PROCLAMATION

RED CROSS MONTH IN GEORGETOWN

TO ALL YOU Georgetown and District Red Cross Society members...
I HEREBY proclaim the month of March as Red Cross month in Georgetown.

W. D. SARGENT, MAYOR.

IT'S OUT
And with it goes all the problems of the old style furnace—ashes, soot, fumes, uneven heat, continual maintenance, bulky radiators, registers, etc.

IT'S IN
Electromode Electric HEAT

"IT'S IN" in a jiffy and you're ready to enjoy immediate, clean, carefree heat, completely SAFE* and controllable to individual room needs. Economical and easy to install, it can be done without upsetting the whole house.

WHATEVER YOUR HEATING NEED ELECTROMODE CAN SUPPLY IT
Electromode Electric Heaters are made in a complete variety of models adaptable to all size rooms in any style home.

(Left) Electromode Low Level Baseboard Electric Heaters radiate comfortable warmth along outer walls and across floor. Modern design, distastefully slim units fit snugly to wall.

(Right) Electromode Electric Bathroom Heater gives you quick, economical fan-circulated heat. Wonderful for year 'round for drying hair, damp towels, and hand-washed items.

SAFE* These heaters feature the Electromode exclusive Safety Grid Heating Element, with all electric wires completely sealed inside a framed aluminum casing. This provides positive protection against fire, shock, or burn.

Robertson Electric

Need Better Facilities For Retarded Training

Says Government Should Aid Instruction Costs

"As early as 130 B.C. the mentally afflicted in Greece were placed in special temples where they were given pleasurable occupations to help them—but since then, progress deteriorated until the last century," said Miss J. E. Mansen, speaking at a general meeting of the North Halton Association For Retarded Children. "Now we span is longer for retarded as it is for all people, and more and better facilities are needed."

With the number of schools for retarded children increasing, there is a consequent need for occupational workshops for those reaching age 18, she said. A stereotyped workshop program is not possible, as each community has its own needs. Finance is a stumbling block as workshops must be supported by public contributions.

60% Retarded
Of children attending the Beverly School in Toronto, over 60% were referred there by the Dept. of Education, she said. Her organization's goal is to have the present group transferred to this to the provincial government.

With the aid of slides, Miss Mansen explained how workshops were started in Metro Toronto and described facilities. A group of parents met weekly to share their problems. A nucleus of equipment secured and a program set up.

Young Adults are Taught
To make, use scales, to meet people, and are even taught to work in a social setting on a time clock which was donated to the school by IBM.

The workshop has had a number of projects, including a sewing class, labelling of wool, assembling contents of first aid kits, etc. A nucleus of equipment secured and a program set up.

Own Workshop
Other occupations include...

their own money raising projects making footstools, printing Christmas cards, sewing Christmas stockings for the hospital schools in Smith Falls and Orillia. Like every one, these young people look forward to pay day, in this case every two weeks when they receive from \$2.00 to \$12.00.

Typical Day
G. G. Adlam, president of the group was chairman for the meeting which was held in Acton and gave brief reports of association history since it was founded in 1955. He gave a history also of the Ontario Association since 1949. He included the CFIO-TV television and the use which will be made of the money raised.

Mrs. R. P. E. Jeffares, principal of the Sunshine School, outlined a typical day there, informing the meeting of several aspects of the school's curriculum aside from academics. These include first aid, manners which are taught by dramatization, health and dramatic rhythm and movement and speech therapy.

Outside Interests
In order to make students aware of outside interests, a simple current affairs session is held. A Red Cross collection box is passed around daily and each child chooses a cause to which he wishes to donate his penny. The girls do a little washing and ironing. With the limited funds available, the new sewing has been done at lunchtime.

Mrs. Jeffares' future plans include broadening the home economics program in the new school which will be held at Hornby. Many articles made by pupils were on display at the meeting.

Will Start Group
Mr. Adlam invited Acton to select representatives to serve on the association executive. At present no one from Acton has such a job. Mrs. M. T. Leahy, president of the Georgetown Auxiliary, offered her services to any group of ladies wishing to establish an auxiliary in Acton. Mrs. Adlam was extended the Auxiliary of St. Albans for the use of their hall for the meeting.

Horticultural Society Hear Talk on Lawn Sodding

Although the lawn is not yet beneath a heavy blanket of snow, members of the Georgetown Horticultural Society were thinking of them as they listened to a talk on "Sodding" at the public meeting in the Howard Wrigglesworth School last Wednesday evening.

Water Supply
The speaker was Harold Roberts of the Hatched Soil Supply Ltd., Waterdown. His illustrated talk, with a question period, dealt with the advantages of sodding and the requirements to be met if a good sod is to be built up and maintained. Water supply is, of course, a critical factor, but the seed from which the sod is grown, the soil preparation and timely applications of manure, fertilizer and weed killers are also important. Some consideration must also be given to rolling and the method of clipping. Robert Barber thanked the speaker for his informative talk.

