

DON'T LOOK FOR THESE FOUR FRIDAY

ALF TROTTA

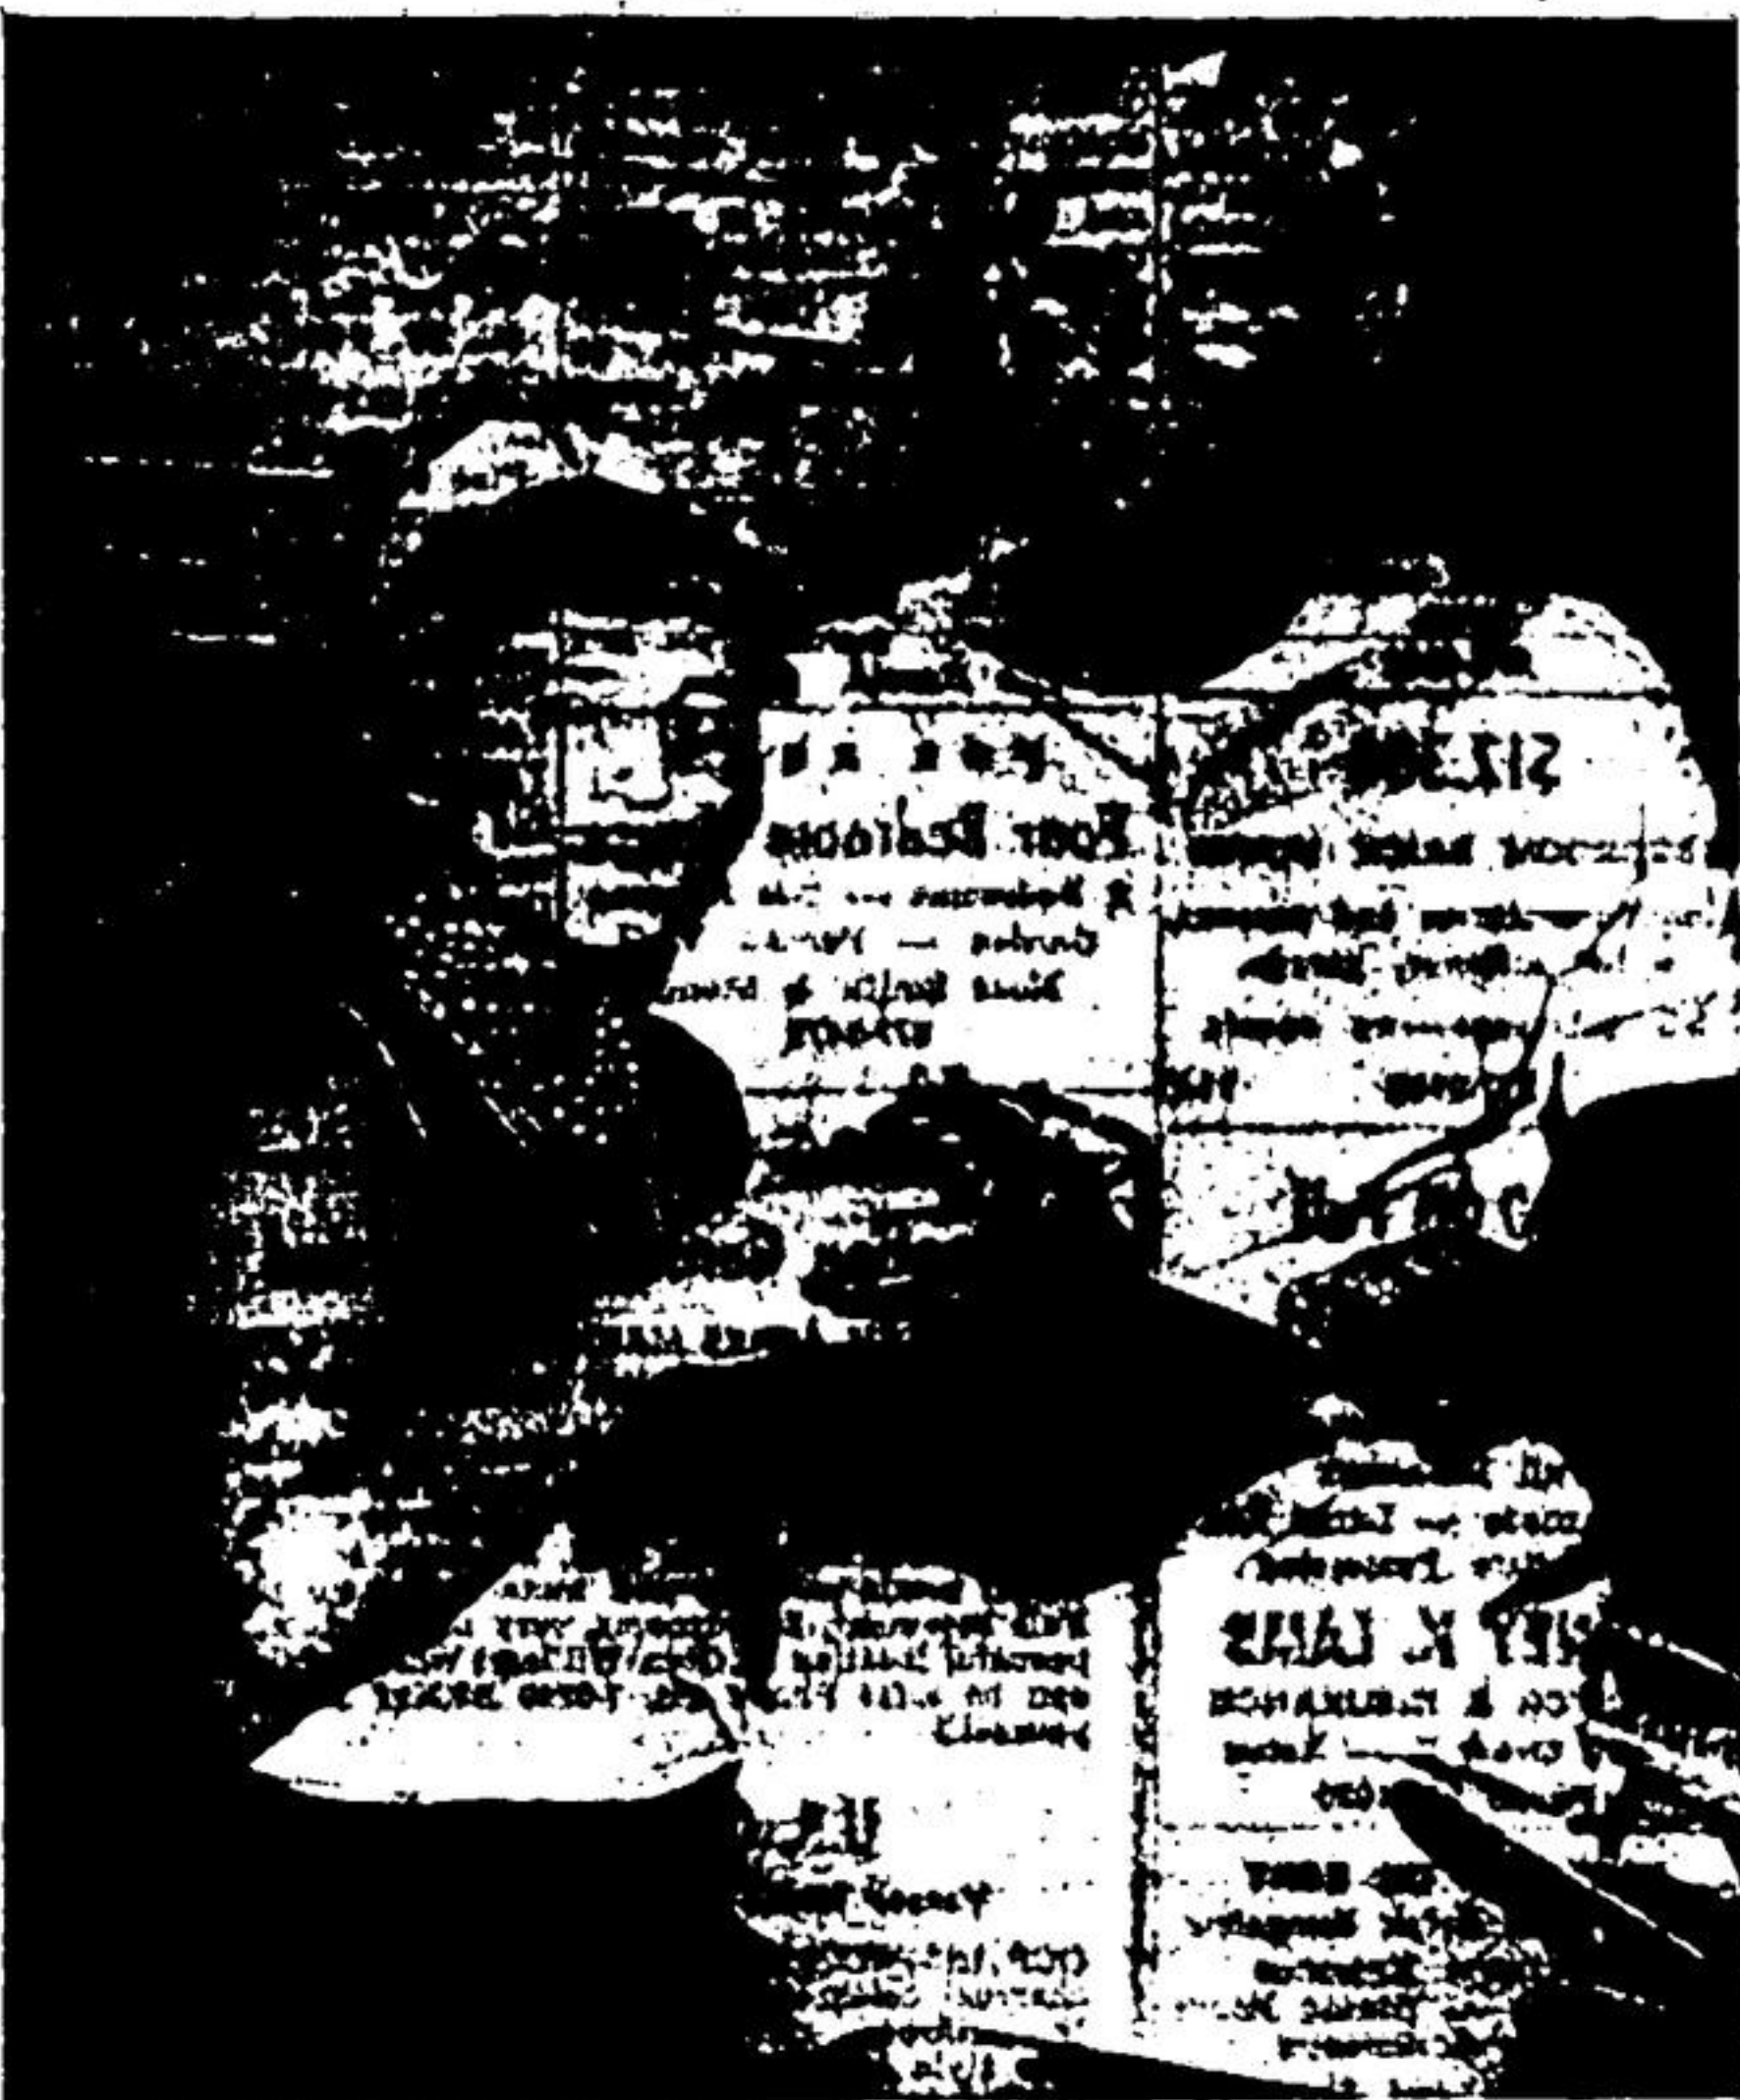

DOUG FALBY

JOE AUGER

FRASER DUNN

IT WILL BE a new look Raider hockey team fans will be watching in the opening game of the COHL here Friday night. New talent is arriving so fast it's difficult to keep track. Checking off the discards isn't so tough. Definitely out of 1962-1963 Raider plans are Trotta, made expendable when J. D. Cameron became Raider's second goalie, defenseman Doug Falby, and forwards Joe Auger and Fraser Dunn.

