### Juveniles Slump, Drop Three Games in a Row

By Bill Richmond  
Georgetown Juveniles dropped a home encounter with Oakville 7-4, showing very little drive. The only line working for Georgetown was Campbell, Cooper and Harvey which produced three of the four goals. Campbell getting two goals, Cooper picking up one and each one of the line picking up an assist. The other Georgetown player was a solo effort by Ken Morrow, who was dumped on a clear break, but still managed to shove it home. Georgetown picked up eight minors and a major. The major going to Murray Marchment for lighting the goal with the Oakville goalie Fitzsimmons. Murray was ejected from the game for intent to injure, hitting the Oakville goalie with his face mask. The team as a whole played very shabby hockey compared to Oakville and their fast moving forwards.

Drop Second.  
Georgetown again dropped their second Wednesday night encounter in as many weeks to Dixie 5-2. Again it was Campbell and Lee Stanfield scored three goals with two to Holmes for the visitors. The penalties were even with two in each. Georgetown looked very poor on this outing, coming nowhere near in this game compared to a previous game with Dixie when Georgetown shelled them 7-4.

In Acton on Thursday night, Georgetown continued in the slump.

Georgetown plays host to Weston Juveniles at the arena on Thursday night and manager Bill Richmond is looking to this game for the boys to emerge from the bad slump they have dropped into.

### Knocked Unconscious When Head Strikes Ice

Frank King of King's Cleaners was released from hospital Sunday morning after being kept for observation during the night as the result of an accident at Georgetown Arena Friday.

Frank lost his balance and tumbled over the boards at the south end of the arena between periods of a Raider-Guelph hockey game and was knocked unconscious when his head struck the ice. When arena attendants were unable to revive him, he was taken to the superintendent's office on a stretcher to await an ambulance. He regained consciousness there.

One of the hockey team's most ardent followers, Frank is the uncle of Raider Bud Vasey.

### Injuries Prevalent as Chelts Top Norval

The second game of the best 2 out of 3 Rural Hockey Playoffs involving Norval and Cheltenham was played here last night too late for publication. However, if Cheltenham copped the win the series is over.

Cheltenham bombed the Norvals 14-4 in the first game of the series in Erie Thursday to take a one game lead over the short-handed Norval team. Jack Kamehood scored twice and Ken McLean and Pete Passmore once in the losing cause.

The two clubs didn't exactly handle each other with kid gloves and Norval tollers game out second best in the injury department. Bill Richardson suffered a broken wrist, Fred Harrison a broken nose, and Ken Hearn had the bridge of his nose cracked in the wild affair. Jim Richardson, regularly a forward, had to don the goal pads when their regular net-minder failed to show.

# BELL LINES

by Lloyd Denby  
your telephone manager

Folks in Georgetown are finding that an extension phone in the bedroom or kitchen saves many steps and adds convenience and security to the home.

### Convenience in the Kitchen

When things are brewing in the kitchen... just keep stirring and reach for your nearby extension phone.

### Convenience and privacy in the bedroom

These trips through the house to take calls are ended forever when a bedroom extension is a few steps away. And when calls are personal the bedroom is an ideal place to make them.

### Added Security

It's comforting to know the telephone is an arm's length away at night... in case of sickness or other emergency.

Wall and table extensions are available in a wide range of colours to harmonize with the decor of your home. Why not call us today at 877-2292. Ask us about extension telephones or speak to the man in our green tunic.

