### Toronto Scottish Will Meet the Queen Mother

(Special to The Herald) — Plans are nearing completion for a mass reunion of members of the Toronto Scottish Regiment and the 75th Battalion (First World War), to honour the forthcoming visit of Her Majesty Queen Elizabeth, The Queen Mother, to Toronto June 16.

As Colonel-in-Chief of the regiment, she will be met at city hall by a 96 man guard of honour, under Major F. McKenna. Afterwards, Her Majesty will receive officers and wives at a civic reception.

Following the city hall visit, the Lieutenant-Governor's luncheon will be held at the Royal York Hotel and the head table guests will include the recently installed Honorary Colonel, publisher Roy Thomson, and Lt. Col. R. C. Hillborn, present commanding officer.

All Who Served Major D. R. McKillican, the chairman for the reunion, is extending an invitation to all those who served in two world wars with the regiment to attend the get-together and reunion at Fort York Armories, commencing Saturday afternoon.

He pointed out today that several important records had been lost, containing names and addresses of those who served with "The Scottish."

Consequently, he asks that any former members residing in Ontario try to make the Toronto trip, if possible. If not, he adds, the Orderly Room, Toronto Scottish Regiment, Fort York Armories, would like to hear from any former members by mail.

A heavy turnout is expected for, although the Regiment was mainly recruited in 1939; in Toronto, many enlisted from various Ontario centres, and two full platoons came from Sudbury. Later, during the European campaign, strong reinforcements were added from all prairie provinces.

At least two former commanding officers will be present at the Armories to greet members Saturday afternoon. They are Col. John H. Christie, M.C., and Brig. Guy Gostling, C.B.E., E.D., C.D.

### Eaton Firm Had Start in Glen

In the recent issue of the Chatelaine in an article about Timothy Eaton, you'll see a familiar picture. It is of the building of Mr. J. Wheeler's which we call "the ice cream parlor." It was Mr. Eaton's first place of business. Just think—the T. Eaton Co started in the Glen. How many of you knew that?

The United Church Women met in the fellowship room of the church on Monday evening with Mrs. W. Everson, president in the chair. Mrs. Una Wheeler read the chapter from the study book and the president took the devotional. Mrs. J. Hunter gave a financial report on the anniversary supper held in May and Mrs. F. Engleby gave a report on the successful rummage sale the previous Saturday. It was decided to give the Board of Stewards a cheque toward their expenses. Discussion followed about future catering by the ladies. A dainty lunch was served by Mrs. P. Wagstaffe and Mrs. W. Everson. The meeting closed with a hymn and prayer.

Last Saturday, the Young Peoples group spent the evening bowling at the Brampton Plaza, then attended the show—"Breakfast at Tiffany's."

### LEGION NOTES

by Andy A. St. Laurent

#### WEINER ROAST

Here is a message from your entertainment chairman Ralph Hawes. . . Remember last year's Corn Roast. How could you forget it?

Well it's that time of year again. Ralph and his merry band of helpers are putting on another such night, but this time a weiner roast.

Date — Friday, 22nd June at 2:00 hrs.

Jack Ferguson will be on hand with his piano to M.C. the evening — sing songs, dancing, etc.

The weiner-roasting will be supervised by Chief Roaster Herb Robinson, who tells us he is organizing to have some of the boys from the hockey league to help him with the chores.

Admission will be free, but by ticket only. Tickets are available from Bud Hill, our steward at the branch.

Each Legion member may bring one couple with him as guest. For further details see the notice board at the branch.

#### CANVASSERS

Yes, more canvassers are needed to help with our membership drive. We have

approximately 2,500 phones to cover and 25 committee members are needed allowing 100 calls per member.

There will be a set pattern of questions to follow when making the calls, so no guess work from that angle.

So let's work together. Put your name down on the list provided at the branch. I hope to see the quota of 25 committee members fulfilled by the end of the month so that our campaign can be rolling along nicely by next month.

Early next month a brief meeting will be held in order to allow the membership chairman to pass on information pertaining to the canvass.

#### FIGHT FALLOUT — RENEW IN '62

Let's show the rest of the Ontario branches what we can do here at Branch No. 120 if we all work together. Think of the grand feeling it will give one and all when we pop the top of our membership thermometer.

—50-50 DRAW. RESULTS— Lucky winner, Walt Bradford. Ticket seller, Bob Hill.

—P.S.— I'm offering a bid of \$20.00 for the old piano and bench.

### Niagara Trip For Grade Eight Pupils

By Paul Robinson, Grade 8 Each year Chapel Street School makes arrangements for Grade Seven and Eight to have an enjoyable time on a trip. One year they go to the Parliament Buildings, Star Buildings, and other delightful entertainment places, and the following year visit the Niagara area. This year we had the opportunity to visit the Niagara district.

The first stop on our tour was the Botanical Gardens, Hamilton (Rock Gardens) and there we saw very beautiful and well arranged rock gardens. Then we visited the Jordan Museum where we saw many instruments which the early settlers used to operate their farms.

It was almost eleven o'clock when we arrived at the Well and locks and saw a boat entering and leaving the seventh lock. By twelve o'clock we were at Queenston where we ate our lunch. I had never been to Brock's Monument before and had a very enjoyable time. After lunch we visited Fort George where a guide led us through different buildings and departments. I could never begin to tell you of all the pioneer equipment I saw. There were uniforms, guns, saddles, and other equipment the soldiers of General Brock's regiment used in the War of 1812-14. Over the walls of the Fort and across the Niagara River, we could see Fort Niagara on the American side of the border. We were well on schedule and signed in at the Power Plant (Sir Adam Beck No. 2) shortly before three o'clock. There we saw how the electricity for much of southern Ontario is produced. By five p.m. we had arrived at Niagara Falls where we were allowed one half hour on our own, but we were about thirty-five minutes late getting back to the bus. But Mr. Stein didn't seem to be disgruntled about that little detail. On the way home we stopped at Burlington for about twenty minutes and had fun on the amusements. If I had to stay in Public School for a few more years, I would certainly be looking forward to the trip.

**HORSE-PLAY COSTLY**  
What may seem like harmless horseplay around water can be the cause of terrible accidents. Running, playing, diving from balconies, railings and ledges, swimming under docks and boats for "surprise appearances" might be fun, but inevitably someone must pay for it. Many people are seriously injured, maimed for life and even killed as a result of horseplay. Your Red Cross reminds you to enjoy yourself in the water but **PLAY SAFE.**

Always do right. This will gratify some people, and will astonish the rest.
