BE SAFE

Don't pick up hitchhikers! It is always risky says the Ontario Safety League. The great majority of ride-seekers are quite harmless—but you never know when you may get one of the unpleasant minority.

In a single year New Jersey turnpike troopers made wholesale hitchhiker-pickups for investigation. Here's what they found: 162 runaways, 88 AWOL servicemen, seven persons fleeing mental institutions, five escaped convicts and 500 others with criminal fingerprint records.

We saw crowds over the weekend so that is the first small sign that Spring will come from around that corner.
