### EARNED \$100 ON SONNY'S LEFT

**PRESIDENT OF THE GEORGETOWN KNISSEIN Club, Harry Levy holds up the gloved hand of Bert Evans of Peel Village, signifying Bert's win in the Knissein Club's Championship Fight Pool. Bert's ticket read 2-06, the exact time that Floyd Patterson relinquished his crown to Sonny Liston in the first round of their terse encounter. The cheque was presented by President Levy to the winner Friday night.**

### The Lions Den

A dinner meeting for the Georgetown Lions was held at Stan's Restaurant on Tuesday, Oct. 2nd. This was the best attended meeting so far this year, and to top the event we had six Lions from the Aldershot club visit us. We were very pleased to have them and to show them that we have a very strong club in Georgetown.

While we are on the subject of visitors we were also very pleased to have Lion Clarence Kennedy from the Kitchener Club pay one of his many visits. Come as often as you can, Clarence, you are always welcome.

Also at the meeting and we welcomed as a new member to our club, Lion Stewart Hall. Lion Stewart was with the Arthur Lions Club for 12 years, and served as first vice president. He then transferred to the Oshawa Lions Club and here he was a director for five years.

Now Lion Stewart has transferred to Georgetown Lions Club. Lion Stewart is manager of the Master Feed Mills which took over the old Lawson mill in Stewarttown. He has been with the company for 17 years, and is the 2nd vice president of the Ontario retail feed dealers association. He is married and has five sons. He is also a member of the United Church. Lion Stewart and his family will be moving to Georgetown in about one month's time.

We are also pleased to say that Mr. Don Gosling has been accepted as a member and is now a Lion cub. We are starting to feed the goat. Lion Dick Lucia will once again be in charge of the candy and fruit that are given to the children after the parade. More plans were made for the Santa Claus parade. Lion Earl Olson will be in charge of the Santa Claus float.

Our Junior Fire Marshals suggest that you check lamps and electrical appliances in your home for defective wiring. More than 20 per cent of fires are the result of faulty electrical wiring.

### CLUB MIDTOWN

Greetings! I presume everyone has gathered up the energy used at last week's dance as they did last week. What a dance! I have never seen so many people from out of town at one of our dances in quite a while, in fact, since the Christmas party. We were always ready to welcome out of towners, and it shows that our popularity is spreading.

This week we have a lot of things to tell you. No, I'm not going to tell you that I'll leave you up to you to come up and find out for yourself. This dance is going to be one of those secret ones, you know, mom's the word. You think I'm being on the safe side, I'm sorry but then don't you think it will be kind of nice to have a surprise for once? I can tell you that it's going to be different from anything we had yet and if you like getting something free, BE THERE!

Well, like I said, I got the dope on the Lucernes so be prepared for a long reading 'cause these guys are really interesting. The Lucernes had from the Kingston area and have been working together for a year. They started up in August of '61, practiced long and hard and then went out to face the world. There is no leader of the group as these guys get along so well together, they don't need one. The singer is Bob Smith.

(Bobby J.) Bob is 19, attended the University of Toronto where he finished one year and then went out to work in an office. Bob was originally one of the original Lucernes and has been doing a great job of singing all the songs we liked to hear ever since.

The man on the drums is 23 year old Wayne Briceland - (Warmer). Wayne attended De La Salle College and completed 5th form. He finished college when he was 10 and is now working as an electronics technician. Among other things Wayne was the champ at school for running the 100 yard dash and was formerly a member of the Silhouettes. May I add he is a terrific drummer.

Twanging out the bass guitar is Gary Mathews (Gar). Gary is working out his last year at Richview Collegiate. He is 19 and was formerly a member of the original Lucernes. Gary does a stupendous job on the git box and of course makes us all feel good when he flashes that smile of his.

On the piano we find Doug Duff (Duffer). Doug is 22 and in his third year at the Ontario College of Arts. He was formerly with Pric Farrow's Four and sure knows how to make the ivories move us.

On the other guitar is Jim Tor Marsch (Jarmie). Jim is 19 and is in his second year at the University of Toronto. He was also formerly from the original Lucernes and does a fantastic job on the guitar.

As you can see these guys are not only FABULOUS artists, they are also very well educated. I don't know if all of you realize this or not, but there is a lot more than just talent required to make a great band. It takes the ability to put on a good show and more important each member must protect personality. That is a big bill for any group to fill but the Lucernes do. AND HOW! I wish that everyone (or two) of

#### Scores Minister For Racial Stand

71 Trench Street, Richmond Hill, Ont., October 3rd, 1962

The Editor, The Georgetown Herald, Georgetown, Ontario.

As a Canadian I am sick with shame and disgust over the Rev. E. L. H. Taylor's telegram to Governor Ross Barnett of Mississippi, his letter of October 3rd to the Toronto Daily Star and his subsequent appearance on television concerning the enrolment of James Meredith at the University of Mississippi. I do not believe a Christian can harbour the feelings he has so vehemently displayed.

Surely this man is not capable of the duties of a Christian minister. I cannot help but feel he is in need of psychiatric help.

I hope Canadians everywhere will hasten to disavow Mr. Taylor's stand.

Yours truly,

Mrs. N. L. Brown
