You've Won the Jamaican Holiday"

MRS. CHUCK HILL, 12 Victoria Cresc., receives the news from Jaycee president Gord Sampson that she has just purchased an expense paid trip for two to sunny Jamaica for \$50. Mrs. Hill's ticket was drawn at the Jaycee's Annual "Jamaica Holiday" at the Riviera last Thursday. At press time Chuck and Nadine were still pondering whether to take the West Indian trip or the consolation cash.

Vote Down Amendment Proposed by Harley

Ottawa (Special to the Herald) — An amendment to the Food and Drug Act, proposed to the House of Commons here this week by Dr. Harry Harley, MP for Halton, was voted down by a 67 to 31 margin in committee.

During debate on proposed changes to the act, introduced by health and welfare minister J. W. Mantleth, Dr. Harley urged that the definition of a drug in one clause be broadened to include any substance that naturally occurs, and is not necessarily manufactured, sold or represented under the meaning of the word drug.

"I am thinking of naturally occurring substances which, under certain circumstances, could be poisonous," Dr. Harley said. "I am thinking specifically of ergotrypsin beans which have been mentioned in this house on previous occasions."

Mr. Mantleth said that the definition of drug in the act includes any substance or mixture of substances and his information from the Dept. of Justice is to the effect that the amendment proposed by Dr. Harley would plug any possible loophole in the act.

Mr. Mantleth disagreed and said that a drug is defined broadly in that it includes any substance or mixture of substances. When the committee took a standing vote on Dr. Harley's amendment, it lost with 67 nays and only 31 yeas.

HORNBY

Testimonial Dinner Honours Church Group

A very pleasant dinner meeting was held at the Surf Restaurant in Milton on last Wednesday noon when the members of St. Stephen's W.A. and several friends were entertained by Foster Brain, one of the senior members of the congregation, who wished to honour this hard working group of women as a fitting part of the 125th anniversary services of St. Stephen's, Hornby.

The ladies certainly enjoyed their treat and the president of the W.A., Mrs. Frank Weller moved a hearty vote of thanks to Mr. Brain for his kindness. Those present included Mrs. Frank Weller, Mrs. Howard Bradley, Mrs. Ernie Price, Mrs. Ted Robinson, Mrs. Carl Saunders, Mrs. Jack Roye, Mrs. John McCarron, Mrs. Henry Gorter, Mr. Foster Brain and the Rev. and Mrs. J. E. Maxwell.

Get well wishes are extended to Harold Robson who underwent an appendectomy in Milton District Hospital last Wednesday.

The Rt. Rev. Heber Wilkinson, assistant bishop of the Diocese of Niagara was present at the Remembrance Day service at St. Stephen's Anglican Church on Sunday morning. He dedicated the new church doors that had been presented. "To the Glory of God and in loving memory of Mr. and Mrs. Marcus Russell and their daughter Isabel" by members of the Russell family.

Happy birthday to Jimmy Death on his ninth birthday on November 17th and to Iris Crow on Nov. 21.

Congratulations to Mr. and Mrs. Lloyd May on their 20th wedding anniversary on Nov. 21st.

Douglas Leslie, Ken Hearne, Herb Wilson, Edward Robertson, Dunn and Nels Robinson are deer hunting on Manitoulin Island for a week.

Lovell First President Kennedy Home & School

A new Home & School Association was formed Wednesday night when some fifty parents voted to establish the George Kennedy Home & School Association with meetings to be held the first Wednesday of the month.

The first executive elected consists of Mr. Mervin Lovell, President; Mr. Peter Hurst, and Mr. Frank Hayward, Vice Presidents; Mrs. R. McNeilly, Recording Secretary; Mr. G. W. Corbett, Treasurer; and Mrs. J. Powell, Corresponding Secretary. The five executive members elected were Mr. R. Hetherington, Mrs. J. Watson, Mrs. S. Panting, Mr. K. J. Derby, and Mr. G. Douglas. The installation of officers was conducted by Mrs. A. W. Mason, President of the Oakville Council of Home & School Associations.

The vote to form the organization was taken after Mr. R. A. East of Hamilton, District Organizer outlined the aims and workings of such a group. "We are not a social organization nor a money raising group," said the speaker, "but a group to study the needs of the pupils, with the cooperation of the teacher and principal." She stressed that the Association does not want to burden the teacher in any way. She felt the planning of an interesting programme is the only way to keep the members coming back. "Plan well ahead," she advised, "possibly using panels, films, skits or discussion group."

She traced the history of the Home & School from its inception in 1918 by Mrs. A. C. Curtis, to its present 1500 associations with 130,000 members. "We are a non-sectarian, non-partisan, and non-commercial organization," she explained.

"We do not favor bingo, raffles or the exploitation of children by ticket selling." According to her, the constitution each group is allowed one money raising venture each year.

Mr. H. Lever, a parent in the audience, asked if they could explain why so many groups started and then after a while collapsed. Mrs. F. J. Taylor of Hamilton, area vice-president of the Home and School Federation replied that the usual reason is they start off on the wrong foot. She also felt that the associations who founders usually do not maintain close contact with either their local area council, which is specifically set up to help them, or the Ontario Federation.

