FOR THE PRINCESS RECOGNITION CAME TOO LATE
ONCE A CHAMPION in her own right, Conifer's Princess Ace has finally been recognized by the North American Committee of Canine awards as the top producer of champion rish setters and has been included in the Canine Hall of Fame, the Album of Great Dogs of the Past and Present. But too late. Made the family pet of Bev and Sid Rivett after her retirement, the Princess was at a ripe old age even for a dog, when she wandered onto the 7th line in front of the Rivett's Stewarttown home and was hit and killed by a car last October. The coveted award, citing her for producing Champions, Guarda Siochana, Lance, and Princess Beverly, arrived last month. With Sid Rivett, here is Princess Beverly, Ace's daughter, who will take her mother's place as the kennel dam.

Hepatitis Not Major Says County M.O.H.

Despite rumours to the contrary, there has been no sudden major outbreak of hepatitis in the area. Dr. A. F. Bull, Halton's Medical Officer of Health, said that, although two new cases of the liver disease have been reported in the past week, there is certainly no need for alarm.

Dr. Bull explained that hepatitis is high in late winter and early spring and will lessen as the warm weather arrives. He pointed out that quite often two or three isolated cases will be come an epidemic by the time the story goes the rounds. Dr. Bull believes one reason for the increased reports of cases of hepatitis is the increased awareness of the presence of the disease brought on by recent releases on the subject by the government. In the past, many cases were never diagnosed because people did not recognize the symptoms and never consulted a physician.

10th Line Friends At Birthday Party

On the evening of March 21, a group of 10th Line neighbours met at the Early home for a surprise birthday party in honour of Miss Latze Cross. It was her 78th birthday.

Happy Returns
 A social evening was enjoyed. Mr. Cross with her neighbours in wishing her many happy returns of the day.

Warn Youngsters Of Stone Throwing

Police have asked the Herald to issue a warning to local boys who have been throwing rocks at trains passing under bridges in town.

At this time of the year, especially, everyone should scrub their hands with soap and water before eating and avoid chewing on pencils and finger-nails.

The Georgetown area is one of low incidence of hepatitis. Dr. Bull reported. The reason is that this area and most of the county, in fact has good water supplies and sewage disposal systems.

There is no epidemic in Georgetown.

Served United Church In Western Provinces

Two months after marking his 92nd birthday, Rev. W. C. Murdock died in Belleville General Hospital on March 17th.

Mr. Murdock moved to Belleville two years ago. He had lived in Georgetown during the time his son-in-law, Rev. Morgan McFarlane, was minister of St. John's United Church.

Born in Prince Edward Island, Mr. Murdock served as a minister of the United Church for over sixty years, most of this time in Manitoba and Saskatchewan.

He was predeceased by his wife, Alice Maude Roberts, and leaves a family of three children, Mrs. Morgan McFarlane (Ethel) of Belleville, Clarence Murdock of Toronto and Reginald Murdock of Montreal.

Funeral services took place in Tabernacle United Church, Belleville on March 19th. Burial was in Belleville Cemetery.

View Cancer Film At Ladies' Meeting

Unit C of the United Church Women of St. Andrew's held their monthly meeting, March 27th at the home of Mrs. Don Powers, Rexway Drive.

Sixteen ladies were present and viewed an interesting film on cancer work which was shown by Mr. Powers, who is treasurer of the local cancer society.

Prayers and Scripture reading were from Psalms 96 and 103 and Ephesians, verses 3-8. General business and the Lord's Prayer ended the meeting, which was followed by a social, half hour and lunch.

Scooter Passenger Slightly Injured

Marilan Pettey of 40 Byron St. was treated in hospital for a scraped left leg and an injured shoulder following a collision between a car and a motor scooter on Main Street Saturday.

Marilan was a passenger on the 1959 Lambretta motor scooter driven by Donald A. Burt of 2 R. 1, Georgetown, which collided with the door of a 1961 Comet driven by Marie Hulme of 22 Victoria St. Both were thrown off the scooter, but the driver escaped injury.

The Hulme car has just pulled out of a parking spot on the west side and was making a left turn on to Cross St. when the accident happened. The scooter, which is owned by William Jilts, of Glen-William was travelling south on Main.

