

Says Many Visitors View McCarthy Farm

Mrs. E. King was hostess for the September meeting of the Morley Women's Institute on Sept. 12th. Mr. Bill Wilson, manager of the McCarthy farm at Ashgrove and past president of Hallow Junior Farmers, was the guest speaker. He told of the program being carried out on the farm where one hundred acres is planted to apple and pear trees, mostly the dwarf type of apple trees, also strawberries; another 100 acres is used for the herd of beef cattle.

Mr. Wilson showed colored slides taken on the farm and this was interesting to the ladies, learning of such a place, so near to home. A short question period revealed that there were quite a few visitors to the farm including a Russian gentleman with his interpreter. Mrs. M. J. Brown introduced the speaker and Mrs. H. O'Connor thanked him. The excellent motto "Plant a seed character in the home and it will bloom in the community" was prepared by Mrs. C. Wrigglesworth and

We hope to hear more at the next meeting.

MARCHMENT

Advocate of a Junior hockey team in Georgetown are getting more handling for their cause all the time.
Every year since the local Junior C team packed up five years ago, local talent reaching Junior age is either making a berth out of town, showing the equipment away in "math" halls, or tying up with one of the local industrial teams.

The need for the stopping-steps to high leagues was never better exemplified than it is right now. Last month four local players, Murray Marchmont, Doug Vivian, Al Blair and Jack Gudgeon tried out at the Guelph Junior A Royals rookie camp. Marchmont, Blair, Jan Papell brother of St. Catharines' Paul Papell and Red Presswood skated for the talent hunters of a camp held by the St. Kitt's Yee-Peas earlier this month, and Murray Marchmont has been invited back indicating he'll catch on with either the A or B team.

Glen Cooper, Bill Campbell and Jack Gudgeon will be off to Burlington in October to scrimmage with the Junior B's there which are affiliated with the Detroit Red Wing organization. Bill Wheeler was another localite at the Royals camp but Bill of course will be going back with the club he played with last year, Kitchener - Waterloo.
With a Junior club here the fans that have followed the progress of these and other players up through the minor ranks would be able to watch hockey played by good home boys. Milton, because of the loss of their intermediate club, are concentrating on Junior hockey this year and are looking to

The two brothers have been guiding a team in the Santam (N.H.L.) league in the Saturday morning hockey for the past few seasons and their team, which was called Montreal have won the trophy the last two seasons. In the Smith & Stone softball league, the Plax Warriors have taken a commanding two game lead in their best three out of five game series, over the pennant winning Rakelite Golden Hawks.

Hall Brilliant
On the brilliant pitching of Bob Hall and defensive work of the team, the score ended up eight to seven. Tied six all after three innings, neither team scored a run until the eighth; then each team got one making it seven all. In the bottom of the ninth Bob Hillier came in from third on an error by the Rakelite short stop, ending the game.
