot has not been forgotten by the free world.

POINSETTIA CARE  
Proper care will insure a long mended life for the poinsettia plant. Examine the soil twice daily and keep it uniformly moist. Here are some suggestions: Place the plant in a sunny window well away from drafts. Place enough water to wet the soil and excessive heat. A temper-