NEAR LEADER

Canada ranks second only to Norway in per capita use of electricity.

Quarter Mill Reduction In Halton Tax Take

Cut Road Budget For 6 Mill Rate

In the 1962 budget accepted by Halton County Council last week, the total county levy was set at 6 mills, a reduction of a quarter of a mill over the previous year.

The reduction was effected in the road rate, but the general rate remained the same.

With a six-mill levy, Georgetown, on an assessment of \$14,252,300 will raise \$85,513. However, in addition amounts owing on High schools built under the jurisdiction of the now defunct North Halton High School District Board and the levy to cover the loss on the sale of debentures for the Milton High School, bring Georgetown's complete share to \$132,424.

In terms of assessment the eight municipalities rank as follows: Oakville — \$98,170,374; Burlington — \$88,432,817; Georgetown — \$14,252,300; Milton — \$7,059,512; Mississauga — \$4,482,754; Acton — \$5,587,112; Mississauga — \$7,273,445.

According to the auditor's report Halton County ended the year with a surplus of \$115,480.49. This brings the total Accumulated Revenue Fund to \$309,751.38. From this fund \$100,000 will be transferred for this year's operation costs.

In answer to the ratepayers' unspoken questions, this is the way the money goes:

Budgeted for general County Government, including everything down to postage is \$27,663.

Justice and Protection
 For justice and protection, including such items as court expenses, salary of jail officials and Mutual Aid Fire Commission, a total of \$183,507 (Judges salaries are not paid by the County). For public welfare, covering Children's Aid, Halton Manor maintenance, and grants, e.g. to Retarded Children's Schools, a cost of \$244,850. This high cost of borrowing is shown in the \$433,420 figure for debenture and interest payments in the coming year.

A further \$421,150 will be spent on such things as the museum, reforestation and the County Health Unit. However, a little over half of this amount will be spent on Halton Manor and the new County Building. The \$235,000 for these two items will be provided out of current revenue, rather than adding to debt charges by debenturing.

Next Year
 It is hoped to pay another \$200,000 out of current revenue next year toward the new County Building, reducing the debt amount from one million to half a million.

The meeting closed on a merry note, when Deputy Reeve H. Merry thanked Miss Maxted and Garfield Brown, for the courtesy of their report, and made a motion that they be allowed a couple of days off (at different times), as a reward for their hard work.

Sampson On TV Show

If you were watching "To Tell the Truth" on Channel 9 Tuesday night and a familiar face appeared did you say "I think I've seen him before."

Well, you probably have. It was Gordon Sampson, Vice-President and General Manager of Avian Industries.

"To Tell the Truth" is the Canadian version of the familiar American show of the same name, where "Will the Real Y? Y? Stand Up?" is heard.

Two other participants passed as Gord Sampson, one of the developers of the Avian gyration, and the panel consisting of Stan Helleur of the Star, Bobby Tarnow actress, Bob Hall, lawyer and ex sports commentator, and Dorothy Cameron of the Here and Now Art Gallery, Toronto, were supposed to pick the real McCoy, or Sampson.

None of the panelists guessed correctly, thus earning \$100 for the trio.

It was explained that Mr. Sampson was one of the group of engineers who banded together after the Avro collapse, to launch their own company with the help of local shareholders.

The result of their design and development was the Avian 2180 gyration.

Cars Damaged in Two Town Accidents

A 1952 Buick driven by Paul Marko of 1 Elm St., suffered \$100 damage in a rear end collision on Prince Charles Drive Sunday, March 25th.

A police report said Marko was driving south on Prince Charles behind a 1955 Vanguard driven by David Bryden of 5 Sarah St. when the accident happened. The Marko car rammed the back end of the Bryden car causing the damage to the front end. The Vanguard was undamaged.

Cst. Dave Edwards investigated the accident which occurred at about 8:45 p.m.

Collision on Guelph
 A 1961 Thunderbird driven by Sam Yanaky, 170 Castlefield Ave., Toronto, and a 1959 Olds driven by Fred Maveal, 14 Lorne St., were in collision on Guelph St. Thursday.