Pleased With Award
Nutmeg Bird voiced the pleasure of the society on learning of the award to Miss Isabella Preston of the E. H. Wilson Memorial Award, presented by the North American Lily Society for her outstanding contribution to the development of new varieties of lilies.

John Holden showed a part of his fine collection of coloured slides featuring scenes in the Rockies as well as in localities nearer home. His views of the ice break-up in Glen Williams may have made some of the audience a little apprehensive as we approach another spring season.

At the close of the meeting refreshments were served by the social committee.

Blessed is the man too busy to worry in the daytime, and too sleepy to worry at night.

SOLUTION—BECOME A DO-IT-YOURSELFER

SMILING, MARK sidesteps the price hike by becoming the town's youngest do-it-yourselfer, and with scissors, marlin and a comb undertakes to crop the hair of a bushy, Barbara, are being fair in upping their rates which have been below those of surrounding towns for some time.

NORVAL
Buckwald, Carter are Wardens at St. Paul's
The annual vestry meeting of St. Paul's Anglican Church, Norval, was held Jan. 27 in the parish hall. The Rev. Stubby opened the meeting with prayer.

The rector reported a good year with an increase in the church and the Sunday School attendance. There were 11 baptisms and 16 confirmed during the year. A tribute was paid to rector to Mr. John R. Rankin, who has been a faithful member of the Anglican for 67 years. The vestry applauded this notable achievement.

The treasurer's reports were then received, with the church having a balanced budget and the Ladies Guild and Sunday School.

CLUB MIDTOWN
- by STEVE

THE CENTURYS - FRIDAY, MARCH 2nd

- This Friday, a group new to Georgetown, the Centurys (from T.O.) in the following March will be coming up new bands which should be good talent, we hope.
- Well now, it's membership card time on a more a 100 year it is different age n. Old girls on cards are 9 and 10 to be traded for a new one, no charge, of course, if you don't have an old green one you could pay a quarter (if that is not too much).
- The prizes for this week's "Twist" contest will be a fuzzy men's shirt, and a blouse for the girl winner. This must be by the band and not Ernie Thompson or Chubby Checker.
- New committee members include Sharron King (Secretary) and Kathy Aspdon (Secretary), Marg Aspdon (treasurer) and John Benham is the chief advisor and trouble shooter. T. Marshall is the opener and closer-upper of the dance, and Lenie is the treasurer.
- I've only seen the Donna Reed show twice in my life but the last time I saw it, Shelly Fabre sang this song to Benny, called Johnny Angel, not a bad song, but where Benham comes in as Angel, I don't know.

Goodbye until next time.

LEGION NOTES
by Andy A. St. Laurent

The regular monthly meeting of the branch was held on Thursday evening last, with the president David Capperault presiding. A large attendance was anticipated but unfortunately wasn't so.

Our secretary Charlie Day, who is on the sick list wasn't available for that meeting and executive Carmen Kidd took on the duties of acting secretary and read the minutes of the last regular meeting, and executive meetings.

Various committees were heard from, including entertainment, and sick committees. Good reports were given from all a small number of applications were accepted and will be initiated in the near future.

The meeting adjourned at 8:45 p.m. with the closing ceremonies and the national anthem.

As previously announced a couple of weeks ago, I said that our entertainment chairman would have some surprises for us and he did. Some sport films were shown for approximately one hour and afterwards everyone had a couple of healthy helpings of Sam Yantaky's (Corner Cupboard) special stew. I must say, from the comments I've heard, as I wandered from table to table, that everyone was quite impressed with Sam's ability to cook and serve such a delicious stew.

On behalf of the branch, Sam, I want to express our sincere thanks of appreciation for your contribution of time and effort towards our general meeting.

P.S. I hear Charlie Day is up and hopping around. So all the best and see you soon.

Results 50-50 draw: Lucky Winner, Marion Bligham. Ticket Seller, E. Wilcox.

SCOUT CORNER

3rd Georgetown

- The Scouters and Patrol Leaders enjoyed an evening on Sunday, February 25th, touring the control tower at Malton airport.
- 3rd Georgetown have had the pleasure of accepting the request from the new Rover Crew to come under their charter until such time as they hope to have a district charter.
- Since forming, they have had a survival week-end at Lake Simcoe, a winter week-end camp at Humber Glen and last Saturday pitched a tent and served free coffee at the Delrex plaza.
- The crew are honoured to have Joe McConkey as their skip and Jack Livingston as the assistant. To date they consist of Rover Roger Carey, squires Wayne Felbitz, Tom Campbell, Tom Marshall, John Benham, Neil Ellison, Bill Aketu, Gary Herbert, John Adams.

ORANGEVILLE
John Speerly escaped without injuries when the roof of his blacksmith shop collapsed Monday morning under several tons of snow. The blacksmith shop has been operating for 17 years.

3rd Georgetown

The Scouters and Patrol Leaders enjoyed an evening on Sunday, February 25th, touring the control tower at Malton airport.
