**LEGION NOTES**  
by Andy A. St. Laurent

**THE LEGIONARY**  
The magazine of the Legion is now distributed to every member and through this medium the branches are in touch with activities throughout the branches of the Legion and also through the "Last Post" column they see with clouded eyes the men they served with who have passed on.

All efforts of the Canadian Legion are turned towards the betterment of a future life and with the welfare of Canada in mind.

The Physical Development has taken hold in all branches and will be of a great benefit to the youth of Canada, and as the men and women of The Canadian Legion served during war, so do they keep faith with those of their comrades who are no longer with them; through service to the community, and the ex-service men and women and their dependents, particularly the sick and the disabled.

- DID YOU KNOW THAT:**
- The Legion contributes \$20,000 a year to the development of young athletes?
  - The total value of Legion scholarships and bursaries exceeds \$85,000 a year?
  - Legion housing developments costing \$2 millions provide low rental dwellings for older veterans?
  - Over 18,000 veterans and dependents have been assisted by the Legion's Service Bureau since 1946?
  - More than 20 items of veterans' legislation, requested by the Legion, have been passed within two years?
  - That the Legion's Service Bureau enables individual Canadians to obtain approximately \$200,000 a year in pensions and allowances?
  - That Legion branches are actively engaged in community work in some 2,000 centres?

**GREAT THINGS IN THE PAST... AND IN THE FUTURE TOO!**  
Don't forget general meeting TONIGHT. Excellent sport films will be shown and lunch will also be served immediately after. So hope to see you there!