It is important that every one observe the following precautions:

1. Avoid contact with all wild animals, living or dead.

2. Family pets, cats and dogs, should be vaccinated against rabies by a veterinarian.

3. Abnormal behaviour, of any animal, wild or domestic, or the presence of any sick or dead wild animal should be reported immediately to the nearest Health of Animals Veterinarian (Federal Department of Agriculture), the local Health Unit Office, the Dog Control Officer, or the local police department.

4. Bites and scratches from any animal should be reported as soon as possible both to your family physician and the Medical Officer of Health, or local Health Unit Office.

5. Family pets should not be allowed to run at large, so that contact between pets, and contact of pets with wild animals will be reduced to a minimum.

Mrs. A. W. Mason, president of the Oakville Council, then explained that the function of the Council was to give guidance in any way. They will suggest programming, hold work shops, and have leadership training sessions. "This will be the 22nd Association under the Oakville Council," she concluded.

Following the installation of officers, Mr. J. Mintern representing the Public School Board, wished the new organization luck and promised every cooperation of the board.

All members joining the first night will become charter members, and have their names inscribed on the charter.

WHAT COUNCIL DID

Schools Can't Expect 5% Recreation Lands

Indication that Georgetown council does not favour using subdivision lands earmarked for recreation as school sites was contained in a motion passed at the Nov. 12th council meeting.

A fox that was acting rather strange was seen passing close to the buildings on the Wm. Robinson farm last Tuesday. It went on to the Jim Reid farm and was seen fighting with a dog. Several farmers started to look for the animal but it disappeared. On Friday evening a fox was shot in Claude Pickett's barn where it was chasing a cat. It is believed to be the same fox and acted as if it had the rabies.

Stephen Charles, infant son of Mr. and Mrs. Jack Thorpe, was baptized by Rev. J. Hill at the Hornby United Church afternoon service on Sunday, November 11th.

Museum Curator Has Xmas List

With 900 items in Halton museum already catalogued, curator Major Hal Newman made out a Christmas list this week and asked for "canisters, dry sinks, tomb back chairs, warming pans, weather vanes, lamp stand parts, pine candlesticks, ladder back chairs, copper bowls, kettles, drop leaf tables and flour scoops." Now he's waiting for Santa.

Fire place

Next week the fireplace in the museum will be complete except for the crane he is making for it. Wiring has been done and space heater prepared so he can continue work for an opening in the spring. Fire extinguishers and a fog nozzle for hose have been purchased.

Just Two

He says with amusement that the Toronto publication "Current Events" lists in its museum section only the Royal Ontario Museum and the Halton county museum.

NDP's Urge Voters Attend Nomination

SI HOWTON CR. GEORGETOWN, NOVEMBER 13TH, 1962

The Editor: Georgetown Herald.

Dear Sir:

We would like the following letter to the taxpayers of the Town of Georgetown published please.

"Do you have a vote, Mr. and Mrs. Taxpayer?"

"Is your name on the voters list?"

"Do you intend to exercise your franchise?"

"Your answer should be a resounding 'Yes' if you qualify on the first question."

"It is both a privilege and a responsibility, to be carried out with the thought that you and you alone can make

your community a better place in which to live."

Did the councillor representing 'your' ward keep his promise — made last year Yes? + No?

The answer to this, again exercise your God-Given Rights.

Has present council lived up to the expectation and trust placed in them last election day?

Can you give an honest answer to this question?

We are sure that there are enough civic minded people in the Town of Georgetown that realize existing conditions in the community fall far short of being ideal.

When was the last time, Mr. and Mrs. Citizen, that you attended a council meeting?

The present state of apa-

ly among the taxpayers of Georgetown suggests that something is wrong — where, council perhaps? Nominations are stated for Thursday evening, Nov. 22, 1962 to go and listen and listen well. Present council for a new term of office and NEW candidates for next year's council can be heard, platforms, personal achievements, personalities and accusations.

all will be aired and be lieve me need come airing.

We hope, Mr. and Mrs. Georgetown we have irritated you slightly, antagonized you a little bit, but if we have succeeded in increasing the overall vote 1 per cent then we have succeeded.

THE NEW RELIABLES

ONLY CHEVROLET OFFERS THIS PROVEN PAY-OFF IN POWER, PERFORMANCE AND DEPENDABILITY

1963 Chevrolet trucks proved their mettle before they went on sale. To do this, six Chevrolets were taken across the continent for a 2,000 mile shake-down run through some of the wildest terrain in North America—the Baja California peninsula in Mexico.

Chevrolet's power, performance and dependability paid off—the entire run was completed without a breakdown, failure or delay; and with only normal maintenance! That's how '63 Chevrolet trucks get the name "The New Reliabilities".

This proven reliability is built into every '63 Chevrolet truck. Whether you run 'em cross-country or cross-town, '63 Chevies will deliver what they promise!

Get the facts today, from your local Chevrolet truck dealer, then you'll know—Chevrolet pays off!

NEW POWER: For '63, Chevrolet has two new engines—a 230 cu. in. Six (140 hp) and a 292 cu. in. Six (165 hp). Both are equipped with four-speed transmissions, positive clutch release and a new front end with Delco self-aligning front wheels.

Chevrolet's power, performance and dependability paid off—the entire run was completed without a breakdown, failure or delay; and with only normal maintenance! That's how '63 Chevrolet trucks get the name "The New Reliabilities".

This proven reliability is built into every '63 Chevrolet truck. Whether you run 'em cross-country or cross-town, '63 Chevies will deliver what they promise!
