

OLD TOWN MILL WILL DECORATE NEW BELL TEL BOOK

GEORGETOWN IS REPRESENTED on the front cover of the new Bell Telephone Company directories which will be in the mails next month. A commissioned artist sketched the above picture of the Old Lower Paper Mill on River Drive for the Bell this summer to be used on the cover. The last book carried a sketch of the Dufferin County Municipal Building and prior to that it was the Mallon court house that occupied the place of honour.

Halton County Above Average Retail Buying Power Shows

Average Family Income Was \$6541 Last Year

Halton County stands out as a strong market, with a buying power that is better than average. The finding is based on an economic survey covering the past year's business activity in communities throughout Canada and the U.S. Despite the fact that the two countries were just emerging from a depression, the effects of which carried over to the early part of 1961, business locally showed a rapid recovery.

The copyrighted report, which gives figures on income and spending, community by community, has just been released by Sales Management. It shows that income in Halton County was high in the year. After payment of personal taxes, there was left a net of \$193,601,000, an increase over 1960's total of \$179,306,000. How much this amounted to, at the family level, was determined by dividing the income by the number of the households. The average per household was \$6,541. It compares with \$5,527 per household in Canada and with \$6,247 in the province of Ontario.

Spending Freely
What was done with all this money? For several months local consumers continued spending cautiously, as they had during the depression. Then, as the signs of the upturn became more convincing, they began to loosen up. Toward the end of the year, when the economy was again in full swing, they were spending freely.

University Chapel Scene For Local Girl's Marriage

The Chapel of McMaster University College was the setting for the September wedding of Elizabeth Ann Sloan and David Michael Singleton.

The bride, a former graduate of Georgetown High School and now a student at McMaster, is the daughter of Mr. and Mrs. W. S. Sloan of Columbus, Ohio. She has previously lived on Ileswan Crescent in Georgetown.

The groom, a graduate student in Chemistry at McMaster, is the son of Mr. and Mrs. H. F. Singleton, Union, Pa. He received his B.Sc. degree from Queen Mary College, London University and is currently working on his Ph.D. in Organic Chemistry at McMaster.

The ceremony was performed by the Rev. J. Thomas and the organist was Prof. E. Thompson. Organ selections were "The Wedding March" from Lohengrin, "Du Blat Wie Eine Blume" by Schumann and "Praise My Soul, the King of Heaven."

Illusion Veil
Given in marriage by her father, the bride wore a street-length gown of white lace with bell-shaped skirt, round neckline and long sleeves. Her shoulder-length illusion veil was held at the front by a white velvet rose. She carried a bouquet of gardenias and red sweetheart roses and lily.

Champagne-Brocade
Ushers were Mr. Paul West of Hamilton, a graduate student in Chemistry at McMaster and Dr. R. A. Rothbury of Hamilton, of the Chemistry Department, McMaster University. The bride's mother was gowned in a champagne brocade dress and duster coat, a

Retail Business

Halton county is given an index rating of 5077, which means that it is considered capable of producing that percentage of Canada's total retail business. Since less than that was done last year, 4450 percent, it is apparent that some of the local business potential is yet to be realized.

New Books at Library

Scenic Beauty Is On Our Doorstep

The natural beauty of the Rockwood gorge, with its sculptured rocks and caves embellished by autumn foliage was well portrayed in a series of slides shown to the Georgetown Horticultural Society at its October public meeting in the Howard Wigglesworth School last Wednesday evening.

The showing was arranged through the courtesy of Mr. Frank Schneider of Rockwood and brought home to the audience the possibility that, in the quest for beautiful scenery abroad, we may overlook something equally interesting at home. J. Herder was chairman for the meeting and A. E. Taylor voiced the appreciation of the meeting to Mr. Schneider and his projectionist, Mr. Hiltz. The latter part of the meeting was devoted to a plant exchange — which made possible the transfer of many interesting bits of plant propagating material, Harris. The Mystery of the Strange Message, Bly. Refreshments were served at ton, The Mystery of Tally Ho Cottage, Blyton.

RUNNING BARE?

Milton Fire Brigade picked an inopportune time to pull a surprise fire drill at Williams Ave. High School Friday. They caught a class of girls in the midst of a shower following one of their gym classes.

The girls, according to the chuckling firefighters, regained their composure, and their clothes, and sped from the building in record time, despite the handicap. The drill was part of Fire Prevention Week activities in Milton, and an annual event.