HEROES AND HEAVIES ASSEMBLED AT MASQUERADE

EMMO UZELI (Aladdin) and Matt Todd (Brutus) were the prize winners at the Riviera Masquerade Saturday, but ...

ALAN (FIDEL CASTRO) HARKNESS got a lot of the laughs. Like the character he represents, Alan too can blow up a storm, but with a sax.

New Tomato Variety Gets Name "Venture"
 It comes into production at about the same time as the staked varieties, Harkness and Vogue.
 A new early market tomato developed at the Horticultural Experiment Station, Vineland, has just been named "Venture". This variety has been grown by some of Halton's market gardeners while under the code number 11-1-12B-1. The plants are small, compact with only a moderate amount of foliage similar in size and plant-type to Fireball.
 Fruit of this variety is medium-sized, slightly smaller than Fireball, but remains very uniform. Normally there are very few blemishes or misshapen fruit, and fruit cracking is less severe than it is with many other varieties. In variety trials at Vineland, Venture has been the earliest dwarf variety. Although Venture is not suitable for staking, it comes into production at about the same time as the staked varieties, Harkness and Vogue.
 Venture should be grown in the same way as Fireball. At planting time, plants should be only 8 weeks old with no fruit or even open flowers on the plants at that time. Heavy fertilizing is necessary to ensure adequate growth. A careful spray program to control early blight must be followed to retain the sparse foliage.
 Dr. John Wiebe and P. J. E. Albers of the Horticultural Experiment Station have developed this variety for earliness and good fruit appearance.
 "Moonlight increases the amorous activity of lizards," - Newspaper Filler. This is another item in support of the theory of evolution.

OAKVILLE OAKS OUTBID RAIDERS PLAYING "PRICE IS RIGHT"

It will be Junior Beaumont, Blake Inglis and Moe Gal and up front and Gord Thompson and Gerry Inglis on defense when Raiders face off with Dundas in the opening game of the COHL Intermediate A schedule here Friday night.
 Scotty Patterson, who will be running the club from the bench said he'll ice Gary Luyben, Bob Demerse and long lost Raider Blackie Graham as his second unit Friday, with Doug Richardson, Wayne Thompson and Dave Irons as his third line. Completing the defense will be another newcomer, Moe Zubachek and Wally Magdy.
 Making his debut late last night in a hockey show a year of Junior A with Brampton last season will be J. D. Cameron who Scotty has called on to fill the net.
 Glaringly absent will be Raiders prize catcher, Jackie Price and his sidekick Larry Shaker. After all but officially throwing his weight with the Raiders in a talk with President Fred Munro following a practice session here, Price notified the local club in a polite letter last week that he and travelling companion Shaker had chosen to play elsewhere.
 Oakville Oaks as their 1962-63 club ... It ... a more aggressive deal.
 Both attempting to strengthen the team's potential Raiders officials are chasing Bob Demerse of the 1962 Toronto Marlboros, and Whitney Youngburg who had a stint with the same club, as well as seeking competition.
 Four Raiders not to look for are Alf Trotta, Fraser Dunn, Joe Auger and Doug Falby. They won't be back.
 Barry Smith will see his first action between the pipes in the Raiders first away game Sunday in Port Colborne. Next Friday it will be the same two teams in front of Raider backers.

Hockey Midgets Shine In Pre-Season Tilt

Georgetown Midgets defeated Weston Midgets on Wed. Oct. 17, at Weston, 7 to 1 in first exhibition game of the 1962-63 season. Georgetown Midgets have been attending summer hockey school at Weston and should be in top shape when the tri-county schedule opens.
