Home, School Group Checks Boundaries
Parents attending the first regular meeting of the Harrison Home & School Association night were assured by the president Peter Hedgerock, that the association intended to create a "fact finding committee" to look into the whys and wherefores of the school boundary changes.

He said the committee would make a thorough study of the shifting of pupils from one school to another, the reasons for it, and what can be done about it, and a report would be made to the members of the association.

Urged Support
A number of presentations marked the first general meeting of the school term. The immediate past president, Harold Seckington was the recipient of a past president's pin from Mr. Hedgerock, on behalf of the Home and School Association principals, Harry Knappner, who in turn introduced the members of the teaching staff.

Acton Trounce Acton 37 to 0 in Junior Football
Acton's Junior Football team absorbed a 37-0 mauling at the hands of Georgetown High School's Juniors here Tuesday afternoon, in an exhibition game that saw the Rebels' little brothers emerge as the team to be reckoned with in this young 1962 football season.

The polishing done by head coach K. G. Thompson and his assistant Keith Donald was probably the biggest contributing factor to the success of the Juniors, who looked like an aggregation that could give a senior team a hard time on a grid iron were it not for the weight difference.

Their plays were crisp. The personnel obviously knew their assignment on every play. And their method of setting up yardage were varied enough to keep a defence from anticipating the next play. The days of two plungers into the centre of the line and a kick have apparently disappeared even from junior high school football, the last stronghold of the unimaginative attack.

Popiel garnered half of the Georgetown total with three touchdowns and Keith Gillett, Dave Brewster and Jack Haynes went in for the other major scores. There was only one convert, that by Dave Brewster right after his own 6 point contribution.

An indication of the ball control displayed by the offense is the fact that they had to give up the ball only four times in the entire struggle. The defence matched them in smothering everything Acton threw at them. Phil Lavell sparkled in his punt return role, returning all Acton kicks that he had a chance on into good run backs. There was one injury in the game, that when Gillett turned an ankle shortly after scoring his TD. It was 60 after the first quarter, 18 at the half and 310 after three quarters.