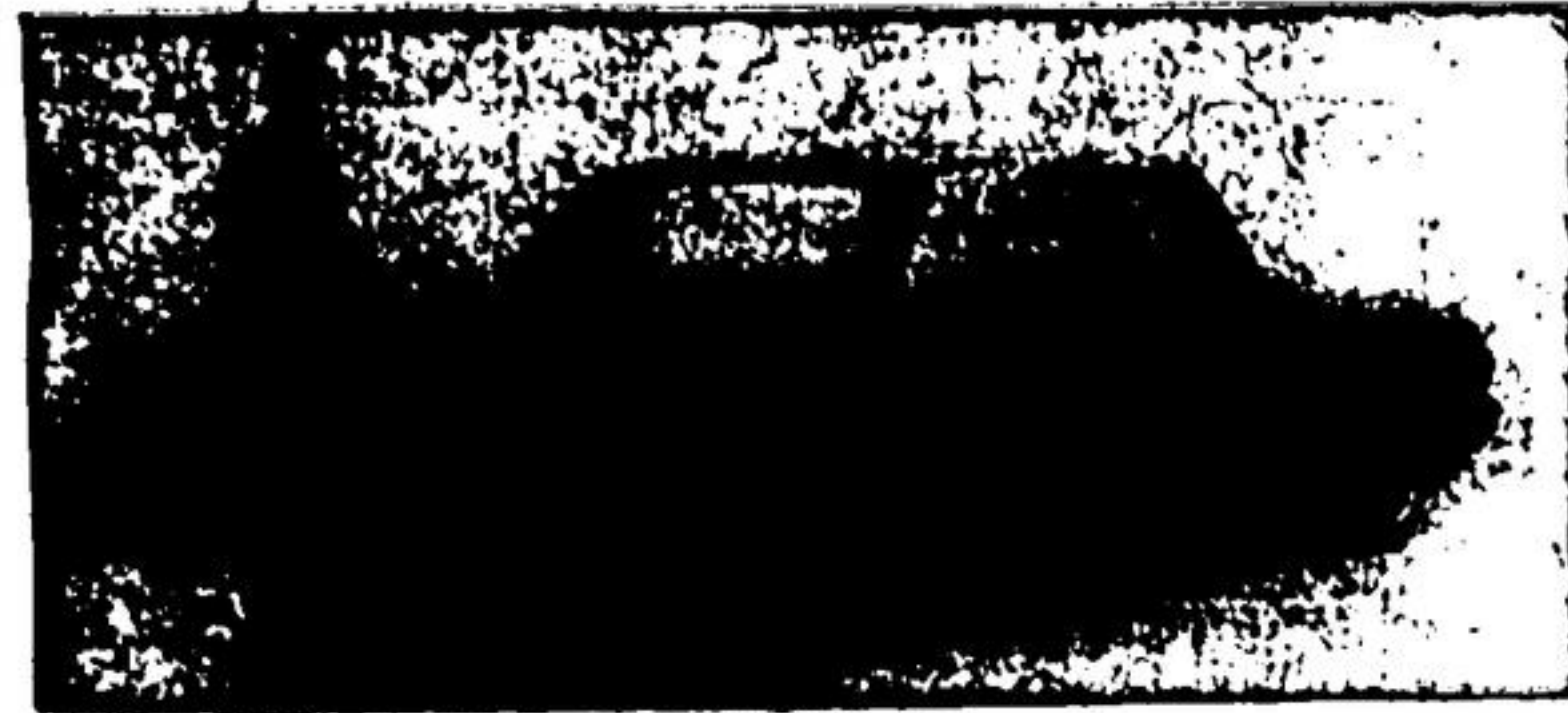

Having customers receive their correct long distance statement with their telephone accounts is one of our most important jobs. However, some customers are being billed for 'wrong number' calls which they have placed via Direct Distance Dialing. When you get a wrong number on a DDD call, please try to find out what community you have reached. In any event dial 0 immediately and tell the operator what happened so that a cancellation of charges can be arranged. Otherwise, it will appear as a completed call on your long distance statement.

### Refuge in a Phone Booth

Many customers tell us how much they enjoy today's phone booths. Walk-up and drive-up phones make it convenient and pleasant for them to call. But a woman we heard about the other day is sure there's no substitute for the booth with 'four walls.' Walking down the street, two snarling dogs halted her progress. She leaped nimbly into a nearby booth, slammed the door and phoned the dog catcher to come around.