Cst. R. D. Whitson who made the report said both cars were travelling east on Guelph, at the time of the accident. The trunk of the Thunderbird was dented and the complete front end of the 59 Olds was crushed when they came together. Neither driver was injured.

Cst. Whitson estimated the damage at \$65 to the Thunderbird and \$500 to the Olds. The accident happened at about 2:45 a.m.

Social and Personal

The many friends and relatives of Mr. and Mrs. F. C. Freestone, 23 Temple Road extend their congratulations and best wishes to them on the occasion of their 49th wedding anniversary on April 6th. Mr. Freestone is 64 years of age and Mrs. Freestone 64, both are enjoying fairly good health considering their age.

LIMEHOUSE Festival Music is Heard on Saturday

An enjoyable evening of festival music was held in the hall on Saturday. Mr. Reed, senior room teacher, called on junior room teacher, Mrs. Hearns, who introduced chairman Mrs. Armstrong of the School Area Board. Pupils sang festival pieces accompanied by music supervisor, Mrs. Kidney, and the O'Rourke girls played their violins, accompanied by their mother at the piano. The Karo orchestra played during the program and for a short period of dancing afterwards. Paul Turner and Robbie Roughley thanked those making the evening possible. Proceeds are towards a bus trip to the museum.

On March 28th, 1962, The Limehouse Mennettes met at the home of their leader, Mrs. Wilson. Twelve girls were present. Mrs. Wilson demonstrated how to make 'Haked Rice and Cheese' and a 'Scalloped Omelette' containing asparagus and hard boiled eggs. The next meeting is to be held at the home of Joy Patterson.

Mrs. E. Sanford and son, Bill, attended the diamond wedding anniversary of Mr. and Mrs. Thomas Lane at the home of their daughter in Weston on Saturday evening.

Mrs. and Mrs. McKelvey and Sharon visited Mr. and Mrs. Sammons on Sunday.

Mr. and Mrs. Wilfrid Greenlee and Mr. and Mrs. Jack Wood of Campbellville visited the A. W. Bentons on Sunday.

Mr. and Mrs. W. T. Mills arrived home this week after having spent three months at St. Petersburg, Florida.

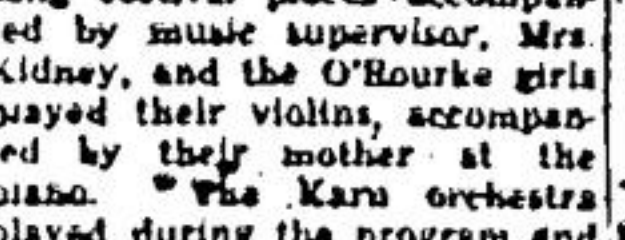

Rev. Norman Young conducted communion services at Limehouse Presbyterian Church on Sunday.

Miss Marjory Hall of Acton visited her aunt, Mrs. Lane, one day last week.

The W.A. met at the home of Mrs. K. C. Lindsay on Tuesday evening last week. Silence was observed in memory of the late Mrs. Fred Brown, a valued member when she was well enough to take part.

OAKVILLE Hiring of cadets for the Oakville police department was criticized on Monday when a replacement was requested for a cadet-radio operator, due to the resignation of Cpl. John Walsh. "Our police force is not large enough to have a cadet system," said one councillor. "I think the system is warranted," said another. "The cadets can do jobs that do not require officers."

CLUB MIDTOWN
 by STEVE

APRIL 6th — THE LUCERNES
 The Lucernes, one of our most popular groups will entertain us on the sixth of April and the admission price is \$7. The Club is rapidly climbing out of the depths of debt and will soon be financially secure, maybe even wealthy?
 Next week we plan a record hop. We have purchased new records for the occasion and we hope they please. There will be prizes also, for this lucky April 13th dance, and bet they'll be goodies.
 Speaking of the Emeralds, we want them and we want them soon — because they were good, better, best, than any girl (Except of course 'you know who.'). Yes, these Emerald fellows certainly do sparkle.
 Be sure and don't look for that column in the 'Brand X' paper, with the same name, Club Midtown.
 Don't forget there are numbers of membership cards at the door this week. If your card matches the number, you go in free, see?
 Note: For the Redco dance this year, we don't expect a big star, but plan on having the Consul on Sat. June 2nd.
