AUTOMOTIVE, CARBURETOR AND ELECTRIC SUPPLIES FOR THE NEW VOCATIONAL WING GEORGETOWN & DISTRICT HIGH SCHOOL

**Community Enrolment Underway by P. S. I.**

On Monday, Feb. 4th, 1963, the much talked about Halton County Community Health Plan opened for enrolment. The plan which was developed by P.S.I. and which is supported in principle by various

municipal councils, is available to any permanent resident of Halton County on an individual basis, regardless of age or present condition of health.

In 1962, a pilot project was conducted in the Town of Acton, resulting in some 78 per cent of the residents subscribing to the plan. Gerald

Lynch, spokesman for the plan indicated that better than 38,000 people are presently covered in Halton through their place of employment and that this enrolment would now make it possible for unenrolled residents to buy the plan on an individual basis.

P.S.I. has been conducting Community Enrolments in various counties throughout Ontario, and recently have offered the plan to residents of Victoria County, Dufferin County and now Halton County.
