Representatives of most county papers and news media were present. The Member answered questions fired at him by the press, ranging from educational problems to the uranium deal with Britain. Each of the newsmen present received a pkg of bacon, and a picture of Mr. Best presenting it to him. The bacon is a product of his Nassagawya farm. Following the press conference, a packed house listened to a panel discussion in which Margaret Atkin, MP for Huron, John Pallett, MP for Peel, and Mr. Best explained and defended government policy, as well as a spitted attack on the opposition.
