

New Motor Licences On Sale January 2nd

Transport Minister Rowntree announced today that the new 1962 Drivers' Licences and Motor Vehicle Permits would go on sale at all issuing Offices on Tuesday, January 2nd, 1962.

He said that people would notice a change this year. "In the interests of the Department's continuing accident prevention program," the minister continued, "we have had imprinted in red across the face of all licences and permits the words, 'SAFETY PAYS.' Now every time anyone looks at one of these documents he will be reminded of the dangers accompanying lack of caution when driving."

Mr. Rowntree added a word of warning that again in 1962 there would be an extension of the deadline for the purchase of new licence plates. This coming year, he said, the deadline would be Wednesday, March 14th, and that after that date all motor vehicles must carry 1962 plates.

The Minister requested everyone to obtain their licences and permits early and so avoid a last minute rush in March, which could lead to long line-ups and inconvenience to purchasers. He said that issuing was done from some 260 Agency offices throughout the Province, and that these offices had ample facilities, to issue all the licences and permits before March 14th, as long as applicants did not wait until the last minute.

Claims Alcohol Accident Deaths

A statement by E. J. Hughes, Ontario director of vehicle accident statistics that only three of Halton County's 25 traffic deaths this year involved liquor, was termed incorrect by Halton Crown Attorney Peter K. McWilliams. Mr. McWilliams said that his remarks at a recent inquest that alcohol was a factor in 44 percent of county highway fatalities was based on blood tests made at the attorney-general's crime laboratory. He explained that the police records supplied to Mr. Hughes were incomplete and not worth the paper they were written on.

He added that he did not forward results of inquests to Mr. Hughes since he had no instructions to do so. "However," he added, "I do inform the provincial or municipal government departments affected by the inquest's verdicts."
